PHS Senior Writes Top Jointure Essay; Women Win Prizes

Pottstown's womenfolk made a clean sweep of \$150 in US bonds in the essay contest on school jointure, sponsored by Pottstown Republican club, it was announced yesterday.

Winner of the grand prize of a \$50 bond for the best essay regarding viewpoint was Jessie Matthews, a Senior at Pottstown Senior High School.

The two winners of \$25 bonds for the best essays favoring jointure were Mrs. Stephen Titanich, Pottstown RD. 3, and Mrs. William R. Pengelly, Route 422, Limerick.

Awarded the two \$25 bonds for the best essays opposing jointure were Mrs. Raymond Strohl, Upper Pottsgrove, Pottstown RD. 3, and Mrs. Alan Ross Lysinger, Perkiomenville RD.

THE ESSAY QUESTION was whether West, Lower and Upper Pottsgrove should join Pottstown in having a unified school program at the junior-senior high school level.

Mrs. Lysinger, while opposing this form of jointure, was in favor of a jointure among the three Pottsgroves—a question that also is in the public eye now because of studies on the two forms of jointures being made by the Pottsgroves' school boards.

Dr. R. K. Glocker Voted Into College At Clinical Parley

Dr. R. K. Glocker, Royersford and Pottstown physician, has been elected a fellow of the American College of Surgeons, it was announced yesterday.

He was inducted into the college at the conclusion of its clinical conference the past week in Chicago, Ill., which he attended.

He is the second Pottstown physician to be elected to the college. The first was Dr. Eugene T. R. Stone, 816 Dr. R. K. Glocker High street, obstetrician and gynecologist.

Dr. Glocker is a graduate of Ursinus college and Jefferson Medical college. On the staff at Pottstown hospital for nearly 20 years, he was elected chief of staff this year.

In Royersford, he has his home and office at Seventh and Main streets. His Pottstown office is at 23 South Evans street. He is married and the father of one child.

Dr. Glocker now is on a trip to the West coast from which he will return Oct. 21.

M. Irene Boyer Dies; King's Daughters Head

By FRED C. SELBY
(Mercury Staff Writer)

M. Irene Boyer, 88-year-old president of Pottstown chapter, King's Daughters society, who had been a borough school teacher for 47 years, died yesterday morning at 5:40 o'clock in The Evergreens, Kenilworth nursing home, where she had been bedridden for three years.

One of Pottstown's best-known older residents, she was noted for her work with the King's Daughters in founding Pottstown hospital, as well as for her long teaching career.

Miss Boyer—"Dolly," as she was known to hundreds—became critically ill two weeks ago. She lapsed into a coma the past Thursday and never regained consciousness.

Before this last critical illness, "her mind was very clear," it was reported by Mrs. R. Conrad Miller, 1111 Sembling avenue, whose husband was a cousin of Miss Boyer's.

M. IRENE "DOLLY" BOYER

THROUGHOUT her three years of being bedridden, Miss Boyer remained cheerful.

"I'm perfectly content," she told a newsman. "I have my reading. I have plenty of visitors, and I never shed a tear over myself."

Continuing to hold a fond spot in her heart was the Pottstown King's Daughters chapter. The chapter returned the feeling, keeping her as its president even in these last years when she could not take an active part in its work.

Until her last illness, she was kept posted on the activities of the King's Daughters and of the many other groups in which she was interested, through the visits of friends.

During a week she would have as many as 17 visitors and remained cheerful.

Rapid Transit Buses To Halt During Rites

There will be a five-minute pause in Pottstown Rapid Transit company bus service at 10:30 o'clock tomorrow morning.

A requiem mass for John W. Healy, late president of the bus company, will begin at that time in St. Aloysius Catholic church.

The buses will stop as a mark of respect, the company announced.

Slate of Officers for Elections Named By Orioles Lodge, Home Association

Pottstown's Fraternal Order of Orioles, Nest 150 and Home association changed two of their by-laws last night and nominated slates of officers for next month's annual elections.

Henceforth, the lodge will meet only once a month instead of twice a month. Meeting night will be the fourth Monday of each month.

The two exceptions to this schedule will be the months of October and November. Because the annual nomination and election of officers take place during these months, two meetings will be held, the second and fourth Monday of the month.

The eight are Earl Shirey, Raymond Harp, James Carr, Arthur Reynolds, Eugene Mohl, Harry Zellner, William Haring, and John Yonkovich.

All of the above were nominees from home association posts.

JAMES KRAUSE was renominated financial secretary of the Orioles lodge for the 29th consecutive year with out opposition.

Ammon Heydt was named treasurer; George Shaner, recording Lazenksi, vice president.

MEETING SET FOR OCT. 20 ON DUMP PROBLEM

Officials, Committee Will Seek Answer To Menace

COUNCIL HEARS CHARGES BY BOROUGH FIREMEN

The borough dump fire smoldered anew in council chambers last night.

After the crisp and colorful description by firemen you could almost taste the stinking smoke which drifted over the East end this past week.

All problems relating to the dump will be aired at a meeting of council's finance, health and sanitation and fire committees, fire company officials, Borough Manager Horace B. Gulden and Garbage Collector Donald Woodley in council chambers Tuesday night at 7:30 o'clock.

William H. Reifsnnyder, Sixth ward, president of council, urged all officials responsible in any way for maintenance of the dump to attend the session.

The discussion will center on responsibility of the series of re-

New Law Forbids Abandoning Iceboxes

Council last night unanimously passed an ordinance against abandoning iceboxes and refrigerators.

The law, prepared by Solicitor C. Edmund Wells, was sponsored by Charles S. Grubb, Ninth ward.

The law forbids discarding iceboxes and similar containers where children can gain access to them, unless the door and lock have been removed.

Violators could be fined \$100 or get 30 days in jail.

Man in Hospital, Another in Jail After Hot Chase

Both drivers were losers in a hot chase between two cars along narrow and winding Route 23 between Bucktown and Knauertown early last night.

One youth is in jail and the other in Pottstown hospital after the chase ended in the crash of the second car.

Thomas Bishop, 19, Bucktown, was the victim. His car shot into a utility pole and rolled over.

The late-model coupe was demolished and the pole sheared off by the crash.

BISHOP, ALONE in the car, suffered lacerations of the right leg and ankle, the left hand and the face.

He was taken in the Good Will ambulance to the hospital, where 17 stitches were required to close the wounds.

Driver of the other car was Thomas Asbury Welch, 18, Downingtown.

Bishop said he was chasing Welch's car when he lost control on a curve and his car shot into the pole cutting it off, and then rolled over.

He added that he believed Welch was a hit-run driver, and was giving chase when the accident happened.

Robert F. Conway, South Coventry police chief, who investigated, said that Welch admitted striking John Freese, 16, Coventryville, who was riding a bicycle along Route 23 shortly before the chase that resulted in the crash. Freese was knocked down at

New Program Enlists Backing of County Unit

By MERCURY STAFF WRITER ROBERT E. HOYER

The first tax exemption list of 1953, totaling \$27,014, was submitted last night to finance committee for thorough scrutiny.

The 27-page list prepared by Tax Collector Thomas L. Rutter previously had been released to the school board.

After Secretary William S. Shaeffer read the tax resolution, J. Wayne Knause, veteran Seventh ward finance chairman, asked, "I wonder if the list could be checked first by finance committee."

President William H. Reifsnnyder, Sixth ward asked, "Is that what finance committee wants?"

Knause said "I would much prefer it that way."

Paul P. Kohler, Second ward, demanded, "How about including the borough assessor (Horace Y. Seidel) in on that meeting. Did he check all the names on the list. I feel he should know what's going on."

Council then voted unanimously to refer the tax collector's report to the committee and Seidel for careful study.

List 1 for 1953 is only 50 per cent as lengthy as the '2400-name, 45-page List 1 of a year ago, a list with total exemptions of \$50,115.

The report includes exemptions for per capita, school occupation and borough occupation taxes.

It includes persons who have moved from the borough, persons who have died and others who claim hardship; too old to work and an assortment of excuses.

Per capita exemptions total \$3840, school occupation exemptions equal \$11,770, and borough occupation exemptions amount to \$9404.

KOHLER asked Knause, "I would like to get an indication from the finance chairman whether we will have a reduction of taxes next year as was promised."

Knause explained, "At this time of the year it's difficult to tell. We won't know our demands until we make out the budget for the coming year."

Kohler added, "It seems to me with all the money coming in from

Twaddell Voted Down on Addition To Police Salary

Politics reared its provocative head last night through the smoke and a stack of ordinances and resolutions, and both Democrats and Republicans showed they know how to play the game.

William B. Twaddell, Fourth ward, initiated the maneuvering.

He asked for an amendment to the police salary schedule adopted by council this past month.

The amendment provided that the police pistol instructor and ammunition maker get an increase of \$500 instead of \$300 as provided in the schedule.

WILLIAM H. Reifsnnyder, Sixth ward president of council asked, "Does Mr. Strange (Chairman Earl R. Strange of police committee, who left the meeting early) know about this?"

Twaddell said, "I don't know if he does, I believe he does."

Peter J. Lawler, Third ward, asked, "Can we pass that on to Mr. Strange?"

Twaddell demanded, "I'm offering that as a motion tonight."

J. Wayne Knause, Seventh ward, asserted, "I think all changes of the nature should be turned over to the proper committee."

Paul P. Kohler, Second ward, charged, "That's very well. But it seems we don't have regular police meetings. It seems members are buttonholed before the meeting."

He was referring to a no-parking resolution which was referred to council earlier in the night. Committee members had been con-

12 Motorists Arrested In West High Street Trap

Twelve of the 577 motorists who drove through West High street's "mile of murder" last night were picked up for speeding by a police speed trap.

The last speed trap in effect was over the past weekend, when one was operated on North Keim street. Others have been on East High and North Charlotte streets.

Motor Patrolmen William Myers, William A. Mars and Sandy Laghi operated the trap.

Driver Escapes Serious Harm

The driver got out alive, but you wouldn't know it from the looks of this late-model coupe that snapped a telephone pole and rolled over on Route 23 just east of Knauertown last night.

Bishop said he lost control of the car while chasing a hit-run driver who had struck a youth on a bicycle.

Junior High PTA Elects State Convention Delegates; Parents Quiz Faculty Members in Panel Discussion

Mrs. David Stevenson, president of the Junior High school PTA and Mrs. Charles Weaver, program chairman, have been chosen to attend the state convention scheduled next Sunday to Wednesday in Philadelphia.

PTA members also elected to entertain were Helen Purnell, vice principal and dean of girls, Mrs. Carl Keller, Mrs. George McClean and William Mower, principal, at the Life Membership dinner, one of the activities at the convention.

Program for the recent local PTA session was a discussion titled "Your Junior High School." Moderator for the group was William Mower.

Panel members included Helen Purnell, William James, guidance director and dean of boys, Margaret Guinee, Seventh grade teacher and director of the club,

and Conrad Cramp, Eighth grade history teacher.

In answer to the question, "How is my child assigned to his section?" Mr. Mower outlined administrative problems involved in placing nearly 1200 pupils.

He told the parents that the child's records throughout elementary and junior high school are studied. The child is then put in a group having similar records.

However, this group must be divided and subdivided because of size, subjects and extra curricular activities.

Miss Guinee described the various clubs available to the children. Among these are: "Echo," the school paper, twirling, cheer leaders, hobbies, spectator sports, safety patrol, tumbling, and even pinocle and canasta groups.

The problem of making up tests missed because of absence was answered by Mr. Cramp. He explained to the parents that in the case of a legal absence the student should contact the teacher and arrange to take the test as soon as possible.

However, in the case of an illegal absence, Mr. Cramp felt that the child should be given a mark of failure for that particular examination.

A discussion of over-crowded conditions in the school followed Mr. Mower's statement that although the school was built to accommodate between 880 and 900,

there are 1178 pupils enrolled now.

The question of school sponsored hay rides was raised.

Mr. Mower made it very clear that they are not included among the approved activities sponsored by the Junior High school.

In the case of approved outside activities, before any child is allowed to participate he is required to obtain written permission from home.

Mrs. Eugene Smith presented Mr. Mower with a life membership to the PTA as a token of appreciation for his outstanding cooperation and support of the group.

In accepting the membership, Mr. Mower said that he has been active in parent-teacher work for over 20 years and during that time has found that the organization has done much to improve relations between home and school.

Mrs. Mary Grove, membership chairman, announced that the present enrollment figure is 932 members, with a goal of 1000.

Roland Smith discussed the importance of the articles in the

National Parent-Teacher magazine, and expressed the hope that all members would subscribe to it.

Attendance awards were won by the home rooms of William Hartman, Seventh grade; Iva Missimer, Eighth grade, and Walter McCurdy, Ninth grade.

Following the meeting, teachers and parents had time to visit in the class rooms and then refreshments were served in the cafeteria by the hospitality chairman, Mrs. Kenneth Kirk and Mrs. Edward Miller, and their committee.

Visits by Their Children and Grandchildren Will Mark 53rd Wedding Anniversary of the William Fetter

"I have 12 grandchildren and five great grandchildren, and I love 'em all," said William Fetter when speaking about his expanded family.

He and Mrs. Fetter are observing their 53rd wedding anniversary today at their home in Building N, Unit 1, Penn Village. Both of them are recovering from illness so no large celebration has been planned. However, children and grandchildren will probably visit them, as they always do on their anniversary.

The 12 grandchildren and five great grandchildren of the Fetter, are the offspring of their three children, William, Travis and Mrs. John Riley.

William and his wife live in Reading. They had three children. Travis and his wife, who reside here in Pottstown, had four children. And Mrs. John Riley, living with her husband in Philadelphia, had four daughters and one son.

The Fetter were married Oct. 13, 1900 by the Rev. C. E. Bartholomew in St. Mark's Reformed

parsonage, near Cressona.

Mrs. Fetter is the former Ada Wiser, daughter of Mr. and Mrs. Julius Wiser, Cressona. At that time Mr. Fetter was living in Schuylkill Haven.

The couple moved to Pottstown June 29, 1929. Mr. Fetter was associated with the Reading railroad for 52 years.

Retired now, Mr. and Mrs. Fetter enjoy themselves at home with their radio and the television set recently given them by their grandchildren.

Brother and Sister Are Feted at Party; Birthdays Celebrated at Turkey Dinner

Brother and sister, Mrs. Carl Derr, Frederick, and Jacob H. Schwarz, Obelisk, were feted at a birthday party given them by their parents, Mr. and Mrs. Jacob Schwarz, Barto RD.

Mrs. Derr's natal day was Oct. 4, and Mrs. Schwarz's Oct. 2, so their parents surprised them both Sunday with a party and turkey dinner.

Joining in the celebration were: Mr. and Mrs. Raymond Swinehart and children, Patricia, Theresa, Linda and Ray Jr., Barto RD; Walter Heffner and Mrs. Laura Rupp, both of Boyertown; Mrs. Derr's husband and children, Marie, Cynthia, Carl and Dennis; and Mrs. Schwarz's wife and children, Sandra, Kathleen, Jerry and Michael.

Dinner was served from a table decorated in pink and blue. Brother and sister cooperated on blowing out the birthday candles, and then just for good measure the candles were re-lit and each extinguished them alone.

Games were played and prizes were won by Mrs. Rupp, Mrs. Derr, Mrs. Swinehart and Mrs. Jacob Schwarz.

LAUSCHE NAMES DEMO MAYOR TO SENATE POST

Thomas A. Burke Picked To Succeed Taft

COLUMBUS, Ohio, Oct. 12 (P)—Ohio Gov. Frank J. Lausche today appointed Thomas A. Burke, Democratic mayor of Cleveland, to the Senate post left vacant by the death of Sen. Robert A. Taft.

Naming the Cleveland Democrat left the Senate with 48 Democrats, 47 Republicans, one Independent.

The appointment gives the deciding vote to Vice President Richard M. Nixon should a Senate vote result in a deadlock.

Sen. Wayne Thomas A. Burke of Oregon was elected on the Republican ticket but later bolted the party. Since Taft's death the past July 31, Morse has been voting Republican on policy matters.

Lausche, a Democrat, telephoned his announcement to his Columbus office while enroute to Cleveland to attend Columbus day ceremonies. Lausche's personal secretary released a statement in which Lausche said:

"I anticipate that he (Burke) will take no action upsetting the present organization of the Senate and that he will constantly have in mind the interests and welfare of all the people."

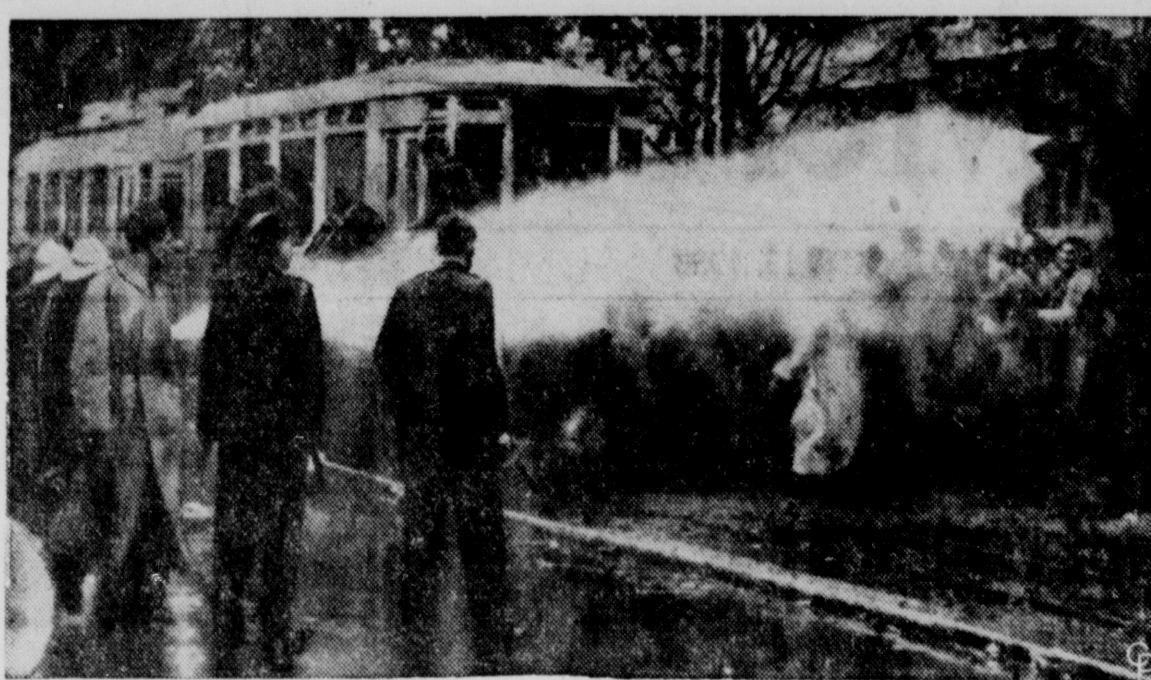

Lausche's appointment of the Cleveland Democrat followed closely on the heels of action in the Ohio Supreme court to compel the Governor to name someone to succeed Taft, who died the past Summer of cancer.

PAUL J. HERBERT, former Ohio lieutenant governor and Republican wheelhorse, asked the Supreme court for an order compelling Lausche to name an immediate successor to Taft, oft-called Mr. Republican.

Herbert said Ohio law required Lausche to name a successor "forthwith."

Lausche had said earlier there was no reason to appoint an early successor because the Senate was not in session. He cited remarks by US Sen. John W. Bricker of Ohio that the Senate probably would not convene before January.

The new senator was born Oct. 30, 1898 in Cleveland. He married the former Josephine Lyon in June, 1924. They have two children, both daughters.

COPS 'WATER DOWN' ANTI-US MOB—Police in Belgrade use high pressure fire hoses to disperse a mob of angry Yugoslavs demonstrating outside the US embassy in protest against ceding Trieste's Zone A to Italy. The excitement occurred after it was proposed by American and Great Britain that Zone A, formerly occupied by British and US troops, be given to Italy.

Yugoslavia Calls for Direct Talks With US, Britain, Italy, Notifies United Nations Trieste Poses Threat to Peace

BELGRADE, Yugoslavia, Oct. 12 (P)—Yugoslavia called urgently today for direct talks with the United States, Britain and Italy on the Balkan powder-keg issue of Trieste and notified the United Nations a threat to peace exists in that strategic North Adriatic peninsula.

These rapid-fire moves took place in the capital today as angry Belgrade mobs—whipped up by the storm of official Yugoslav protests over the American-British decision to turn their zone of Trieste over to Italy—slugged the director of the US Information service and burned British library papers and pictures in the street.

President Tito's tough, independent Communist Government warned in notes to the three Western States that carrying out the decision to hand US-British-occupied Zone A—including the vital seaport city of Trieste—to the Italians was "likely to endanger the maintenance of international peace and security."

Tito already has pushed heavy troop reinforcements into Yugoslav Zone B of the Free Territory

and threatened to march them into Zone A "the moment Italian troops enter."

He said the entry of Italian forces into Trieste would be considered by this country as "an act of aggression" which he was prepared to meet with military force.

A YUGOSLAV note addressed to UN Secretary General Dag Hammarskjöld repeated this stand and asked that the 59 other members of the world organization be notified of the Yugoslav stand on the Trieste issue. The note was a formality through which the Security Council could be called upon to take up the question if it felt international peace was threatened.

Trieste remained comparatively calm in the midst of this international flurry. But in the minds of the predominantly Italian population in Zone A lurked the question as to whether Tito would carry out his threat to attack if the Italians come in—an act that observers on all sides agree could be the spark to touch off World War III.

But the US State department in Washington made it clear it intended to stick by the American-British decision despite the Yugoslav protests and demands for its prompt rejection.

The 7000 American and British troops went ahead with preparations to pull out of the area placed under their charge by the 1947 Italian Peace treaty. The estimated departure date was set for about six weeks from now.

US VIOLATES ITALIAN TREATY, SAYS MOSCOW

Reds Make Accusations In Notes to British, American Envoys

MOSCOW, Oct. 12 (P)—Russia today accused the United States and Britain of a "grave violation" of the Italian Peace treaty in their decision to turn over administration of Zone A of the Trieste Free Territory to Italy.

The Soviets made their accusation in notes delivered to the American and British embassies in Moscow.

They charged that the United States and Britain had consistently violated arrangements regarding Trieste in the United Nations Security Council.

TRIESTE territory was constituted in the Italian peace treaty of 1947 because of the conflicting interests of the Western powers and Russia, who at the time was a close supporter of Yugoslavia.

The provision for the Big Four powers to select a governor for the territory never was carried out, however, because the four powers in the security council could not agree on a choice. Zone A is now being administered by a British-American occupation force, while Zone B is administered by Yugoslavia.

The British and Americans announced the past Thursday their intention to withdraw their occupation force and turn administration over to Italy in the hope that Italy and Yugoslavia would then negotiate a settlement over the disputed area at the head of the Adriatic.

In Washington, the State department said it had received the Soviet note but declined any immediate comment.

Gov. Fine Will Attend Ike's Birthday Party

HARRISBURG, Oct. 12 (P)—Gov. John S. Fine was confined at the State House at nearby Indiantown Gap with a cold today. The Governor said, however, he expected to attend President Eisenhower's birthday party tomorrow at Hershey.

"That's the reason I stayed in today," Fine told a reporter.

Accused Terrorist of State Turnpike Claims Innocence, Blames 'Other Man'

ALBUQUERQUE, N. M., Oct. 12 (P)—An accused terrorist of the Pennsylvania turnpike, captured after a breakneck police chase, today steadfastly maintained his innocence and implicated a mysterious "other man."

New Mexico State police late yesterday arrested John Wesley Wable, 24, charged with a double murder on the turnpike, on a tip from two petite young women playing cops and robbers to kill time.

Identified because of a watch he pawned, taken from one of the turnpike victims, Wable is charged with the fatal shooting of Harry F. Pitts, 39, Bowling Green, Va., and Lester B. Woodward, 39, Harrisburg, Pa., the past July.

The truckers were shot as they slept in their parked vehicles. The murders, and the subsequent non-fatal shooting of John K. Shepard, 34, West Alexander, Pa., threw a mantle of terror over the turnpike. Truckers traveled only in convoys and slept under lights.

"I didn't kill nobody," the shivering nude Wable told officers here. He was stripped when he threatened to commit suicide, but later his clothes were returned.

"But I think I know who did. And I've got friends who will take care of him."

UNDERSHERIFF Walter Geis said the slender Wable admitted once owning a foreign make gun identified as the death weapon but maintained he gave it to a man he met on the streets in Cleveland. It was the same man, Wable contended, from whom he purchased a watch taken from Shepard and which he later pawned.

Geis said he has the name of the man Wable is accusing.

For those involved in Wable's capture, it meant both trouble and a possibility of unexpected good fortune.

The chase started when three men held up an Albuquerque service station.

State police threw up roadblocks, but the car driven by Wable sped through it. State police pursued the fleeing car at speeds up to 96 miles per hour, but were unable to catch up.

Snarled in evening movie traffic, Wable abandoned the car on the outskirts of Belen and struck out on foot.

WABLE'S TWO companions, Marvin H. Parsons, 20, and J. D. Francis, 17, were taken into custody almost immediately. They had hitched a ride with Wable in the Mojave desert after their car broke down. The service station operator identified them as having been the two men with Wable at the robbery.

Parsons said he was "shocked" to learn whom they had been traveling with.

The good fortune goes to

HIGH TRIBUNAL TO RULE ON QUIZ PROGRAMS

FCC Seeks Reversal Of Limited Ban on 'Giveaways'

WASHINGTON, Oct. 12 (P)—The Supreme court, holding its first full day of business in the new term, today agreed to rule on the Government's effort to ban radio and television giveaway shows.

But the high tribunal refused to decide whether cities may prohibit movies or other entertainment on Sundays, while church services are being held.

The two rulings were among nearly 300 orders handed down by the court.

Chief Justice Warren, sworn in the past Monday to succeed the late Fred M. Vinson, noted that he took no part in the actions because they were argued before he took office. The former California governor remained silent during today's decision session except for the routine of admitting attorneys to the Supreme court bar.

The new Chief Justice heard arguments in his first case—a minor damage suit.

The question of prohibiting radio and TV giveaway programs was brought to the court by the Federal Communications commission (FCC). It seeks reversal of a decision by a special Three-Judge Federal court in New York that limited an FCC ban on such shows to programs where contestants are required to furnish money or anything of value, or possess a sponsor's product.

The special court ruled that the FCC could not forbid programs in which contestants are required directly or indirectly to listen to special broadcasts. The FCC argued that time and effort given by listeners to the giveaway programs constituted something of value comparable to money. It called the programs lotteries, which are forbidden by Federal law.

Millard Mitchell Not Expected to Live

SANTA MONICA, Calif., Oct. 12 (P)—Brodway and Hollywood actor Millard Mitchell is critically ill and in a coma at St. John's hospital, his agency said today.

Music Corporation of America, the agency, said he is not expected to live. Nature of his illness was not disclosed.

Mitchell, 48, shot into screen prominence as the result of a feature role in "My Six Convicts" and as the movie producer in "Singin' in the Rain."

His recent pictures included "The Naked Spur," with Jimmy Stewart.

He first entered the hospital for an operation three months ago, returned home for a few weeks but was soon back again.

He was born in Havana, Cuba, where his father, an engineer, was building an ice plant.

His Broadway career included parts in such hits as "Broadway," "The Front Page," "Yellow Jack," "Three Men on a Horse," "Boy Meets Girl," "Kiss the Boys Good-bye," "Mr. and Mrs. North," and "Over 21."

Hospital Inmates Hurt In Battle With Guards

SCRANTON, Oct. 12 (P)—The superintendent of Farview State hospital disclosed today guards engaged in a pitched battle with patients during a break-out attempt at the mental institution Oct. 2.

Dr. John P. Shovlin said seven inmates had planned to overpower four guards, but that six of them apparently changed their minds although another inmate joined the seventh in an assault on one of the attendants. Other guards appeared, Shovlin said, and a fight ensued during which the two inmates were injured.

One of them, James T. Lycett, 48, committed to Farview from Pittsburgh eight years ago, is in serious condition at Scranton State hospital, suffering rib fractures and a punctured lung. Shovlin, who said Lycett is under heavy guard, declined to name the other inmate involved.

Two Confess Preparations for Killing Of Greenlease Boy Before Kidnaping

ST. LOUIS, Oct. 12 (P)—Carl Austin Hall, a sullen drug addict, and his unkempt woman friend confessed today they prepared to kill Bobby Greenlease before they kidnaped the 6-year-old child.

Hall admitted to the FBI he killed the boy by firing a pistol bullet into the right side of his head after driving him across the Missouri-Kansas State line from Kansas City a short time after Bobby's kidnaping.

Mrs. Bonnie Brown Heady, 41-year-old alcoholic, confessed she was with Hall when he killed the boy, son of multi-millionaire parents who paid a record \$600,000 in ransom.

With the couple's signed confessions that the child was taken across a state line, the Government immediately filed charges at Kansas City under the Lindbergh kidnaping law.

THE CONFESSIONS today cleared Thomas John Marsh, 37, tattooed ex-convict named earlier by Hall as the actual killer of Bobby, of any part in the crime.

The admissions also wiped out

Lorraine Irene Jackson, Former Glen Moore Resident, Becomes Bride in Candlelight Wedding in Virginia

—Photo by Allwood Studios

PRIOR TO HER MARRIAGE Saturday, Mrs. William Guy Miller, was Lorraine Irene Jackson, a former resident of this area. She became the bride of Mr. Miller in the Bethany Lutheran church, Waynesboro, Va.

A single ring wedding ceremony performed in Waynesboro, Va., Saturday, united in marriage Lorraine Irene Jackson, a former resident of Route 1, Glen Moore, and William Guy Miller, Waynesboro. The bride's mother, Mrs. Martha Jackson, formerly of Glen Moore, now resides with her daughter in Waynesboro. The groom's parents, Mr. and Mrs. Guy S. Miller, also reside in Waynesboro. The candlelight nuptial service in the Bethany Lutheran church, was performed by the Rev. Karl H. Maier.

Baskets of white gladioli and white chrysanthemums flanked on either side by palms and graduated candelabra, were placed near the altar. Graduated candles whose bases were trimmed with ivy decorated the church windows. A program of selected wedding music preceded the ceremony. Organist, Mrs. Randolph M. Lynch, accompanied Jack Knowles, cousin of the groom, who sang, "O Perfect Love."

William M. Jackson Jr., Route 1, Douglassville, gave her away. To be married, she chose a gown of plain lace over white satin, fashioned with a sheer yoke of nylon forming an off-shoulder effect and edged with embroidery of iridescent sequins. Panels of nylon tulle, cut in deep points and edged with lace, fell in varying lengths across the full, lace over satin, skirt which ended in a cathedral train. Her full length lace sleeves terminated in points over her hands. A tight fitting lace cap held her fingertip length illusion veil. She carried a white prayer book topped with a white orchid and showered with white French carnations. Her only jewelry, earrings of pearls and rhinestones, was a gift of the groom.

Honor attendant for the ceremony was Mrs. William M. Jackson, sister-in-law of the bride, Route 1, Douglassville. She wore a light green strapless gown. A high necked lace jacket covered the lace bodice and net tiers over taffeta formed the skirt. She wore matching lace mitts. Yellow daisy type chrysanthemums formed her colonial style bouquet and her headband.

Attending the bride as bridesmaids were Mrs. David C. Miller, sister-in-law of the groom, Waynesboro, and Mrs. Winifred Robertson, Fishersville, Va. Their gowns, lavender and aqua respectively, were strapless, net over taffeta, with lace jackets. They wore matching net mitts and carried bronze daisy type chrysanthemums made into colonial bouquets. The same type flowers also formed their headbands. For her duties as flower girl, Cynthia Hiserman, Waynesboro, wore a lavender iridescent dress. She carried a natural straw basket with bronze and yellow daisy type chrysanthemums. Ring bearer, David Allan Miller, the bridegroom's nephew, Waynesboro, wore a white suit and carried the ring on a satin pillow.

The groom's brother, David C. Miller, was best man. Ushering for the wedding were Randolph M. Lynch, Norman Coyner, David Leonard, all of Waynesboro, and the groom's cousin, Randolph Knowles, Staunton.

Following the ceremony guests adjourned to the church social hall for the reception. Greeting the visitors was Rennie Coier, aunt of the groom. Other aunts, Mrs. Charles Knowles and Eula Coier, officiated at the punch bowl. Guests received cake from Mrs. Karl H. Maier and Nora Coier.

Hostesses were Bonnie Coier, Dorothy Coyner, Eugenia Garst, Mrs. David Leonard, Mrs. Norman Coyner, Marcia Maier and Ruth V. Maier. The bride's mother wore a brown and beige dress with brown and white accessories. Yellow rosebuds formed her shoulder corsage.

The groom's mother was dressed in navy blue lace with navy and white accessories. She wore a corsage of red rosebuds. The bride was graduated from Warwick Consolidated school and attended the Pottstown Business school. She is an employee of the First National Bank, Waynesboro.

Her husband is a graduate of Fishersville High school, Fishersville, Va. He is employed by his father. To leave for their southern wedding trip Mrs. Miller wore a gray suit with red and white accessories and a white orchid corsage. After Nov. 1 the couple will be at home in Waynesboro.

First Methodist Church Will Be Scene Of 67th Annual Convention of WCTU

The Pottstown Union will be hostess to the 67th annual convention of the Montgomery County Women's Christian Temperance Union, scheduled for Thursday at the First Methodist church.

The all day affair will begin at 10:30 a. m. with greetings from Mrs. John Robertson, president of the Montgomery County WCTU.

The Rev. Martin J. Brinton, minister of the host church, will conduct the worship service at 10:45 a. m., followed by a welcome from Laura R. Ecker, president of the host union.

Myrna Fry, soloist, and Dorothy Sutton, accompanist, both of Pottstown, will present a musical program at 11 a. m.

Also included in the morning session will be the election of county officers after which Mrs. Emma L. Leonard, state president, will deliver a challenge to them. The afternoon worship service will be under the direction of the Rev. John Smoker, minister of the Baitzel E. U. B. church. The main address will be given by Mrs. Emma L. Leonard, state president, at 2 p. m.

Music for the afternoon meeting will be rendered by Mrs. John Longaker, soloist, and Mrs. Harold Keim, accompanist, both of this locality. Margorie T. Keim, minister of the Gospel, Pottstown, will give the closing prayer.

Cold Cream Is Useful In Removing Lipstick From Table Linens

Lipstick stains on your best dinner napkins? Soften them with coldcream and launder them as usual. To remove coffee stains on white cotton or linen, pour boiling water through the stain from a height of two or three feet. If it persists, bleach and rinse thoroughly.

There's always something new at The Flower and Gift Shop of Oliver Lewis Christman

This is both new and news a lot of you readers may not know it. But this store has been at this location for almost seventy three years. I don't remember the day it started. But I personally have been trying to offer a good flower and gift service to this community for 24 years. Never before have we been open regularly on Friday nights but from now on we hope to be here to greet you with a warm welcome every Friday night. Come on in and make us feel it's worth while.

Scholarship Exam Dates Are Scheduled

Competitive examinations for the Frank Thomson scholarship, available annually to the son of a Pennsylvania railroad employee and providing for a four-year technical education, will be held soon, it was announced yesterday.

Tests will be held Dec. 5, 1953, and Jan. 9 and March 13, 1954, under supervision of the college entrance examination board, of Princeton, N. J., and Los Angeles, Calif., and the subjects correspond generally to entrance requirements of scientific departments of higher standard institutions of learning.

The winner, to be announced next Spring, will be entitled to a course in technical or engineering studies at any university, college or technical school of his choice, beginning with the 1954-55 year.

Information on rules, regulations and requirements may be obtained from the College Entrance Examination board, Box 592, Princeton, N. J.

She suffered the injury while on her way to school.

Man's Finger Is Bruised By Hosiery Mill Machine

Paul Montgomery, 620 West High street, suffered a torn nail and bruised second finger of his right hand when he caught the finger in a machine at Sheffield Hosiery mill, Gilbertsville.

He was given dispensary treatment yesterday morning at 8 o'clock.

Damage Totals \$600 in Three-Way Crash

Three cars were damaged in a collision at the intersection of Routes 663 and 73 at Hickory park yesterday morning at 6:15 o'clock.

Floyd P. Williams, 19, Hoken-daqua, was traveling South on Route 663, when his 1949 coupe hit a 1941 sedan operated by Grace W. Cornish, Green Lane, which was stopped at the intersection.

His car bounced away into a 1949 car, eastbound on Route 73, driven by Earl Nelson Englebrecht, 38, Reading.

No one was injured. Jeffersonville State Troopers John Flannery and Raymond Beninato, who investigated, approximated damage at \$125 for the Green Lane woman's car; \$400 for the Hoken-daqua man's, and \$75 for the Reading man's.

Judge Won't Allow Pleas Of Convicted Embezzlers

PITTSBURGH, Oct. 12 (AP)—Former bank teller Hildur Nystrom and truck dealer Samuel A. Kennedy lost today pleas for directed verdicts of acquittal on embezzlement charges. They were convicted of embezzling about \$35,000 from the Union National Bank at McKeesport.

Federal District Judge Wallace S. Gourley also refused Miss Nystrom's request for a transcript of the 9880 pages of testimony recorded in the 76-day trial. He ordered a final hearing Nov. 9 on the pair's petition for a new trial.

Trojans Begin League Play Saturday

Pottstown High has completed its four-game testing period with a 2-2 record and now moves into the "money" portion of its schedule.

The Trojans will be the last to step into the Ches-Mont league arena when they play at Phoenixville next Saturday. The other six clubs in the two-county loop have played at least one league opponent.

Experience continues to pay off for the Dragons of Bridgeport who racked up win No. 4 against Coatesville, 18-7, over the weekend. It was the Porters' third straight victory in the league and definitely marks them as the team to beat.

Downingtown won its first C-M encounter by handing Phoenixville its second league defeat, 6-0. Outside the league, Berwyn evened its record at 2-2 with a 13-6 win over Radnor, and West Chester was held

Chief Bender Added To Banquet Program By Old Timers Club

Another celebrity has been added to the speakers table of the Tri-County Old Timers Boosters club first annual banquet slated for Thursday, Nov. 12, at the Eagles Home association.

Chief Bender, one of the Philadelphia Athletics' old-time great pitchers, will attend the Old Timers function. A recent addition to Baseball's Hall of Fame, Bender is a longtime favorite in this area.

For many years he has hunted in this county and took part in board shooting at the Fegleysville hotel during his playing days and shortly after he retired.

Al Marquet, who has been lining up speakers for the banquet, said that Roy Mack, executive vice president, is trying to arrange for another member of the A's organization to attend the Old Timers affair.

IRA THOMAS, scout for the A's will be the feature speaker. Marquet said Bobby Shantz and his father will attend if the tiny hurler returns from Europe in time. Shantz will make a public appearance tour overseas.

Herbert "Pop" Myers has announced another meeting of the Old Timers committees will be held at Borough Hall tomorrow night at 7:30 o'clock.

He has invited everyone who has joined the Old Timers, which includes almost 400 persons. Anyone at all interested in the banquet is welcome to be present at the meeting.

Myers requests that all committeemen attend and give reports on their activities.

Ken Fisher Named No. 1

Five Bat 1,000 in Football Contest

How close can you get? Five entrants in the past week's Mercury Football Forecaster contest hit the nail right on the head by calling 10 out of 10 games correctly.

So the contest judges put their heads together and came up with a plan of distributing six tickets to the Pottstown-High-West Chester High football game among five winners. Instead of the usual procedure of giving the champion four tickets and the runnerup two, one of the co-champs will get two and the other four, one apiece.

Ken Fisher, 856 Feist avenue, a winner in the contest four years ago, was named top man this week because of the near-misses on several of the scores he picked. Last night he agreed to settle for two ducats.

He came closest to the Penn-California final with a 35-0 choice and had the point spread almost on the nose in several other games.

JACK YUROS, who was close with the Navy game, calling it 21-7, Joseph Ondo, Ralph J. Schollenberger, of Boyertown, and Kathleen M. Schutz, also called 10 winners correctly. Each will receive one ticket to the Pottstown game.

Miss Schutz called the point difference between Navy and Cornell, making it 20-0.

All winners can pick up their tickets at The Mercury office.

It seemed that everyone's crystal ball was in good working order the past week. Out of a total of 82 entries in the contest, over half had eight or more correct, with 23 fans picking nine winners and another 23 calling eight correctly.

TEXAS RUINED the chances of nine of the 23 who had nine right, while three others lost out by pinning their hopes on Pennsylvania. One fan gave Notre Dame quite a surprise. The Irish rested the

—Mercury Sportsphoto

GOING UP—Pottstown end Lin Bieler had the best game of his three-year high school football career the past Thursday night against Norristown as he grabbed several passes from quarterback Josh Sovo. More of the same can be expected Saturday when the Trojans play at Phoenixville.

to a 13-1 tie by Conshohocken.

Here are the standings:

| | W | L |
|--------------|---|---|
| Bridgeport | 3 | 0 |
| Downingtown | 1 | 0 |
| West Chester | 1 | 1 |
| Pottstown | 0 | 0 |
| Berwyn | 0 | 1 |
| Coatesville | 0 | 1 |
| Phoenixville | 0 | 2 |

Besides the Pottstown-Phoenixville game, the only other league action is Downingtown at West Chester.

Not since 1946 has a Pottstown High team defeated the Phantoms. In 1947 and again last year the Trojans tied the charges of coach John Hubickak but a victory has eluded them since the Dave Detar-Deacon Reinhart era.

Coach Heeb Meyers should have his club at full strength for this crucial test. He fully realizes that no matter how bad a Phoenixville team may seem by its record, it always manages to play its best ball against Pottstown.

MacSHIREY is back in harness after giving his coaches a scare by sticking his hand under a Norristown players' cleat last Thursday night. Although his hand was at first thought broken, X-rays have disclosed no major injury and he will be at his regular outside linebacking post next Saturday.

The Trojans have also picked up some added defensive strength with the return of Al Bodulus and Tony Giangiaco. The two boys were made eligible for the first time this season on Saturday. They have trained diligently with the team all Fall and know their assignments.

Diangiaco is a center line-backer and will see service in that post against Phoenix. It is a big opportunity for the youngster who sat out all of last season because of scholastic trouble, and then again this year had to miss the first four games. He seldom missed a practice during that time and is raring to go.

Bodulus has displayed much more ability on defense than he did last year. His open field tackling will be a big boost to the squad that is in dire need of good tacklers. Al, who saw considerable service as a Sophomore, will fill in as a halfback on offense.

Meyers again stressed defense in yesterday's drills. Almost half the session was spent on tackling. An improvement in this fundamental of football could boost the Trojans' stock 100 percent.

Instead of the usual two days of scrimmage and one afternoon of light drills before the Thursday night games, Meyers has the entire week to prepare for the Phantoms.

Ted Kerschner Leads Area Scorers

The team that couldn't score a point the past year has supplied this area with the top point producer as the football season nears the halfway mark.

Schwenksville's Ted Kerschner crossed the goal line six times last week to springboard into the scoring lead with 36 points. Five of his touchdowns came against Perkiomen school junior varsity. It was the second game on the Bluebirds' five-game schedule.

Kerschner added another touchdown on Saturday as the Schwenks downed Upper Dublin, 13-12. Pottstown sports fans will be able to watch Ted in action on Thursday night when his team plays at North Coventry.

Only two points behind Kerschner is Upper Perkiomen's Bob Smith. The stocky right halfback has scored five TDs and dropped-kicked four extra points. He added only one point to his total this past weekend as his Indians downed Muhlenberg Township, 13-7.

FRAN McMANUS had a big afternoon at Reading on Saturday as he scored three touchdowns to boost his total for Collegeville to 30 points. Earlier he scored the only six-pointer as his team beat Norco, and had another one against Jenkintown.

In fourth place among the high school scorers is Boyertown's talented end, Jim Heydt. His three tallies and a pair of extra points gives him 20 points as eight Bears

Joey Klein Beats Rocky Casillo On Split Decision

BROOKLYN, N. Y., Oct. 12 (AP)—Joey Klein, New York, won a 10-round split decision over Rocky Casillo, Chicago, tonight at the Eastern Parkway arena. Both weighed 147.

Judge Joe Agnello scored it 7-2 in favor of Klein and Judge Nat Cooper had it 6-4 for Klein. Referee Mark Connel ruled the fight 5-5 and gave each fighter six points calling the fight a draw.

Casillo, an 8½-15 favorite at the "House of Upsets" in his first New York appearance, started off strong with a rushing attack Klein staggered the Chicago welterweight in the third with a right hand to the jaw. Klein had Casillo's nose bleeding from the third round to the end of the fight.

PETE WOJIE TALKS WITH DRESSEN; SIGNS BROOKLYN CONTRACT

By BOB HOYER

Pete Wojie, a wide-shouldered guy with a crooked smile, came back to Stowe Sunday with a Brooklyn Dodger contract in his pocket.

For the solid, stocky former citizen of Stowe, the 1954 contract represents his first real break in a career of disappointments.

Wojie had a talk with Dodger Skipper Chuck Dreszen last week and the little manager, still suffering from his annual Fall attack of Stengelitis, told the big guy from Stowe, "We can use you next year. Hope you will make the grade."

Wojie is the pitcher who laughed at Jim Greengrass, huge Cincinnati power outfielder, who murdered National league pitching for 20 home runs and more than 90 runs batted in this past season.

WHEN WOJIE pitched for Fort Worth he struck out the giant outfielder four times in one game. Walt Drogo, towering home run menace of the Detroit Tigers and

formerly a part of the righthanded field artillery amassed by Tom Yawkey in his Boston Red Sox power plant, was an easy prey for Wojie when he hurled for Mobile, Alabama.

For the past two seasons the big right-hander has carried the pitching burdens of the Fort Worth team.

Despite a bad knee and a month's inactivity he wound up with 14 victories in the hard-hitting Texas league.

A man with the cool confidence of Dizzy Dean, Wojie will tell you, "I never saw a man I was afraid to pitch to. They can't do no more than hit it out of the park."

And there's more to his mild bragging than ego. In the past two seasons only five Texas league batsmen hit him for home runs.

His BEST pitch always has been a ripping fast ball. If Wojie makes the grade the Dodgers will have another Kirby Hughes, a cocky, colorful right-

hander with more mustard than 12 Preacher Roes.

Pete has had St. Paul and Montreal contracts in the past.

Wojie has always expressed a desire to pitch for the New York Yankees in the World Series. Now maybe he'll get a chance to pitch against them.

He might do better than Monk Meyer.

All in the Family

When Navy's guard, Steve Eisenbauer, was a student at Sheffield (Pa.) high school, his father was principal and his mother his math teacher.

Dodgers Equal Mark

In compiling 60 wins against 17 losses at Ebbets Field in 1953, the Dodgers equaled the home game record set by the Cardinals in 1942.

The Right Pitch

Good curve, sizzling fast-ball, baffling change-up—Robin Roberts has 'em all! And the Phillies' great, young right-hander has the right pitch on anti-freeze, too.

"I put 'Prestone' anti-freeze in my car—early in the fall. Then I know I'm set for cold weather—and even warm days in between."

Right, Robin! "Prestone" anti-freeze gives your car full 4-way protection. No freeze-ups, no boil-away, no rust-clogged radiator, no foaming off. And one shot of "Prestone" anti-freeze lasts all winter! No other anti-freeze gives your car the same complete protection! Always ask for it by name—"Prestone" brand anti-freeze!

De Witt Named Temporary Head Of New Orioles

BALTIMORE, Oct. 12 (AP)—Bill DeWitt, one time an owner and more recently vice-president of the defunct St. Louis Browns, came here and dug in today as general manager of the new Baltimore Orioles—temporarily at least.

Would he take the post on a permanent basis?

"Under the proper conditions and circumstances," he said. "So far no one has asked me."

Since DeWitt also was manager of the Browns' farm system, there was speculation his main purpose in being here was to master-mind some deals involving the farm clubs before all minor league players are frozen in place Friday. The freeze stays on until the annual minor league convention in December.

DeWitt predicted there will be something in the works almost daily.

"It will concern bringing up men from our farm clubs and moving others around," he said. "We don't have any deals on the fire with major league clubs at the moment, although there are some in prospect. You never can tell when you may make a deal."

Besides the Brownie farm clubs, the Baltimore group which bought out the St. Louis American league franchise also has on its hands the old Baltimore Orioles of the International league.

DeWitt went into a huddle with Clyde W. Morris, Baltimore lawyer prominent in the syndicate which bought the Browns; Jack Dunn, president of the International league Orioles and a vice president in the new setup; Herb Armstrong, general manager of the Orioles under Dunn, and Rudie Schaffer, general manager of the Browns.

Clarence W. Miles, wealthy attorney who headed the syndicate which brought the major league club here, was not in on today's pow-wow. He entered Johns Hopkins hospital tonight for what his doctor

Plenty of high games were bowled the past week in Pottstown leagues but two in particular stood out above the rest. Lois Adams hit a 220 game in the Girls Rookie league, and Ed Wentzel set a season mark in the Tuesday-Wednesday night league at the Owls with a 269 game.

Miss Adams, doing her rolling on the Arrow lanes, also tabbed high triple with 547. Team honors in the ladies loop were split as the Shamrocks had high single, 766, and J. B. Hartenstine high triple 2174.

The top game rolled in the Women's Classic league at Arrow was Mary McCord's 182. Sara Griswold has a 173 game and Bessie Brendlinger, whose 494 series was high, had scores of 169, 172, 153. Miss McCord's 485, and Elvira Bush's 473 were the next best triples. The Rockettes with games of 692, 741, 692 compiled best team triple 2125, and their second game was high single.

First prizes for the night in the Firestone Girls league went to Barbara Groover, Marianne Bush and Rollerettes. Miss Groover scored a 166 game, Miss Bush took triple honors with 424, and Rollerettes gained team money with 629 and 1680.

In mixed league competition at the Arrow lanes, Glenn Quarry with 222 and 582, and Evelyn Linderman with 171 and 435 dominated the Sunday night competition. High team single went to Beets, 777, and team triple was garnered by Radishes, 2172.

Verna Hadley's 168 was the best women's single in the St. Al's Social Club Mixed league, and Ted Gubb led the men with 210. Miss Hadley also captured the triple with 410 and Gene Finn won the men's prize with 583. Semi-poles took both team awards with 730 and 2016.

RETURNING NOW to Ed Wentzel's 269 game and the other money games in the Owls' leagues. Although Wentzel's record game was 25 pins better than the second place high, Marvin Maurey's 244 game, Ed had to settle for second place in the triple department as Marv's 620 series edged him out by seven pins. The Crows had the only team single over 1000 that was reported by the various leagues the past week. Even with a 1014 single, the Crows could not match a 2715 triple compiled by the Grouse quintet.

Ray Erb had a blistering 244 single in the Owls' Monday loop, and Ed Schmucker scored a 602 triple. The Cowbirds, 922, and Slickers, 2588, split team money.

At Maria Assunta alleys, the Bethlehem Steel league leaders were Tommy Bondola, 226 and 585, and Bars, 847 and 2447. The Bars currently lead the loop with a 10-2 mark, and high average man is Earl Hetrick with a 182 norm. He helped his record last Thursday with a 208 game.

Joe Surma narrowly missed a 600 series as he fell five pins shy with 595 for high triple in the Monday night circuit at West End Fire company alleys. Jim Pollock gained single honors with 217. Masks tallied high single, 844, and the league-leading Hooks, now 13-3, won high triple with 2648. Surma

described as a rest and general check-up.

DeWitt's name is naturally high on the list because his contract as farm director of the Browns still has three years to run. There is a stipulation in the fine print, however, which says he need not leave his home in St. Louis.

The high-scoring All Church league at Arrow again turned in lofty marks with Spring City Reformers No. 2 taking both team honors, 991 and 2683. George Adams' 236 was individual High and Reed Teitsworth's 588 was high three.

Steve Zezenski uncorked a 243 game for top single in the Catholic Men's league and St. Gabriel No. 2 won the team honors with 952 and 2703.

TUESDAY, OCTOBER 13, 1953

Since the creation of the world,
there has been no tyrant like Intemperance,
and no slaves so cruelly treated as his.—William Lloyd Garrison.

The Death of Miss Boyer

POTTSTOWN is a good town because it had
wonderful teachers such as M. Irene
"Dolly" Boyer.

Over the blackboards in the many rooms
she taught over a period of 47 years, she
wrote:

"My best today must be better tomorrow."

It made an indelible impression on
the thousands of Pottstonians she taught. Many
of the pupils she taught went on to national
fame, in medicine, in music, in the business
world. Her girls became famous, too. But
she only spoke of "my boys."

All of her "boys" were successes. She
had the same words of praise for those who
made the headlines as she had for those who
just lived under their lives.

"There wasn't a failure among my boys,"
she proudly declared in an interview a few
years ago. "Every one was a success in his
own way."

That's why Pottstown had so many good
men. They followed Dolly Boyer's example.

Miss Boyer died early yesterday morning.
During her 86 years, or at least a majority
of them, she lived that copybook theme she
"made up myself."

"My best today must be better tomorrow."

She strived for perfection daily, although
she was almost a perfect woman. She not
only set a wonderful example for all her
friends and pupils, but she lived a God-fearing
life. She was the acme of consideration,
of love for her fellow man.

She loved people. Although she was bed-
ridden for years, she never displayed any
outward signs of defeat.

"I'll be out of this bed and walking around
in a short time," she told a Mercury news-
man when she was hopelessly crippled and
84 years old. She had infinite faith that God
would heal her.

But she admitted she was human and
cried sometimes.

"When the night is dark and I'm alone I
sometimes weep," she confessed to this re-
porter. "But I never would let any visitors
see a tear on my cheek!"

She always was dressed up for her many
"boys" who came to see her, who cheered
her up with little gifts. She wore a ribbon in
her hair, a gold wrist watch, rings on her
fingers. She said:

"I love people. I love my church. And I
love the King's Daughters."

The King's Daughters were a group that,
among other good things, founded the Potts-
town hospital. She wasn't a charter member
of this group, but she was one of the oldest
members in point of service. The King's
Daughters was organized in June of 1888.
She didn't get into it until September.

Once she pledged the Lord she'd work
three times as hard for him if he'd grant
her a small favor. Evidently the favor was
granted. For she worked diligently for her
group.

Miss Boyer's death will bring tears to
many a Pottstown eye. She was loved by the
thousands she taught, for she was kind, con-
siderate and exemplary. She may have been
the originator of the class trip in Pottstown
schools. Annually she took her flock to Phila-
delphia.

She had a consuming interest in the
church. She'd be quick to ask her acquaint-
ances "What church do you belong to?" She
was interested in politics, in fact, interested
in everything in this community. She had a
little habit of sending inspirational clippings
to local persons. She'd write many, long let-
ters to bolster the down-in-heart, the weary.

She was one of the most colorful of Potts-
town's teachers and civic workers. She will
be sadly missed by the whole community.

Under Old Jupiter

ONE neighbor says it to another across the
backyard hedge.

One bus rider remarks it to his seatmate.
The deliveryman says it to the housewife.
"Isn't this a beautiful day? It could say this
way the rest of the year so far as I'm
concerned."

We agree enthusiastically, with only one
reservation.

Let every day be like this—but between
the hours of 2 a. m. and 4 a. m. for the
next three weeks let there be slow steady
rains which soak into the ground without
causing so much as a cubic inch of erosion.

We choose the hours between 2 and 4 for
these lifesaving rains because, so statistics
show, they will interfere least with the fullest
enjoyment of the calendar's enchantment
called October.

Anybody have a better idea?

Grampaw Oakley

Editor, The Mercury,
Dear Sir 'n' Brother:

Wal, I see by The Mercury where Potts-
town firemen are tired of fighting the gar-
bage dump fires. I can't
blame them. The fumes
smell worse than election
campaign cigars, and the
insects are bigger than
the lies campaign candi-
dates are telling.

Washington reports the
new secretary of Labor is
a department store execu-
tive. Let's hope he proves
a real bargain!

And say: If looks could
kill, a lot of persons would be found dead at
bridge tables, clutching unused trump cards!
Hopin' you air the same,
GRAMPAW NED OAKLEY

Residents Angry Over Smelly Dump

Raps 'Buck Passing'

To the Editor: I don't know which
made me sicker, the stinking smoke
from that dump fire the other day or the
efforts of borough officials to duck the
blame for it.

These men know they're taking on re-
sponsibility when they take a public job.
Why aren't they men enough to shoulder
it?

They bumble along doing as little as
possible, thinking that's the way to keep
out of trouble.

The only time they make a move is
when a majority of the people complains
about something. Then they fix things
up the easiest and most temporary way
and take bows for their accomplishments.

I guess that's their idea of "majority
rule."

Let's have less bickering in borough
hall and more action on the growing
smoke nuisance.

Let's not wait until we all develop TB
from breathing this stinking smoke.

Pottstown SMOKEY JOE

Home Smells

To the Editor: My kitchen, my dining
room and my bath smelled like garbage
bins during the dump fire.

Pottstown is supposed to be a clean
industrial town. They brag about their
record for cleanliness.

But you can't prove it by me. They
permit a fire on that stinking, rotten
heap right under our noses.

The borough dump positively isn't fit.
It's an incubator for rodents, and you
know the relation of rodents to disease.

We have snot from our smoke stacks

and sewer-like smoke from our dump.
I ask what torture these comical in-
competents will try to subject us to next.
Pottstown SMOKE-SATURATED

In the Dumps

To the Editor: I don't mind long weeds
all over Pottstown. At least you can
step around or over them and sometimes
avoid getting a run.

I don't mind the rotten streets. You
can drive slow or try to avoid the real
worse streets.

I don't mind the fact that we don't
have any civil defense to talk about or no
police doctor.

A lot of the bad things about Potts-
town I kind of close my eyes to. Be-
cause every town has problems.

But when smoke seeps into the house,
through the doors and windows and dirties
my clothes and makes me and the family
sick, then that's the end!

You can close your eyes to that but
you can't close your nose and your stom-
ach.

Are we supposed to just hope and pray
that the wind is right every morning
when we get up so that we're not poi-
soned?

Can't the top men cope with a dump?
I'm down in the dumps.
Pottstown SICK

Demands Action

To the Editor: I don't know who's at
fault in the big blaze at the borough
dump.

I only wish the responsible party
(whether that be the burgess, the borough
manager, the fire chief, the chief of
police, the highway superintendent or the
garbage collector) would do something to

correct the situation.
Maybe we should blame all on our
councilmen.

But I can tell you one thing. A lot of
people in Pottstown are getting sick and
tired of these fires and they sooner or
later will demand action.

I had a short walk out on the line last
week when that stinking mess rolled over
the borough. You don't have to have a
very sharp imagination to guess what
happened.

I had a first floor window in the living
room open.

Again, you don't have to stretch your
thinner very much to appreciate the dis-
taste which accompanied my daughter's
piano lesson.

From what I've been reading in the
paper all the borough officials are buck
passers. I haven't lived in Pottstown all
my life. And I'm glad I haven't.

If the handling of the dump menace
is anything like the official handling of
other borough functions, which I'm less
aware of, then it's a wonder, indeed, that
Pottstown has progressed as far as it
has.

You might say we're a pretty decent
community despite our apathy in local
government circles.

Pottstown SMOKED HOUSEWIFE

Candidates Plentiful

To the Editor: So the burgess wants
to hire a police physician at \$1000 per
year? He says he definitely has a can-
didate who'll accept the job.

Who wouldn't want a job that pays
\$1000 per year when the most cases you'd
probably have would amount to a dozen
or so during that year?

The Worry Clinic

By DR. GEORGE W. CRANE

MAVIS M. is a lovely wife who has
been married for ten years.

"Dr. Crane, I could never have a
baby of my own," she began. "So we
finally located a little boy for adoption."

"But we had him only about a year
when I became pregnant for the first
time."

"Since then, I have checked with a
number of other women who had adopted
babies because they were supposed to be
sterile, and in several instances I have
found that they also became pregnant
after adopting a child."

"Dr. Crane, how do scientists account
for such results?"

SOMETIMES young wives grow so
tense and unhappy because they can't
have a baby of their own, that this taut
emotional state may interfere with the
smooth functioning of their body.

For example, a star hitter in baseball
may go into a batting slump, and then
the more he strains to hit the ball, the
worse he is.

Tense emotional conditions interfere
with digestion and often cause spastic
colitis, peptic ulcers and other organic
ailments.

I once cited the case of a prominent
newspaper executive who broke out in
a heavy night sweat at 2 a.m. just be-
cause a quack doctor had told him he
was dying of tuberculosis and that he
should have night sweats.

So that very same night this news-
paperman broke out in a sweat like that
of a Turkish bath. And again at about
4:15 a.m. he suffered a second severe
attack of night sweating. Yet he didn't
have tuberculosis at all.

THIS POWER of the mind over the
body is included in psychosomatic medi-
cine. And it is far greater than we ever
dreamed of in past generations.

So an adopted child may cause the
mother to relax. Her entire body then
functions more normally.

This normal functioning then may be
what permits her to conceive and bear a
baby of her own.

There are so many cases of this sort
that medical men give credence to that
explanation.

But there is also another. Many sup-
posedly sterile couples later have babies
of their own just by studying the
"rhythm theory."

In fact, hundreds of you wives have
told me of your success in conceiving
after reading the sex facts in this clinical
newspaper column.

Hollywood

By EDITH GWYNN

HOLLYWOOD, Oct. 12—Every-
one's been insisting (for at least

kaput. And one
of 'em says they
were never more

Dick Egan comes

Also comes over
in real rugged

doubly refreshing after seeing some
of the swishes who won top mag-

Roberto Rossellini. Anyway,
George is about to sign on the line
as Barbara Stanwyck's co-star in
"Witness for Murder."

CHARLTON HESTON is home

So many people are sure to see
her as Bing Crosby's wife in
"Little Boy Lost." Nicole will
be an old friend by the time
"Legend" is released. ... Fred

panel shows come into being,
the next generation will be
born without legs! ... May
have mentioned that Doris Day
doesn't think "Lucky Me" will
be lucky for her—and is balk-
ing at the assignment. ... Now
Thelma Ritter doesn't like the
aroma of "Justice Brown" and
wants out.

HILDEGARDE NEFF is trying

Frederick county, Maryland, Aug.
1, 1779. On Sept. 13, 1814,
during the war between England
and the United States, he was
called upon to secure the release
of Dr. William Beanes, a friend
who had been captured by the
British during the burning of
Washington. Paying a visit to the
British fleet in Chesapeake bay
on that day, he completed suc-

ROCKY WITHOUT CONTENDER IN NBA RATINGS

WASHINGTON, Oct. 12 (AP)—The National Boxing association made it official today: There isn't a heavyweight fighter in Rocky Marciano's class.

For the first time since Joe Louis was in his heyday, the NBA left a big blank in the "logical contender" slot among the heavyweights.

The NBA's Fall ratings gave the same vote of confidence to Jimmy Carter, the world light-weight champion. No logical contender was reported in sight in that division.

Roland LaStarza, who was right behind Marciano in the Summer ratings, slumped to third place among the heavyweight division's outstanding boxers as a result of his TKO loss to the champion last month.

Moving ahead of LaStarza were Dan-Bucceroni of Philadelphia and former champion Ezzard Charles of Cincinnati. Nino Valdez of Cuba got a fourth place rating among the outstanding boxers.

THE NBA issued ultimatums to two champions to defend their titles or risk losing their crowns. These warnings went to Archie Moore, the light-heavyweight champ, and Percy Bassett, who holds the interim featherweight title while titlist Sandy Saddler is in the Army.

Bassett found himself in the strange position of being a champion and ranked fourth in his own division. Rated ahead of him were Saddler, Willie Pep, the former titlist, and Red Top Davis.

More was told to fight Harold Johnson or else. Fred J. Saddy, chairman of the NBA ratings board, put it this way:

The NBA was directly responsible for Moore getting the title match which gave him the championship. Now we want him to defend it against our sole logical contender.

The most cluttered division was the middleweight, where the title has been vacant since the retirement of Sugar Ray Robinson. The 12 logical contenders, Randy Turpin and Carl (Bobo) Olson, fight for the championship on Oct. 21.

But right behind them are six fighters rated outstanding boxers.

HEAVYWEIGHT — Champion, Rocky Marciano, Massachusetts; logical contender, none available; outstanding boxers, Dan-Bucceroni, Pennsylvania; Ezzard Charles, Ohio; Roland LaStarza, New York; Nino Valdez, Cuba.

LIGHT-HEAVYWEIGHT — Champion, Archie Moore, Pennsylvania; logical contender, Harold Johnson, Pennsylvania; outstanding boxers, Joe Maxim, Ohio; Roland Pompey, Virginia; Willie Pep, New York; Jim Mena, New York.

MIDDLEWEIGHT — Title vacant; logical contenders, Randy Turpin, England; Carl Olson, Hawaii; outstanding boxers, Paddy Young, New York; Joe Glambra, New York; Charles Humez, France; Rocky Castellani, Pennsylvania; Holly Mena, Washington; Willie Troy, Washington.

WELTERWEIGHT — Champion, Kid Gavilan, Cuba; logical contenders, Johnny Britton, Illinois; Carmen Basilio, New York; Gil Turner, Pennsylvania; Johnny Saxton, New York.

LIGHTWEIGHT — Champion, Jimmy Carter, New York; logical contender, none available; outstanding boxers, Wallace Smith, Ohio; Johnny Gonzalez, California; Orlando Zulueta, Cuba.

FEATHERWEIGHT — Champion, Sandy Saddler, New York (in Army); logical contenders, Willie Pep, Connecticut; Red Top Davis, New York; Percy Bassett, Pennsylvania (interim champion); outstanding boxers, Ray Fenech, France; Louis Perez, New York; Roy Ankarah, Africa.

BANTAMWEIGHT — Champion, Jimmy Carruthers, Australia; logical contenders, Robert Cooper, England; Billy Peacock, Pennsylvania; Pappy Gault, South Carolina.

FLYWEIGHT — Champion, Yoshiko Shirai, Japan; logical contenders, Leo Espinosa, Philippines and Jack Tuft, South Africa; outstanding boxers, Tanny Campo, Philippines; Terry Allen, England; Louis Skena, France.

Fewer Passes Being Thrown

NEW YORK, Oct. 12 (AP)—Is college football turning from the pass-happy, wide open vogue of the two-platoon era to the conservative, crunching game of the old days?

Statistics released today by the National Collegiate Athletic association showed that the once mighty forward pass is losing popularity under the new limited substitution rules.

Asa Bushnell, commissioner of the Eastern Collegiate Athletic conference, gave out the statistics at the weekly meeting of the New York Football Writers. The figures also revealed that games under the one-platoon system are played about six minutes faster than under the two-platoon rules.

BUSHNELL said a check of 1175 major college games in 1952—when the two platoon rule was in effect—showed an average of 36.7 passes per game.

So far this year, with something like 400 games accounted for in the first four weeks of the season, the average number of passes has been 28.9 per game—a drop of eight passes for each contest.

Figures compiled on eastern games alone showed the average time last year was two hours, 29.8 minutes whereas, under the limited substitution rule, the average game time has been 2:23.5, a difference of almost six minutes.

COMEBACK of Earl Sande, the one-time king of the turf, recalls other glamorous figures who ruled the athletic world in the "Golden Age of Sport" during the 1920s and early 1930s. Included in this group were Johnny Weissmuller, famed swimmer who turned to the movies; Bobby Jones, the golfer who now is retired; the "Ghost of the Gridiron," Red Grange, now in radio and business; Jack Dempsey, heavyweight champion who still referees

and has a New York restaurant; the late Babe Ruth, home run king of all time in baseball; the late Bill Tilden, world's greatest tennis player of his day; Willie Hoppe, the "boy wonder" of billiards who only recently retired; Charley Paddock and Paavo Nurmi, great men of the track, and Helen Wills Moody, the famed international tennis star. Most of these glamorous figures attempted comebacks but none at such a late stage of a career as did Sande.

SANDE RUNS 4TH IN 1ST

NEW YORK, Oct. 12 (AP)—Earl Sande, making a riding comeback at the age of 54, finished fourth on the favored Triple in the first race at Jamaica today.

The six-furlong event was won by Fighting Wise, with Eric Guerin aboard, in 1:14, with Abe Saltzman's Royal Rebel second, nearly a length back.

Royal Rebel was a neck ahead of Ten Goal. Sande's mount was another length and a half in the rear.

The holiday crowd gave Sande a big cheer when he came on the track aboard the Pennsylvania Farm's Triple, which had been backed down to odds-on favorite.

It was the sixth mount without a winner for the "handy guy" who began his comeback campaign a little more than a week ago.

Major Leagues Combine to Set Home Run Mark

NEW YORK, Oct. 12 (AP)—The 1953 season was the most productive one for home runs in major league baseball history.

Both circuits accounted for a total of 2076 homers, eclipsing the previous combined high of 2073 set in 1950. The National league bettered its own record by blasting 1197 home runs—97 more than the old mark also established three seasons ago. The American league had 879, but fell short of its all-time mark of 973.

Actually, there were 375 more home runs hit during 1953 than there were last season, with every major league team, except the Boston Red Sox and the Chicago White Sox, showing an increase.

Figures compiled by the Associated Press show that the Dodgers led both leagues with 208 homers while the Cleveland Indians paced the American with 160. The Washington Senators, playing their home games in spacious Griffith stadium, had the fewest, only 69. Still, the Nats hit more than they did in '52, when they had an even 50 homers.

Irish Increase Lead in AP Poll, Spartans Edge Terps for 2d

NEW YORK, Oct. 12 (AP)—Upsets took a severe toll of the nation's ranking college football teams last weekend. But mighty Notre Dame, which figured the Oct. 10 open date as the only cinch on its schedule, remained on top of the list.

Notre Dame's Irish benefited in a rather odd way from that gap in the schedule. They polled ten fewer votes for first place from the sports writers and broadcasters participating

in the third weekly Associated Press ranking poll of the 1953 season, but they came up with a larger point total.

Only 74 of the 131 voters this week picked Notre Dame first. But there were enough votes for other spots in the first ten to reach a total of 1226 points on the usual 10-9-8 etc. basis. A week ago there were 84 first place votes for Notre Dame and 1190 points.

Meanwhile Ohio State, one of the leading contenders, was the victim of a stunning upset at the hands of under-rated Illinois 41-20 and Michigan State teetered on the verge of another before beating Texas Christian 26-19.

AS A RESULT, Michigan State's Spartans were barely able to hold onto second place in the rankings, edging out Maryland by 16 points, and Ohio State tumbled from third place to a tie for 17th. Maryland moved into third place after an impressive 40-13 victory over Georgia, its fourth straight.

Maryland drew more first place votes than Michigan State, 21-14, but the final count gave the Spartans 977 points to Maryland's 961. UCLA, which blanked Wisconsin 13-0 Friday night, jumped from sixth place to fourth and Georgia Tech, 27-13 winner over Tulane, from tenth to sixth.

MICHIGAN held fifth; Duke and Baylor each moved up a notch to seventh and eighth, respectively. Two newcomers to the first ten were Illinois and West Virginia.

Illinois literally came from nowhere on the strength of its triumph over Ohio State. A week ago the Illini received only 13 points in the balloting after having been tied by Nebraska and then beaten Stanford. This week they polled 284 points.

Southern California, ranked seventh last week, was dropped to 13th after being held to a 13-13 tie by Washington.

Martin Optimistic

HONOLULU, Oct. 12 (AP)—World Series hero Billy Martin of the New York Yankees arrived today with Eddie Lopat's all-stars and immediately took off into rosy clouds of conjecture.

"The Yanks have an excellent chance of winning again in 1954," he said soberly to reporters at the airport.

Then, with barely a pause, he added: "We might make it seven in a row."

DEFENSIVE MEN under the two-platoon system who seldom handled the ball now are playing offense, too," he points out. "That's what the one-platoon system does. You have men playing offense now who never did before. They just don't know how to handle and hold the ball. They have to learn."

In the case of Texas it's a combination of that and also the fact that he has so many inexperienced men. "These youngsters are jittery and they try too hard," he explained.

23 School Teams Maintain Perfect Records This Year

HARRISBURG, Oct. 12 (AP)—With less than half the schoolboy football season in the record books (The Blue) Caroline, Sophomore five champions of the six major circuits in the State have been defeated or tied in league play.

The fifth weekend of the campaign saw Hershey, South Penn titlist and favored to repeat, stopped by Chambersburg, 0-0. Only Corry, one of last year's better clubs, and a good bet to repeat in the section II race, has been able to bowl over all its league opponents.

The Beavers chalked up win number five of the year, including two in the league, to give them 13 consecutive victories since early 1952. Dubois, victor in nine last season and five more this year, is the only major team that can beat that record. Both Corry and DuBois are among 23 major eleven's still maintaining perfect marks against all competition.

Aliquippa and Ebensburg have been definitely eliminated from the WPIAL Class AA and Western Conference competition, the Quips with one loss, Ebensburg with four. Old Forge, although still leading the northern division of the East Penn league, has a long road ahead following a loss to Scranton Tech.

LANCASTER lost its first Central Penn try and can still mathematically get to the top but the chances are slim with two league members still in the undefeated, untied ranks.

For the second week in a row only one of the big three independent clubs succeeded in winning. Steelton deadlocked Allentown 6-6, to ruin an all winning record. Pottsville downed Easton and Bethlehem escaped breaking a 34-year-old mark of never losing three straight games by the margin of one touchdown against Milton Hershey.

Biggest surprise of the weekend was recorded by a Larksville eleven that hadn't won in four starts. Larksville proved a thorn in the side of mighty Swoyersville for the second straight year, dumping the Sailors, 13-0. Last year Larksville tied a Swoyersville team that didn't lose at all. It was the first Wyoming Valley defeat for Swoyersville in years.

Reading took over the Central Penn top position by edging Williamsport for its third win but the big game saw York slip past Lebanon, 18-14, in a battle of two all winners.

J. C. Caroline Being Compared To Big Ten's All-Time Greats

'CHICAGO, Oct. 12 (AP)—The inevitable happened today. Football watchers began comparing J. C. Caroline, Sophomore halfback for Illinois, with Red Grange.

Caroline was destined to be streamlined from the start, when he was given initials instead of a first name.

And after a terrific prep football career at a Columbia, S. C. high school, he made his most tremendous ground gaining feat of all after graduation.

He traveled from Columbia to Champaign, Ill.

Caroline, a 181-pound, six-foot Negro, says he chose Illinois because his collegiate hero used to be Buddy Young, the Illini speedster of five years ago.

Another story is that a minor baseball league manager in South Carolina, a good friend of Illini coach Ray Eliot, steered him to Champaign.

Eliot merely says: "Let's say he came to Illinois because it is a great institution of learning."

Be as it may, Caroline really has arrived!

IN THREE GAMES, "The Blur" has sped 467 yards in 60 times with the ball for an average of nearly 8 yards per trip. His longest runs have been for 73, 45 and 64 yards.

The climax came Saturday when the quick-starting, elusive halfback—whose feature is a sharp change of pace—struck through Ohio State for 192 yards as the Illini won by a whopping 41-20 score.

At his current pace, Caroline will pile up 1201 yards in nine games this season. Grange, in his 1923 Sophomore year with Illinois, ran for 1260 in six games.

Grange also scored 12 touchdowns in his first season. Caroline so far has darted for three.

Experts agree that off his showing in three games, Caroline is the best ball carrier since Grange, more impressive even than Johnny Karras who in 1949 set a Big Ten rushing record of 732 yards in seven conference games. That mark was smashed by Wisconsin's Alan Ameche in 1951 with 774. Caroline's goal this season.

In three years, Grange rushed for 3637 yards and scored 31 touchdowns. Michigan's Tommy Harmon, a dozen years ago, carried the ball for 2134 yards in his collegiate career, averaging 5.3, and broke Grange's touchdown record with 33.

BOTH OF THESE all-time Midwest greats also picked up additional yardage by passing, 643 for Grange and 1399 for Harmon.

3 UF GROUPS GET SET FOR CAMPAIGN START

Hold Last - Minute Preparatory Meetings

Three United Fund committees held last minute meetings yesterday as the launching-date of the 1953 campaign drew nearer.

The kickoff dinner will be next Monday at 6:30 p. m. at the YMCA.

Meeting yesterday were the advance gift committee, the food and textile and general sections of the industrial division, and the residential division.

The advance gift committee met at 12:30 p. m. at the Shuler house. Charles Wiley, chairman, presided and reported that some progress was being made in reaching the quota of \$90,000, \$15,000 more than the past year's goal.

A final report on the committee's solicitations will be made at the kickoff banquet next Monday. Campaign chairman Howard Bartholomew was present at this committee meeting.

THE FOOD and textile and general sections of the industrial division met at 4 p. m. at the Firestone cafeteria.

More than 20 plant managers, labor representatives and other key campaign figures attended.

Robert Jeffries, chairman of the industrial division, stressed that each plant will run its own individual campaign.

He stressed "budgeted giving" via the payroll deduction plan to enable the employee to give with as little trouble as possible.

The standard contribution for food and textile workers was set at \$6 per employee while the standard figure for the general section was set at \$10 per employee.

This division's quota has been set at \$21,000, an increase of \$7000 over the past year's.

MRS. MELVYN Feroe and Mrs. Sam Keiser, co-chairmen, presided at the meeting of the residential division at the Salvation Army headquarters last night at 8 o'clock.

More than 100 team captains and workers are involved in this division.

The ward captains were announced as follows: West Ward, Mrs. Robert Zarger; Second Ward, Mrs. George Weber; Third and Fourth, Louise Raymond; Fifth, Mrs. Mary Steele; Sixth, Mrs. Melvyn Unneberg; Seventh, Mrs. William DeSot; Eighth, Mrs. Paul Gross; Ninth, Mrs. Hugh Craig; Tenth, Mrs. Louis Shoemaker.

The workers were briefed on their jobs and it was brought out that only those homes will be solicited where previous donations have not been made through the payroll plan.

The residential division's quota is \$13,650, an increase of \$2673 over the past year's.

BOY KILLED IN SHOOTING

PITTSBURGH, Oct. 12 (P)—A .22 caliber rifle slug killed 7-year-old Gary Callen today as he played in the upstairs of his home with a step-brother, Randy Frantz, 14. County detectives said the shooting was accidental.

form a jointure with Pottstown.

"Some people think that a merger will destroy the individuality of the townships involved," Miss Matthews wrote. "I don't think it will. Although the school directors will meet together, that will not interfere with the other internal affairs of the townships."

MISS MATTHEWS pointed out that a joint high school could be a better-equipped one, providing more in the way of commercial and vocational training, and extra-curricular activity such as music, than could separate, smaller high schools.

On the other side of the picture, she wrote, "The problem of transportation would be the chief disadvantage — especially for the students. For some, it would mean that they must leave home earlier and get home later."

"That might not be too inconvenient during school hours, but it would be difficult for students attending any evening activities at the school."

Highlights from the other winning essays were:

FOR, Mrs. Pengelly: "The Pottsgroves rely on Pottstown for their main shopping district. It is only natural for them to go there for an education."

FOR, Mrs. Titanich: "Township school boards should consider facts and figures, not local pride and prejudice. Higher education is not a matter of locality but of a higher degree of understanding and co-operation for the greater good."

AGAINST, Mrs. Lysinger: "It is agreed that the Pottstown schools are overcrowded and that the great population increase within the borough indicates that within a very few years, borough residents will need for themselves all their existing educational facilities."

AGAINST, Mrs. Strohl: "The students from Upper and Lower Pottsgrove already attend Pottstown High, and West Pottsgrove has a nice High school. I don't see any point in disrupting the students from Stowe. What is to become of the fairly new High school building in West Pottsgrove?"

Kaiser Will Resume Henry J Production

DETROIT, Oct. 12 (P)—Kaiser Motors corporation announced today it will resume production of Henry J passenger cars Oct. 26.

Kaiser's big Willow Run plant here, where automobiles and Air Force cargo planes used to come off parallel assembly lines, has been shut down since June 29.

The company's plane contracts were canceled by the Government. Kaiser did not say when it would resume production of its larger Kaiser model cars.

The first employees will be called back Oct. 19, Kaiser said, but the number who will be back on the job a week later was not disclosed. There were about 4500 workers in the company's automotive division at the time of the shutdown.

Federal Treasury Officer Will Address Kiwanians

A director of one of the United States Treasury's divisions will be guest speaker at the meeting of the Pottstown Kiwanis club tonight.

The speaker will be J. Edward Bloesinger, State director of the savings division of the US Treasury.

The meeting will be held at the Senior High school cafeteria at 6:15 o'clock.

just when will the police committee meet and when will the gentlemen be named. I believe this question has been kicking around for a year or so, more than a year. Mr. Knause has an idea and it sounds pretty good, but I think the committee should meet within a week."

William H. Reifsnnyder, Sixth ward president of council, leaned toward Borough Manager Horace B. Gulden and said politely, "Mr. Gulden, you'll see that the chairman of police committee is notified and a meeting is scheduled in the next week."

Only a few motorists were arrested on drunken driving charges in recent years.

Burgess Griffith's \$1000 plan could mean as much as \$100 per examination, at the rate of ten sobriety tests per year.

In some years less than ten drivers were charged with drunken driving in the borough.

streets being paved on the one-third, two-thirds plan there should be a big excess in the highway budget alone. It seems all other departments are remaining within their budgets.

Knause asserted, "I believe you realize Mr. Kohler the one-third, two-thirds plan has nothing to do with the money we'll have left, if any, in the highway budget."

Kohler asked Borough Manager Horace B. Gulden if there wouldn't be an excess in the highway budget.

Gulden said, "I'll run pretty close."

REIFSNYDER asserted, "It's virtually impossible at this time to tell about taxes for next year."

Kohler angrily snapped, "Well I should think we would have some indication by now whether taxes can be lowered as promised."

Knause closed the brief exchange, "No one would rather see a reduction than I would."

COUNCIL passed for first reading a sign ordinance, requested by Building Inspector Arthur S. Kepner and modeled after similar ordinances in Reading and Allentown.

Copies of the extensive ordinance will be presented to all councilmen before the next meeting for their study.

Man 'Satisfactory' After 30-Foot Fall At Firestone Plant

A 22-year-old man fell an estimated 30 feet yesterday morning at the Firestone Tire and Rubber company plant, while working on the power plant project being done there by an outside contractor.

Thomas Rhodes, Norristown, was taken by Good Will ambulance to Memorial hospital, where he was admitted with an ankle injury that may be a fracture, as well as back and head injuries and shock.

His condition was listed as "satisfactory."

X-rays were made to determine if there were any fractures.

"He was darn lucky," said a spokesman for the contracting firm of Day and Zimmermann incorporated, Philadelphia.

RHODES had been helping bricklayers on a patented metal scaffolding on an outside wall of the boiler house. What apparently happened, the spokesman said, was that he leaned back against a railing, and the railing broke.

The 22-year-old landed on the ground. Fellow-workmen covered him up but didn't move him, lest they aggravate his injuries. They called the ambulance.

The spokesman made the 30-foot distance estimate.

2 Korean Veterans Will Address Women

Durrell Blank and Jacob Mock, Boyertown returned Korean war veterans, will address members of the Woman's club at its monthly meeting to be held this afternoon at 2 o'clock in the Community center, 314 West Philadelphia avenue.

The two young men will be introduced by Mrs. Russell W. Johns, chairman of the club's department of internal relations. The men will give a commentary on Korea and colored slides will also be shown.

Next Monday night the club will play host to the Junior Woman's club. The meeting will begin at 8 p. m. at the Community center. Mrs. Paul R. Hafer will be guest speaker and show colored slides and talk on her trip to Paris and London.

'Life of St. Paul' Series Will Continue Monday

The third and fourth of a series of films on the "Life of St. Paul" will be shown at the monthly meeting of the Churchmen's Brotherhood of St. John's Evangelical Lutheran church, Boyertown, Monday night at 8 o'clock.

President of the brotherhood, Ray R. Ritter, has extended a special invitation to all persons of the community to attend.

Boys' Work Program Of Optimists, YMCA Will Open Tonight

The Pottstown Optimist club, in conjunction with the YMCA, will open its annual Winter Boys' Work program tonight.

Registration for all boys who want to take part in the program will start at 7 o'clock tonight at the YMCA. To be eligible boys must be between the ages of eight and 15.

The program consists of a group of Junior Optimists clubs, which meet on Tuesdays from now until next May.

The clubs include woodshop, stamp collecting, photography, oratorical, crafts, and sports.

The past year, more than 100 youths took part in the classes.

TEACHING The various groups this year will be: woodshop, Thomas Hodge, Clyde Wary, Ivan Bortner; stamps, Richard Moore; photography, Gerald Fegley, Leonard Fegley, and Ray Meyers; oratorical, Ivan Bortner, Daniel Koons, the Rev. John Smoker; crafts, Dr. Walter Schell, Randolph Stoltz; sports, Peter Illis; harmonica, Duncan Hunsberger.

Each group is run like a club, with its own officers, dues, rules, etc. Besides the instruction they receive in the field for which they register, the youngsters also learn how organizations run, as well as parliamentary procedure.

In charge of the whole program is Harold Eschbach, Optimist first vice-president in charge of boys work. Charles Fegley of the YMCA is that agency's man in charge.

Linfield Church Holds Rally Day Services

Linfield Evangelical and Reformed church held its special Rally Day service Sunday. There were 204 pupils and visitors present at the service.

The speaker was the Rev. Charles Wiegand, who is pastor of the Pine Beach chapel in Pine Beach, N. J. He gave an object lesson, using a wooden model.

Robert Rupert rendered a trumpet solo as special music. Alfred Shantz Jr., superintendent, and his assistant, Theresa Gauger, had charge of the entire program.

There was a special offering taken in which all the organizations and classes of the church school and congregation gave their gifts to the church. A total of \$2050 was given. This total doubled the amount which was donated the past year. The primary and beginners department gave the largest amount, \$700.

FIRE COMPANY TO ASK GIFTS

Donations Will Be Used To Purchase Better Equipment

The Upper Pottsgrove Fire company will solicit donations from the township's residents in the near future for the purpose of securing more and better equipment.

President Harold J. Rubright Jr. said last night that the company's first concern is making sure members know how to operate the apparatus on hand. No date has been set for the solicitation.

Discussion on the operation of fire-fighting apparatus highlighted a fire company meeting last night. Fourteen members attended and eight new members were accepted by the company. Ten names were proposed for membership in the group.

Rubright said the company also discussed the possibility of the township adding a siren to the roof of the fire company building. He said the company was promised this siren some time ago, and that members hope to get it soon.

The company also will get its truck ready for full service, Rubright said, as the company is planning a general improvement.

Air Force Colonel Tells Reservists of Washington Parley

Pottstown Air Reservists heard last night what it's like to sit in on a meeting of Air Force generals.

Col. Charles W. Skeele, Harrisburg, commanding officer of the First Air district, was guest speaker at the meeting in the American Legion home.

He told the airmen of decisions reached in talks at Washington, D. C., from which he had just returned.

One decision, he said, set next Jan. 1 as the last date on which ex-Air Force men can join a reserve unit such as Flight C, the local unit.

Major Elmer S. Friedberg, Flight Commander, was in charge of the meeting. It was the first of the season at the Legion home, with 15 members attending.

Capt. George Weisfeld was in charge of a short discussion on wing organization.

Talk by Host Pastor Set for Bible Meeting

Pottstown area Bible class members will hear a talk by the pastor of the host church at their monthly meeting tomorrow night.

The Rev. C. William Ebbert, pastor of St. Paul's Reformed church, Walnut and Penn street, will speak on the topic "God Shows No Partiality."

The meeting at St. Paul's will be attended by men from 34 local area churches, members of the Federation of Men's Bible classes.

The 7:30 o'clock meeting will include a hymn sing, business, sociability and refreshments, as well as the address.

NURSING SHORTAGE CITED

PITTSBURGH, Oct. 12 (AP)—A shortage of nurses is the greatest problem facing the nursing profession, Marion W. Sheahan, associate director of the National League for Nursing, said today.

Television engineers estimate color television sets will not be in supply on the free market before 1956. First sets, they say, will cost from \$800 to \$1000.

2 Board Candidates Talk Before Meeting Of Taxpayers' League

Two candidates for the Vincents Consolidated school board position to be voted upon in next month's election spoke informally last night before a meeting of the East Vincent Taxpayers' league.

Sixty-five persons attended the meeting, held in the Ridge fire house. Speakers were Paul Detwiler and Mrs. Vernon Styer, candidates for a board vacancy created by the decision of President Franklin Mowrer not to run again.

Both candidates stressed that their appearance was merely for the purpose of "getting better acquainted."

The league was formed about two years ago to hold down the cost of the consolidated school, on which construction then was about ready to start.

The school now is almost completed and an open house will be held in the near future, pending the date of final completion.

Jewish Veterans' Chief Will Speak Tomorrow

Leon Sacks, state commander of the Jewish War Veterans, will be guest speaker at a past commanders' banquet of the Pottstown Leblang-Friedman-Kessler JWV Post 363 tomorrow at 6:30 p. m. in the Maria Assunta lodge.

Twenty members attended the first meeting of the Fall season last night and completed plans for the banquet. President Sam H. Brummer announced these committee appointments:

Membership, Mort Schonberger, Walter Bass, Hilary Prince and Joseph Raden; welfare and welcoming, David Kessler, chairman; remainder of committee not yet appointed.

40-Hour Devotions Will Close Tonight

A 40-hour period of devotions at St. Aloysius church will close tonight with a solemn benediction and procession starting at 7:30 o'clock.

The Rev. Walter Corrigan of St. Catherine's church in Allentown will deliver the sermon. Thirty visiting priests will help in the observance and take part in the procession, along with the men attending the 40 hours.

The period began Sunday at 11 a. m. with a solemn mass and procession.

The Rev. William M. Begley, rector of St. Aloysius church, said the church has been filled for the past two nights. Many children will take part in the procession in the church, he added.

The choir will be under the direction of Paul Marchek.

SENTENCE DEFERRED

SCRANTON, Oct. 12 (AP)—Gilbert J. McCauley, 40, former assistant cashier of the Third National Bank and Trust company, pleaded guilty today to a charge of embezzling \$174,000 in bank funds and sentence was deferred indefinitely by U.S. District Judge John W. Murphy.

Moose Conducts Service For National Director

Pottstown Loyal Order of Moose Lodge 368 last night held a memorial service for Malcolm R. Giles, director general of the National lodge, who died Sept. 29 near his home in Mooscheart, Ill.

Secretary George Rhoads gave a report on a district Moose meeting held Sunday in Lehigh. Plans were discussed for a district meeting in Pottstown Nov. 8.

The current membership campaign also was discussed.

About 20 members attended the meeting, which was presided over by Gov. Harry J. Wells.

Pumper, Ambulance Race To Norco Brush Blaze

Philadelphia Steam Fire Engine company's pumper answered a brush fire call near Laurel Locks turkey farm in North Coventry township yesterday afternoon at 1:15 o'clock.

Edward Scheetz, who drove the pumper, was aided by Robert Roth, who drove a Good Will ambulance there, North Coventry Police Chief Daniel W. Guldin directed the vehicles there over the winding roads.

Harry Hoffman, Pottstown RD 2, said he was burning brush along the road when a gust of wind sent it out of control, and he called firemen as a precaution.

Pottstown's Prides

Another in the series of beautiful homes that make Pottstown warm

—Mercury Staff Photo
Mr. and Mrs. Robert Fry moved into this home of theirs at 353 West Chestnut street only the past January but already they've done a lot of

work on it.

The house, part of Pottsgrove manor, was built by F. A. Collins. The Frys have planted two maple trees and intend to have another go at

the lawn, which the past summer's weird weather hurt.

They've also put a fence up in the back, repainted the kitchen, repainted the hall and insulated the attic.

Eventually, they plan to have two bedrooms in the unfinished attic and make a downstairs bedroom into a den. Fry is an inspector for Doehler-Jarvis division.

County Agents Hold Business Sessions, Plan Tour Today

Montgomery and other Pennsylvania counties were well represented yesterday at the first business session of the 38th annual convention of the National Association of County Agricultural Agents in Philadelphia, according to County Agent R. G. Waltz.

Waltz and Marion R. Deppen, assistant county agent, were delegates from Montgomery county. Attending also from this county was Mrs. Waltz. From Berks county were County Agent James F. Haldeman, former assistant agent in Montgomery and Harry Shaffer, assistant agent.

County Agent Waltz said plans were completed for the tour by bus arranged for all agents and guests today through Valley Forge, into Lancaster county, and returning through Chester county.

Waltz and J. D. Hutchison, Luzerne agent, of Wilkes-Barre, are in charge. Enroute they will see some of Montgomery's agriculture. Pennsylvania county agents will be stationed on each of the 30 buses to call attention to points of interest along the route.

CHARLES WILEY, president of the board of directors of Memorial hospital, turns over the first spadeful of dirt yesterday as work on the new hospital wing got under way. At left is Paul Sidley, chairman of the building committee, and at right, Albert Pollick, hospital administrator. The addition will cost \$143,687.

Ground Is Broken, Job Starts on New Hospital Addition

Ground was broken yesterday afternoon for the start of the construction of a new wing for Memorial hospital.

Turning over the first spadeful in informal ceremonies was Charles Wiley, president of the board of directors.

Work on the project already has started, Albert Pollick, administrator, said last night.

Pollick explained that formal ground-breaking ceremonies were not held because "we didn't want to delay the workers any. We want to take advantage of all the fine weather we can."

The wing will cost a total of \$143,687.

THE NEW structure will house eight rooms, each containing two beds, and an isolation suite of two rooms, holding one bed each.

The structure will be a one-story affair and is being so designed that it is capable of supporting two additional floors.

The architect for the job is George Scutt, Eastern Engineering company, Reading, and the Burke Construction company, Reading, will be the general contractor.

Lawrence Hart and Son of Pottstown was awarded the plumbing and drainage contract; heating and ventilation will be done by John W. Yoder; electrical work by the H and R company, Pottstown.

The hospital board's original estimate of the cost of the project was \$125,000. That figure was boosted later, however, when the board decided to have the new south wing air-conditioned.

raid alert a week ago. The fire company sent its engines to Mont Clare and Oaks during the alert, he added.

Twenty members attended last night's meeting and approved the installation of seven storm windows in the fire building. The work already has been completed.

Two new members were accepted.

HOT CHASE —

(Continued From Page One)

Coventryville and his left knee bruised as he fell to the ground by Welsh's car, Conway said.

He said that Welch stopped but when Freese got up and limped around, the driver of the car turned off his lights and sped away toward Knaughtown.

Bishop was sitting in his own car nearby and decided to give chase, the officer explained.

Bishop told Conway that he lost control of his car when a hind tire blew out on a curve a half-mile east of Knaughtown.

Residents of the area called the Good Will ambulance and Bishop was taken to the hospital by driver William Tosto.

At the hospital, attendants said 12 stitches were taken in Bishop's right leg, two in his right ankle and three in his left hand. His condition was "good" late last night, but X-rays of the leg will be taken today.

While Conway was investigating the accident, Welch returned to the scene and was questioned by him.

Conway said that Welch admitted hitting Freese and was taken into custody for failing to stop and render assistance to the bicyclist.

Conway took Welch to W. S. Symons, South Coventry justice of the peace, where bail was fixed at \$500 for appearance at a hearing this morning.

When Welch was unable to furnish bail, he was lodged in the Pottstown jail overnight.

Broken Fuse, Stray Tools — Where's the Fire?

A broken fuse, then a short circuit that developed from the fuse trouble, caused stray tooling of the borough fire horn atop borough hall yesterday, it was reported by police and Edward Borowy, general maintenance man.

The horn sounded at 8:28 a. m. and at 1:05 and 3:05 p. m., the last two toolings being of long enough duration to start the usual flow of phone calls to borough hall, "Where's the fire?"

YMCA TEAMS CONGRATULATED ON 'FINE WORK'

Record Set in Drive For Members, Funds

Pottstown YMCA membership drive teams last night were congratulated for their "fine work in bringing in more members and money than ever before, despite the handicap of having fewer workers."

The occasion was the closing of a month-long campaign, during which time 837 members were registered and \$21,228 collected. Both figures are record campaign highs for the YMCA.

Thirty-five persons attended a dinner-meeting in the YMCA, at which time Charles S. Nagle, YMCA president, congratulated the teams and added:

"It is an achievement to be proud of, and the board of directors is deeply grateful. It was especially inspiring to see so many of our oldtimers working with undiminished spirit during the campaign."

THE PAST year, 793 members and \$20,192 were registered by the membership teams. Prior to this year, the most members signed in one campaign was the 815 in 1950. The most money previously collected was during the year.

A six-team membership contest was held, with each team representing a railroad. Engineers, or captains, were:

Richard Ludwick and Thomas Storm 2d, Benjamin Longaker and David Mauger, Thomas McCaslin 3d and John McCaslin, Harold Glenney and Harry Lord, Robert P. Smith and Paul Feight.

Tickets to University of Pennsylvania football games were given to members who brought in most new members.

J. R. Sotter, general chairman, presided at the meeting. Dinner was served by the YMCA Women's auxiliary, under the direction of Mrs. Linwood Decker.

Rittenbaugh Is Sentenced to Two Years In Jail on 3 Charges Made by Army

A 19-year-old soldier, who broke out of the prison ward in Valley Forge Army hospital, then barricaded himself in the attic of his Pottstown RD 2 house, has been sentenced to two years in prison. This was reported yesterday by the Second Army Public Information office at Ft. Meade, Md., where he was sentenced following a court-martial the past week.

His barricading attempt the past Aug. 14 ended in failure when a score of military, State and local police finally drove him out with tear gas after he had held them off for nearly two hours with a rifle.

He had been in the hospital's prison ward on AWOL charges.

AT THE court martial, a charge of desertion was dropped, but he was convicted on three other charges, being AWOL, escaping confinement and resisting arrest.

In addition to the prison term, he was sentenced to forfeit all his pay and allowances and to receive a dishonorable discharge.

Fire Company Asks Callers to Give More Specific Information

More explicit information from callers was requested last night by the Sanatoga Fire company.

President W. E. Knight asked persons calling to give their name, location of the fire, type of fire, to specify some landmark near the fire, and if possible, to have someone at a road nearby to direct firemen when they arrive.

"We will be able to save valuable time and property if these rules are followed," Knight said.

The company will have both its fire trucks in a Halloween parade on Oct. 30 and will sound the company siren to start the parade at 7 p. m.

Knight reported seven fire alarms answered during September and said the company took part in the test civil defense air

Seven Girls Honored At Church Service

Seven girls of the chapel choir of Royersford Grace Lutheran congregation were honored for faithful service on Sunday morning.

The young folks were commended by the Rev. Paul J. Henry, pastor, for their service to the church and to the Lord. Each one was presented with a pin with the word "choir" under a gold cross set in a blue field.

The girls began their work while in the Tenth grade of the High school and became eligible for membership in the senior choir of the church. Those honored were Dorothy and Marie Fischer, Jane Heiser, Donna Herbsleb, Georgia Kishbaugh, Sandra Schad and Patricia Toepel.

Christian Service Society Will Meet

Woman's Society of Christian Service of the Northwest district, Philadelphia conference, will meet Thursday at 2 p. m., and 7:30 p. m., in Haves Avenue Methodist church, Norristown.

Supper reservations should be sent to Mrs. Harry Custer, Collegeville RD.

Mrs. Robert H. Walker, Mt. Airy, Philadelphia, is the new district president, replacing Mrs. John Merkel, Pottstown, who served the past four years. A large attendance is expected.

Reading Temple Chanters To Perform in Royersford

The Rajah Temple Chanters, Reading, under direction of Charles E. Hoffmaster, will present a program of music in Royersford Methodist church Sunday night, Nov. 1, at 7:30 o'clock.

This group, which has sung in many churches and before many Masonic bodies in the East, will be making its first appearance in Royersford. The public has been invited to attend.

CLASS ELECTS CLUB OFFICERS

Groups Given Projects On Study of Planets

By JOHN BROWN

During the first week of school Fifth grade class elected club officers. They were:

Suzanne O'Keefe, president; Patricia Cisk, vice president; Walter Suavely, secretary; Gail Becker, treasurer.

Each Friday a class meeting is held and a program carried out. At the present the class is working on a Halloween party.

One of the other projects on which the class is working is a study of the age of the earth. Several different groups are carrying out selected projects. One group is selecting various types of rocks and are finding their scientific name, another group is classifying them into basic types. Still another group is studying the sun and our planet.

The class also has painted two murals, one depicting an Autumn field, and one which presents the earth at the time of the dinosaurs.

IN SCIENCE CLASS they are studying magnetism and each has made a magnet. They also have performed several experiments with magnets.

Second Grade Class Completes 1st Month In Norco School

By NANCY ANN SPOTTS

Mrs. Stauffer's Second grade has just completed the first month of school for this year.

It was a very happy month because everything was strange and new. As a result, the children were all interested.

They have been reviewing some First grade reading material in order to be better prepared for our Second grade readers.

They also have a new number book this year which they like very much.

The children also have a lot of fun playing word games. They have just learned a new game called "Wreck Train." The children all try to be "express trains" and not "wreck trains." The wreck trains are the ones who do not recognize the words as we play the game.

THE FOLLOWING children had birthdays since school began: Donald Brower, Susan Banus, Kathryn Miller, Kay Phillips, Susan Kline, Thomas Leinbach.

October will be a very joyful month because besides our regular work, we bring or make Halloween decorations for our room. This is in preparation for a Halloween party.

Teacher's Nephew Shows Color Film Of Journey to Mexico City and Cuba

By MARY RUTH HAHN

The Sixth grade of Mrs. Anna Hahn's room had a pleasant surprise when her nephew, Jacob Malenke, visited the room. Malenke recently returned from a trip around the world and showed his colored moving pictures to the class.

As the grade is in the midst of a unit on Mexico, he took the group on a film trip down the Pan American highway to Mexico City and then via airplane to Yucatan and Cuba, explaining points of interest along the way.

The complete process of making rope from the henequen plant on the Yucatan Peninsula was shown. Samples of the rope in various stages were examined by the boys and girls. A multi-colored serape, carved knife, a lace mantilla and other exhibits of the Mexican handicrafts were shown.

The other Sixth grade, taught by Mrs. Moyer, was invited to hear the travelogue.

GARY KERCHNER, who has been in the Pottstown hospital for the past three weeks is much improved. He reports that the many "get well wishes" have helped and are appreciated.

Stephen Torak was elected class president. James Stauffer and Caroline Moses were appointed

game leaders. Terry Keifer, Carol Groth, Reginald Swavely, Michael Hiriak, Leon Christman, Gail Kratz and John Banus are members of the school safety patrol. James Frederick is room librarian.

Their room has taken on a Mexican air with two big sombreros on the wall, a Mexican exhibit and pictures of Mexican people done in cloth by the students.

Dixie Overholzer celebrated her 11th birthday with a party given by her mother, Mrs. Harold Overholzer, with the students as guests. A large heart-shaped birthday cake and ice cream were served.

The submarine's major offensive weapon, the self-propelling torpedo, was invented in 1866 by Robert Whitehead.

Science Is Studied By Busy Pupils

By JULIA I. BENTZ

The pupils are busily engaged in doing perspective lessons. Their new subject this year, science, is one that has proved very interesting to all of them.

They particularly are fond of reading and performing the experiments pertaining to the subject.

History and geography to them are likewise new and entertaining. We are located in a new room this year, which was formerly the health room and now converted into a very attractive classroom.

The room is beautifully decorated with drawings of Fall leaves finished in all the Fall colors and also finger paintings of the scenes of trees and landscapes. The interesting lessons and attractive room lends a cheery spirit to all.

Settlement of Nation Discussed by Pupils

By ELIZABETH ANN CLARK

The Fourth grade class, taught by Mrs. Reis, has been busily collecting things that come from the different states in our country. They have been reading and talking about our country's discovery and settlement.

This week they all enjoyed seeing a movie which told the story of the first settlers in America. Now they know what kind of people helped to build the wonderful land of America that we all know today.

O'Connor, Kuzmeh Are 'Taking It Easy,' Preparing for Duty

Pottstown area's two ex-prisoners-of-war have been taking it easy since they've been back home.

Capt. Joseph O'Connor, Pottstown RD 4, and Lt. Frank Kuzmeh, Gilbertsville, have been using their days to rest, meet old friends, and renew acquaintances.

Capt. O'Connor had to spend about a week in and out of Valley Forge Army hospital for various tests and checkups but he completed his last one over the weekend and was pronounced fit as a fiddle.

Now he's starting 30 days convalescent leave.

Lt. Kuzmeh decided to "hit the road" the past week.

Accompanied by his brother Chesler, who flew down from Alaska when his younger brother reached the United States, the lieutenant is driving down to Florida to visit a sister, Mary.

After a few days with her, the two brothers will drive to Austin, Tex., to visit another sister, Sophie. Then the two will return to the Congo road home of their parents, Mr. and Mrs. John Kuzmeh.

When the two officers report back for duty, in about a month, they'll have their choice of assignments, reward for the 1700 days they spent in Korean prison camps.

Capt. O'Connor was captured in the Fall of 1950 and Kuzmeh was shot down a year later.

42 Local Residents Will Dine With Ike At Hershey Tonight

The final tally shows that 42 tickets to President Eisenhower's \$100-a-plate birthday party in Hershey tonight have been sold in Pottstown.

Many of the Pottstonians taking in the huge Republican rally will ride the special Reading company train, scheduled to leave Pottstown at 3:38 p. m.

Among those who bought tickets were William O'Donnell, William Pollock, William M. Hiester, Thomas McCaslin, Gordon Asheimer, Floyd Sisto, Robert Jeffries, William Boden, C. Edmund Wells, Whitney Kerchner, Harry Hershey and William Boalton.

Another 50 Pottstonians will be on hand for the big event, however, since the Pottstown band has been chosen to provide music for the gala occasion.

Serving on the local ticket committee are William Boden, C. Edmund Wells and Whitney Kerchner.

Army Pays \$30,000 For AWOL Private

FORT CAMPBELL, Ky., Oct. 12 (AP)—Pvt. Olen Mowdy, upon whom the Army says it has spent more than \$30,000, was confirmed in the stockade here today.

Mowdy arrived under guard from Portland, Ore. The soldier disappeared from Fort Campbell Aug. 7 and was believed drowned. A battalion of soldiers, aided by aircraft, searched for his body around Kentucky lake.

Army spokesmen estimated the "rescue" operations cost about \$30,000.

But Mowdy wasn't in the lake. He turned up in Oklahoma City, posing, the Army said, as an orphaned football star in search of a team. Several coaches were interested until they found out he was an AWOL soldier.

The Army sent two guards to Oklahoma City to return Mowdy to Fort Campbell, but he eluded them by jumping train at Oak Grove, Ark. Then he went to Portland to visit his mother. She turned him in.

Fort Campbell authorities said his trial date has not been set. They added he owes the Government \$807.06—the cost of returning him to camp.

Wilmerding Man Heads Electrical Workers

EMPORIUM, Oct. 12 (AP)—The president-elect of unaffiliated United Electrical Workers, District 6, is Dan Marguriet, of Wilmerding.

He succeeded Stanley J. Loney, whom he defeated in the annual election here yesterday.

Also elected on the slate headed by Marguriet were Paul Clark, of Derry, vice president, and John Nelson of Erie, secretary-treasurer.

POTTSTOWN Airplane Owners and Pilots and Civil Air Patrol members beam with anticipation in this picture taken as they arrived at Dover Air Force base, Dover, Del. on Sunday morning. The two local groups joined forces for the breakfast flight to Dover, where they watched Air Force sabre jet fighters perform.

They also toured the hangars and shops at the field. They were the first civilian flight to visit the field, the commanding officer told them. Over 50 pilots and friends took part in the flight, traveling in 17 planes. Except for light haze, the flying was ideal, they reported.

DUMP FIRE —

(Continued From Page One)

I guess you all know why we're here. We firemen feel we have done our part in controlling fire at the dump.

"We feel the dump is not being properly managed. We believe there should be a reliable man there to watch the dump. It's now gotten to the point where we can't get firemen to go down there.

"We paid firemen must go, but what can four firemen do in a spreading fire like that?"

Roth reported, "In the past 15 months, firemen have made 15 trips to the dump and spent 85 hours fighting fires there. Our company alone has made ten calls.

"We know dumps catch on fire. But most of the time those fires are not necessary. Our fellows are pretty fed up with the situation.

"If you've ever been there when the dump's on fire you'd know why men get sick. You have to brush the cockroaches off your sleeves and battle the rats.

"The odor is about as bad as anything you've ever smelled. After a couple hours there you come back to the fire hall with your clothes stinking and you're sick.

"He (Woodley) made a statement that he would furnish six men to fight the dump fire, but that's a complete lie.

"I walked over to Woodley and asked him to put his bulldozer to work. That's the only way you could control this. He said nothing doing. In the heat of the argument he accused firemen of being guys who'd take food out of little children's mouths.

"I claim the dump is not properly maintained. After we use a pump 200 hours it must be overhauled and an overhaul job is worth \$1000. I don't see why we should pay for the negligence of someone else."

RALPH L. WEIS, Fifth ward chairman of fire committee, demanded angrily, "Wasn't there an agreement between the borough and Woodley last summer. Didn't we agree to install pipes there and provide a pump for Woodley to fight fires?"

Borough Manager Horace B. Gulden asserted, "That was about July. The health and sanitation committee decided a pump and some pipe should be provided. If there's any negligence on that, it's mine. I've been here 15 months and when I came here there was a fire on the dump, but I don't remember firemen making 15 calls there."

Roth asserted, "If you want the dates, and times I can produce them tomorrow."

Paul P. Kohler, Second ward, said, "I think this is a matter which should be thrashed over by the health and sanitation and fire committees and I think it should be done within a week."

J. Wayne Knause, Seventh ward, said, "When I was contacted last week by the Bethlehem Steel company office on the dump fire, I took it on myself to call Mr. Lindauer before the condition there was very bad. I asked him to send the firemen down there. As to the

tacted by Strange before council convened. There was no committee meeting during the past month.

Reifsnider said, "I think, Mr. Twaddell, it would be better to see the head of police committee first."

Twaddell, with evident surprise, said, "I don't see why I have to report to the committee. What about it, Mr. Solchitor?"

Solchitor C. Edmund Wells, asserted, "Anyone can bring up an amendment on the floor of council."

Gustav H. Schade Jr., Ninth ward, asked Twaddell the reason for his request of the increase.

The tall Fourth ward councilman explained, "This man's time is taken up considerably by the job. He saves the borough \$750 each year by his work. He had to go to school two years to qualify for the job."

Knause added, "However justified the cause may be I think it first should have been submitted to the committee."

WILBERT O'Dell, Eighth ward, said, "On the surface it seems to be a commendable suggestion. I think in order for it to get the proper support it should go to the committee."

Reifsnider said, "If there's no further comment then we'll have voice vote."

Paul P. Kohler, Second ward, demanded a roll call vote. The amendment was defeated 10 to 6.

Warren Endy, Second ward, qualified his "no" vote with the explanation, "I'm in favor of the increase, but it should go to the committee first."

C. Raymond Eppchimer, Seventh ward, voted "no" and then said, "I think it should go through the committee first."

John S. Frain, Fifth ward, voted "no" and added, "It must go to the committee as far as I'm concerned."

Charles S. Grubb, Ninth ward, gave the first "yes" vote. W. Mark Henricks, Tenth ward, explained, "I'm not voting. What's the use?"

Twaddell at this point belligerently interrupted the roll call. He snapped, "I've sat in this council for almost eight years. I have never heard of an amendment."

Meeting Put Off By Flagg Union

There will be no meeting of Flagg Local 2325, U.S.W.-CIO today, the regular meeting date.

A union official explained last night, "We haven't had a meeting since July. We were told then by the membership not to call another meeting until we could come back with a better offer. We haven't gotten an improved offer and that's why there have been no meetings in August and September."

Eight-hundred workers went on strike at the sprawling plant this past Aug. 1.

Despite three meetings between company and union officials and a representative of the State conciliation service, the strike has continued.

PEPHEIMER reported on the water committee session at which a contract for a new 500,000-gallon water tank was awarded to the Chicago Bridge and Iron company, on a low bid of \$97,630.

Council approved an ordinance to vacate a portion of North Washington street across Junior High school property.

The Good Will Fire company was exempted from real estate tax on a 30-foot strip adjacent to their High street property.

A resolution calling for no parking on Queen street from Moser road to Sunset drive, two-hour parking on the east side of Moser road, from High to Queen streets was unanimously approved.

Members approved the paving of North Franklin street from East to Wilson streets, a 473-foot project. Schaeffer reported \$10.19 in "gas" receipts from Manager John J. Basco of Pottstown Municipal airport. Kohler requested the report.

Endy said, "He doesn't sell much 'gas,' does he?"

Archery Hunter Bags Two-Point Buck On Opening Day

A member of a Pottstown area sportsmen's club knocked down a two-point buck 20 minutes after the season on deer opened yesterday for bow and arrow hunters.

The archer, Daniel A. Paciello, Ambler, is a member of the Perkiomen Valley Sportsmen's club, Collegeville.

He killed the 120-pound deer near Hills Grove, Sullivan county, at 7:20 a. m.

Paciello was one of more than 8000 bow and arrow hunters who took to the woods yesterday on opening day of the two-week-long season.

TWO OTHERS from the same club who live in Pottstown didn't fare so well, however. They're a husband and wife team, too.

Mr. and Mrs. William Taglieber (she's Ruth) hunted the Pruss Hill area yesterday but didn't catch a glimpse of the antlered animal.

Taglieber, who's a veteran at shooting the deer with a rifle, only started shooting with the feathered shafts the past January.

His wife took up the age-old sport at the same time. Not discouraged, the local couple plan to go out several more times this week for a chance at a shot.

Junior High PTA Elects State Convention Delegates; Parents Quiz Faculty Members in Panel Discussion

Mrs. David Stevenson, president of the Junior High school PTA and Mrs. Charles Weaver, program chairman, have been chosen to attend the state convention scheduled next Sunday to Wednesday in Philadelphia.

PTA members also elected to entertain were Helen Purnell, vice principal and dean of girls, Mrs. Carl Keller, Mrs. George McClean and William Mower, principal, at the Life Membership dinner, one of the activities at the convention.

Program for the recent local PTA session was a discussion titled "Your Junior High School." Moderator for the group was William Mower.

Panel members included Helen Purnell, William James, guidance director and dean of boys, Margaret Guinee, Seventh grade teacher and director of the club.

Conrad Cramp, Eighth grade history teacher.

In answer to the question, "How is my child assigned to his section?" Mr. Mower outlined administrative problems involved in placing nearly 1200 pupils.

He told the parents that the child's records throughout elementary and junior high school are studied. The child is then put in a group having similar records. However, this group must be divided and subdivided because of size, subjects and extra curricular activities.

Miss Guinee described the various clubs available to the children. Among these are: "Echo," the school paper, twirling, cheer leaders, hobbies, spectator sports, safety patrol, tumbling, and even pinochle and canasta groups.

The problem of making up tests missed because of absence was answered by Mr. Cramp. He explained to the parents that in the case of a legal absence the student should contact the teacher and arrange to take the test as soon as possible.

However, in the case of an illegal absence, Mr. Cramp felt that the child should be given a mark of failure for that particular examination.

A discussion of over-crowded conditions in the school followed Mr. Mower's statement that although the school was built to accommodate between 880 and 900,

there are 1178 pupils enrolled now.

The question of school sponsored hay rides was raised.

Mr. Mower made it very clear that they are not included among the approved activities sponsored by the Junior High school.

In the case of approved outside activities, before any child is allowed to participate he is required to obtain written permission from home.

Mrs. Eugene Smith presented Mr. Mower with a life membership to the PTA as a token of appreciation for his outstanding cooperation and support of the group.

National Parent-Teacher magazine, and expressed the hope that all members would subscribe to it.

Attendance awards were won by the home rooms of William Hartman, Seventh grade; Iva Missimer, Eighth grade, and Walter McDone, Ninth grade.

Following the meeting, teachers and parents had time to visit in the class rooms and then refreshments were served in the cafeteria by the hospitality chairman, Mrs. Kenneth Kirk and Mrs. Edward Miller, and their committee.

WOMEN'S ACTIVITIES

Visits by Their Children and Grandchildren Will Mark 53rd Wedding Anniversary of the William Feters

"I have 12 grandchildren and five great grandchildren, and I love 'em all," said William Fetter when speaking about his expanded family.

He and Mrs. Fetter are observing their 53rd wedding anniversary today at their home in Building N, Unit 1, Penn Village. Both of them are recovering from illness so no large celebration has been planned. However, children and grandchildren will probably visit them, as they always do on their anniversary.

The 12 grandchildren and five great grandchildren of the Feters, are the offspring of their three children, William, Travis and Mrs. John Riley.

William and his wife live in Reading. They had three children, Travis and his wife, who reside here in Pottstown, had four children. And Mrs. John Riley, living with her husband in Philadelphia, had four daughters and one son.

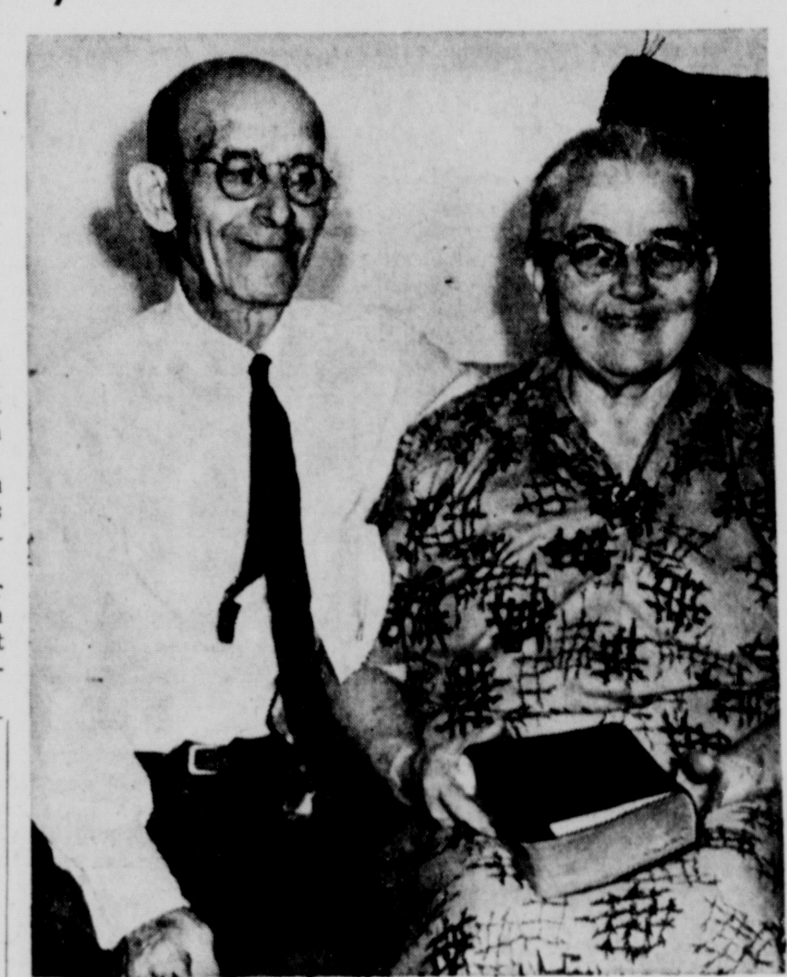

The Feters were married Oct. 13, 1900 by the Rev. C. E. Bartholomew in St. Mark's Reformed

parsonage, near Cressona.

Mrs. Fetter is the former Ada Wiser, daughter of Mr. and Mrs. Julius Wiser, Cressona. At that time Mr. Fetter was living in Schuylkill Haven.

The couple moved to Pottstown June 29, 1929. Mr. Fetter was associated with the Reading railroad for 52 years.

Retired now, Mr. and Mrs. Fetter enjoy themselves at home with their radio and the television set recently given them by their grandchildren.

LAUSCHE NAMES DEMO MAYOR TO SENATE POST

Thomas A. Burke Picked To Succeed Taft

COLUMBUS, Ohio, Oct. 12 (AP)—Ohio Gov. Frank J. Lausche today appointed Thomas A. Burke, Democratic mayor of Cleveland, to the Senate post left vacant by the death of Sen. Robert A. Taft.

Naming the Cleveland Democrat left the Senate with 48 Democrats, 47 Republicans, one Independent.

The appointment gives the deciding vote to Vice President Richard M. Nixon should a Senate vote result in a deadlock.

Sen. Wayne Morse of Oregon was elected on the Republican ticket but later bolted the party. Since Taft's death the past July 31, Morse has been voting Republican on policy matters.

Lausche, a Democrat, telephoned his announcement to his Columbus office while enroute to Cleveland to attend Columbus day ceremonies. Lausche's personal secretary released a statement in which Lausche said:

"I anticipate that he (Burke) will take no action upsetting the present organization of the Senate and that he will constantly have in mind the interests and welfare of all the people."

Lausche's appointment of the Cleveland Democrat followed closely on the heels of action in the Ohio Supreme court to compel the Governor to name someone to succeed Taft, who died the past Summer of cancer.

PAUL J. HERBERT, former Ohio lieutenant governor and Republican wheelhorse, asked the Supreme court for an order compelling Lausche to name an immediate successor to Taft, official Mr. Herbert.

Herbert said Ohio law required Lausche to name a successor "forthwith."

Lausche had said earlier there was no reason to appoint an early successor because the Senate was not in session. He cited remarks by US Sen. John W. Bricker of Ohio that the Senate probably would not convene before January.

The new senator was born Oct. 30, 1898 in Cleveland. He married the former Josephine Lyon in June, 1924. They have two children, both daughters.

COPS 'WATER DOWN' ANTI-US MOB—Police in Belgrade use high pressure fire hoses to disperse a mob of angry Yugoslavs demonstrating outside the US embassy in protest against ceding Trieste's Zone A to Italy. The excitement occurred after it was proposed by American and Great Britain that Zone A, formerly occupied by British and US troops, be given to Italy.

Yugoslavia Calls for Direct Talks With US, Britain, Italy, Notifies United Nations Trieste Poses Threat to Peace

BELGRADE, Yugoslavia, Oct. 12 (AP)—Yugoslavia called urgently today for direct talks with the United States, Britain and Italy on the Balkan powder-keg issue of Trieste and notified the United Nations that a threat to peace exists in that strategic North Adriatic peninsula.

These rapid-fire moves took place in the capital today as angry Belgrade mobs—whipped up by the storm of official Yugoslav protests over the American-British decision to turn their zone of Trieste over to Italy—slugged the director of the US Information service and burned British library papers and pictures in the street.

President Tito's tough, independent Communist Government warned in notes to the three Western States that carrying out the decision to hand US-British-occupied Zone A—including the vital seaport city of Trieste—to the Italians was "likely to endanger the maintenance of international peace and security."

Tito already has pushed heavy troop reinforcements into Yugoslav Zone B of the Free Territory.

Diplomat Calls 'Situation Grave'

WASHINGTON, Oct. 12 (AP)—Yugoslavia's Foreign Secretary, Koca Popovic, said after a 50-minute conference with Secretary of State Dulles today that the Trieste situation "is really grave."

But he added that "I am firmly hoping with our common efforts we can improve the situation."

He termed his talk with Dulles "fruitful" but would not go into details since, he said, he was to see Dulles again tomorrow.

and threatened to march them on into Zone A "the moment Italian troops enter."

He said the entry of Italian forces into Trieste would be considered by this country as "an act of aggression" which he was prepared to meet with military force.

A YUGOSLAV note addressed to UN Secretary General Dag Hammarskjold repeated this stand and asked that the 59 other members of the world organization be notified of the Yugoslav stand on the Trieste issue. The note was a formal protest.

US VIOLATES ITALIAN TREATY, SAYS MOSCOW

Reds Make Accusations In Notes to British, American Envoys

MOSCOW, Oct. 12 (AP)—Russia today accused the United States and Britain of a "grave violation" of the Italian Peace treaty in their decision to turn over administration of Zone A of the Trieste-Free Territory to Italy.

The Soviets made their accusation in notes delivered to the American and British embassies in Moscow.

They charged that the United States and Britain had consistently violated arrangements regarding Trieste in the United Nations Security Council.

TRIESTE territory was constituted in the Italian peace treaty of 1947 because of the conflicting interests of the Western powers and Russia, who at the time was a close supporter of Yugoslavia.

The provision for the Big Four powers to select a governor for the territory never was carried out, however, because the four powers in the security council could not agree on a choice. Zone A is now being administered by a British-American occupation force, while Zone B is administered by Yugoslavia.

The British and Americans announced the past Thursday their intention to withdraw their occupation force and turn administration over to Italy in the hope that Italy and Yugoslavia would then negotiate a settlement over the disputed area at the head of the Adriatic.

In Washington, the State department said it had received the Soviet note but declined any immediate comment.

Gov. Fine Will Attend Ike's Birthday Party

HARRISBURG, Oct. 12 (AP)—Gov. John S. Fine was confined at the State House at nearby Indianopolis Gap with a cold today. The Governor said, however, he expected to attend President Eisenhower's birthday party tomorrow at Hershey.

"That's the reason I stayed in today," Fine told a reporter.

ality through which the Security Council could be called upon to take up the question if it felt international peace was threatened.

Trieste remained comparatively calm in the midst of this international flurry. But in the minds of the predominantly Italian population in Zone A lurked the question as to whether Tito would carry out his threat to attack if the Italians come in—an act that observers on all sides agree could be the spark to touch off World War III.

But the US State department in Washington made it clear it intended to stick by the American-British decision despite the Yugoslav protests and demands for its prompt rejection.

The 7000 American and British troops went ahead with preparations to pull out of the area placed under their charge by the 1947 Italian Peace treaty. The estimated departure date was set for about six weeks from now.

US Gets Permission To Use Greek Bases

WASHINGTON, Oct. 12 (AP)—Greece gave the United States permission today to use an undisclosed number of Greek Air and Naval bases to bolster North Atlantic pact defenses.

A formal agreement, specifying the terms under which the facilities will be used, was signed today in Athens by American Ambassador Cavendish Cannon and Greek officials, the State department announced.

The agreement did not specify the location and number of Greek Air and Naval bases which can be used by American forces.

The right to use them will last as long as the 14-Nation Atlantic pact is in effect—until 1969.

In disclosing the Greek-American arrangement, the State department said:

"The agreement is designed to strengthen security in the North Atlantic area as well as maintain international peace and security by facilitating the integration of Greek defenses, developed over the past five years with American aid, into the NATO defense system."

Accused Terrorist of State Turnpike Claims Innocence, Blames 'Other Man'

ALBUQUERQUE, N. M., Oct. 12 (AP)—An accused terrorist of the Pennsylvania turnpike, captured after a breakneck police chase, today steadfastly maintained his innocence and implicated a mysterious "other man."

New Mexico State police late yesterday arrested John Wesley Wable, 24, charged with a double murder on the turnpike, on a tip from two petite young women playing cops and robbers to kill time.

Identified because of a watch he pawned, taken from one of the turnpike victims, Wable is charged with the fatal shooting of Harry F. Pitts, 39, Bowling Green, Va., and Lester B. Woodward, 39, Harrisburg, Pa., the past July.

The truckers were shot as they slept in their parked vehicles. The murders, and the subsequent non-fatal shooting of John K. Shepard, 34, West Alexander, Pa., threw a mantle of terror over the turnpike. Truckers traveled only in convoys and slept under lights.

"I didn't kill nobody," the shivering nude Wable told officers here. He was stripped when he threatened to commit suicide, but later his clothes were returned.

"But I think I know who did. And I've got friends who will take care of him."

UNDERSHERIFF Walter Geis said the slender Wable admitted once owning a foreign make gun identified as the death weapon but maintained he gave it to a man he met on the streets in Cleveland. It was the same man, Wable contended, from whom he purchased a watch taken from Shepard and which he later pawned.

Geis said he has the name of the man Wable is accusing.

For those involved in Wable's capture, it meant both trouble and a possibility of unexpected good fortune.

The chase started when three men held up an Albuquerque service station.

State police threw up roadblocks, but the car driven by Wable sped through it. State police pursued the fleeing car at speeds up to 96 miles per hour, but were unable to catch up.

Snarled in evening movie traffic, Wable abandoned the car on the outskirts of Belen and struck out on foot.

WABLE'S TWO companions, Marvin H. Parsons, 20, and J. D. Francis, 17, were taken into custody almost immediately. They had hitched a ride with Wable in the Mojave desert after their car broke down. The service station operator identified them as having been the two men with Wable at the robbery.

Parsons said he was "shocked" to learn whom they had been traveling with.

The good fortune goes to

Carolyn Smith, 23, a nurse, and Midge Harmon, 20, railway bill clerk.

Enjoying a quiet late Sunday drive, they met a State patrolman who told them a search was on for a robber and gave them the description.

They figured the fugitive might be near the Santa Fe railway tracks. They spotted him on a little-traveled road, turned around to make sure, then went for officers.

They are expected to share reward money totaling \$11,000 offered by the Pennsylvania trucking industry should Wable be tried and convicted.

"I'm stunned," said Miss Smith, "we had no idea he was a desperate character." She was on her job at the hospital this morning.

Returned to Albuquerque, Wable asked State Policeman Bill Lucas the charges against him. Told it was murder, he exclaimed "you're kidding!"

"It's a great relief to me to know he is in police custody," said Wable's mother, Mrs. Louise Wable in Ohio, Pa. "Maybe now he will prove he had nothing to do with those turnpike killings. His dad and I still insist that he is not the murderer."

Wable has waived extradition. Pennsylvania State police officers were to arrive late today to take him back.

HIGH TRIBUNAL TO RULE ON QUIZ PROGRAMS

FCC Seeks Reversal Of Limited Ban on 'Giveaways'

WASHINGTON, Oct. 12 (AP)—The Supreme court, holding its first full day of business in the new term, today agreed to rule on the Government's effort to ban radio and television giveaway shows.

But the high tribunal refused to decide whether cities may prohibit movies or other entertainment on Sundays, while church services are being held.

The two rulings were among nearly 300 orders handed down by the court.

Chief Justice Warren, sworn in the past Monday to succeed the late Fred M. Vinson, noted that he took no part in the actions because they were argued before he took office. The former California governor remained silent during today's decision session except for the routine of admitting attorneys to the Supreme court bar.

The new Chief Justice heard arguments in his first case—a minor damage suit.

The question of prohibiting radio and TV giveaway programs was brought to the court by the Federal Communications commission (FCC). It seeks reversal of a decision by a special Three-Judge Federal court in New York that limited an FCC ban on such shows to programs where contestants are required to furnish money or anything of value, or possess a sponsor's product.

The special court ruled that the FCC could not forbid programs in which contestants are required directly or indirectly to listen to special broadcasts. The FCC argued that time and effort given by listeners to the giveaway programs constituted something of value comparable to money. It called the programs lotteries, which are forbidden by Federal law.

One of them, James T. Lycett, 48, committed to Farview from Pittsburgh eight years ago, is in serious condition at Scranton State hospital, suffering rib fractures and a punctured lung. Shovlin, who said Lycett is under heavy guard, declined to name the other inmate involved.

Hospital Inmates Hurt In Battle With Guards

SCRANTON, Oct. 12 (AP)—The superintendent of Farview State hospital disclosed today guards engaged in a pitched battle with patients during a break-out attempt at the mental institution Oct. 2.

Dr. John P. Shovlin said seven inmates had planned to overpower four guards, but that six of them apparently changed their minds although another inmate joined the seventh in an assault on one of the attendants. Other guards appeared, Shovlin said, and a fight ensued during which the two inmates were injured.

One of them, James T. Lycett, 48, committed to Farview from Pittsburgh eight years ago, is in serious condition at Scranton State hospital, suffering rib fractures and a punctured lung. Shovlin, who said Lycett is under heavy guard, declined to name the other inmate involved.

Millard Mitchell Not Expected to Live

SANTA MONICA, Calif., Oct. 12 (AP)—Brodway and Hollywood actor Millard Mitchell is critically ill and in a coma at St. John's hospital, his agency said today.

Music Corporation of America, the agency, said he is not expected to live. Nature of his illness was not disclosed.

Mitchell, 48, shot into screen prominence as the result of a feature role in "My Six Convicts" and as the movie producer in "Singin' in the Rain."

His recent pictures included "The Naked Spur," with Jimmy Stewart.

He first entered the hospital for an operation three months ago, returned home for a few weeks but was soon back again.

He was born in Havana, Cuba, where his father, an engineer, was building an ice plant.

His Broadway career included parts in such hits as "Broadway," "The Front Page," "Yellow Jack," "Three Men on a Horse," "Boys Meets Girl," "Kiss the Boys Goodbye," "Mr. and Mrs. North," and "Over 21."

Two Confess Preparations for Killing Of Greenlease Boy Before Kidnaping

ST. LOUIS, Oct. 12 (AP)—Carl Austin Hall, a sullen drug addict, and his unkempt woman friend confessed today they prepared to kill Bobby Greenlease before they kidnaped the 6-year-old child.

Hall admitted to the FBI he killed the boy by firing a pistol bullet into the right side of his head after driving him across the Missouri-Kansas State line from Kansas City a short time after Bobby's kidnaping.

Mrs. Bonnie Brown Heady, 41-year-old alcoholic, confessed she was with Hall when he killed the boy, son of multi-millionaire parents who paid a record \$600,000 in ransom.

With the couple's signed confessions that the child was taken across a state line, the Government immediately filed charges at Kansas City under the Lindbergh kidnaping law.

THE CONFESSIONS today cleared Thomas John Marsh, 37, tattooed ex-convict named earlier by Hall as the actual killer of Bobby, of any part in the crime.

The admissions also wiped out

the Heady's woman's earlier claim she was merely an innocent pawn in the case when she led the unsuspecting child from an exclusive Catholic school. Sept. 28 on the pretext she was his aunt. She insisted she thought the boy was Hall's son, in custody of an ex-wife.

The 34-year-old Hall, ne'er-do-well son of a respected Kansas family, and his partner in the crime that has shocked the nation, were expected to go to trial on the kidnaping charge before a Federal court jury in Kansas City.

The law, which stemmed from the kidnap-slaying of the famous aviator's son 21 years ago, carries a possible death penalty when the kidnap victim is harmed.

State charges of both kidnaping and murder are pending against the kidnap-killers. But in Washington the Justice department indicated the Federal trial in Kansas City would be held first.

Hall and Mrs. Heady are now in Federal custody. They are held under bonds of \$100,000 each on extortion charges.

If convictions and death sentences result from a Federal trial, the Government would borrow Missouri's gas chamber at its State prison in Jefferson City to carry out the executions.

US District Attorney Edward L. Scheufler announced at Kansas City he will ask for the death penalty.

"We will move matters along as rapidly as due process of law permits," Scheufler said.

Lorraine Irene Jackson, Former Glen Moore Resident, Becomes Bride in Candlelight Wedding in Virginia

A single ring wedding ceremony performed in Waynesboro, Va., Saturday, united in marriage Lorraine Irene Jackson, a former resident of Route 1, Glen Moore, and William Guy Miller, Waynesboro.

The bride's mother, Mrs. Martha Jackson, formerly of Glen Moore, now resides with her daughter in Waynesboro.

The groom's parents, Mr. and Mrs. Guy S. Miller, also reside in Waynesboro.

The candlelight nuptial service in the Bethany Lutheran church, was performed by the Rev. Karl H. Maier.

Maier.

Baskets of white gladioli and white chrysanthemums flanked on either side by palms and graduated candelabra, were placed near the altar. Graduated candles whose bases were trimmed with ivy decorated the church windows.

A program of selected wedding music preceded the ceremony. Organist, Mrs. Randolph M. Lynch, accompanied Jack Knowles, cousin of the groom, who sang, "O Perfect Love."

William M. Jackson Jr., Route 1, Douglassville, gave her away. To be married, she chose a gown of pail lace over white satin, fashioned with a sheer yoke of nylon forming an off-shoulder effect and edged with embroidery of iridescent sequins.

Panels of nylon tulle, cut in deep points and edged with lace, fell in varying lengths across the full, lace over satin, skirt which ended in a cathedral train. Her full length lace sleeves terminated in points over her hands.

A tight fitting lace cap held her fingertip length illusion veil. She carried a white prayer book topped with a white orchid and showered with white French carnations.

Her only jewelry, earrings of pearls and rhinestones, was a gift of the groom.

Honor attendant for the ceremony was Mrs. William M. Jackson, sister-in-law of the bride, Route 1, Douglassville. She wore a light green strapless gown.

A high necked lace jacket covered the lace bodice and net tiers over taffeta formed the skirt. She wore matching lace mitts.

Yellow daisy type chrysanthemums formed her colonial style bouquet and her headband.

Attending the bride as bridesmaids were Mrs. David C. Miller, sister-in-law of the groom, Waynesboro, and Mrs. Winifred Robertson, Fishersville, Va. Their gowns, lavender and aqua respectively, were strapless, net over taffeta, with lace jackets. They wore matching net mitts and carried bronze daisy type chrysanthemums made into colonial bouquets. The same type flowers also formed their headbands.

For her duties as flower girl, Cynthia Hissman, Waynesboro, wore a lavender iridescent dress. She carried a natural straw basket with bronze and yellow daisy type chrysanthemums.

Ring bearer, David Allan Miller, the bridegroom's nephew, Waynesboro, wore a white suit and carried the ring on a satin pillow.

The groom's brother, David C. Miller, was best man.

Ushering for the wedding were Randolph M. Lynch, Norman Coyner, David Leonard, all of Waynesboro, and the groom's cousin, Randolph Knowles, Staunton.

Following the ceremony guests adjourned to the church social hall for the reception.

Greeting the visitors was Ressie Coiner, aunt of the groom. Other aunts, Mrs. Charles Knowles and Eula Coiner, officiated at the punch bowl. Guests received cake from Mrs. Karl H. Maier and Nora Coyner.

Hostesses were Bonnie Coiner, Dorothy Coyner, Eugenia Garst, Mrs. David Leonard, Mrs. Norman Coyner, Marcia Maier and Ruth V. Maier.

The bride's mother wore a

brown and beige dress with brown and white accessories. Yellow rosebuds formed her shoulder corsage.

The groom's mother was dressed in navy blue lace with navy and white accessories. She wore a corsage of red rosebuds.

The bride was graduated from Warwick Consolidated school and attended the Pottstown Business school. She is an employee of the First National Bank, Waynesboro.

Her husband is a graduate of Fishersville High school, Fishersville, Va. He is employed by his father.

To leave for their southern wedding trip Mrs. Miller wore a gray suit with red and white accessories and a white orchid corsage.

After Nov. 1 the couple will be at home in Waynesboro.

First Methodist Church Will Be Scene Of 67th Annual Convention of WCTU

The Pottstown Union will be hostess to the 67th annual convention of the Montgomery County Women's Christian Temperance Union, scheduled for Thursday at the First Methodist church.

The all day affair will begin at 10:30 a. m. with greetings from Mrs. John Robertson, president of the Montgomery County WCTU.

The Rev. Martin J. Brinton, minister of the host church, will conduct the worship service at 10:45 a. m., followed by a welcome from Laura R. Ecker, president of the host union.

Myrna Fry, soloist, and Dorothy Sutton, accompanist, both of Pottstown, will present a musical program at 11 a. m.

Also included in the morning session will be the election of county officers after which Mrs. Emma L. Leonard, state president, will deliver a challenge to them.

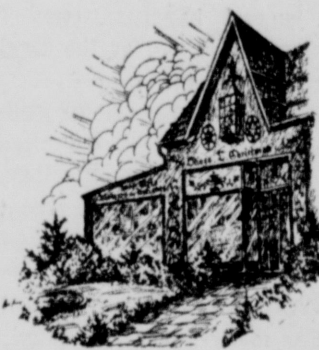

The afternoon worship service will be under the direction of the Rev. John Smoker, minister of the Baltzell E. U. B. church.

The main address will be given by Mrs. Emma L. Leonard, state president, at 2 p. m.

Music for the afternoon meeting will be rendered by Mrs. John Longaker, soloist, and Mrs. Harold Keim, accompanist, both of this locality.

Margorie T. Keim, minister of the Gospel, Pottstown, will give the closing prayer.

Scholarship Exam Dates Are Scheduled

Competitive examinations for the Frank Thomson scholarship, available annually to the son of a Pennsylvania railroad employee and providing for a four-year technical education, will be held soon, it was announced yesterday.

Tests will be held Dec. 5, 1953, and Jan. 9 and March 13, 1954, under supervision of the college entrance examination board, of Princeton, N. J., and Los Angeles, Calif., and the subjects correspond generally to entrance requirements of scientific departments of higher standard institutions of learning.

The winner, to be announced next Spring, will be entitled to a course in technical or engineering studies at any university, college or technical school of his choice, beginning with the 1954-55 year.

Information on rules, regulations and requirements may be obtained from the College Entrance Examination board, Box 592, Princeton, N. J.

Damage Totals \$600 In Three-Way Crash

Three cars were damaged in a collision at the intersection of Routes 663 and 73 at Hickory park yesterday morning at 6:15 o'clock.

Floyd P. Williams, 19, Hoken-daqua, was traveling South on Route 663, when his 1949 coupe hit a 1941 sedan operated by Grace W. Cornish, Green Lane, which was stopped at the intersection.

His car bounced away into a 1949 car, eastbound on Route 73, driven by Earl Nelson Englebrecht, 38, Reading.

No one was injured. Jeffersonville State Troopers John Flannery and Raymond Beninato, who investigated, approximated damage at \$125 for the Green Lane woman's car; \$400 for the Hoken-daqua man's, and \$75 for the Reading man's.

Trojans Begin League Play Saturday

Pottstown High has completed its four-game testing period with a 2-2 record and now moves into the "money" portion of its schedule.

The Trojans will be the last to step into the Ches-Mont league arena when they play at Phoenixville next Saturday. The other six clubs in the two-county loop have played at least one league opponent.

Experience continues to pay off for the Dragons of Bridgeport who racked up win No. 4 against Coatesville, 18-7, over the weekend. It was the Porters' third straight victory in the league and definitely marks them as the team to beat.

Downingtown won its first C-M encounter by handing Phoenixville its second league defeat, 6-0. Outside the league, Berwyn evened its record at 2-2 with a 13-6 win over Radnor, and West Chester was held

Chief Bender Added To Banquet Program By Old Timers Club

Another celebrity has been added to the speakers table of the Tri-County Old Timers Boosters club first annual banquet slated for Thursday, Nov. 12, at the Eagles Home association.

Chief Bender, one of the Philadelphia Athletics' old-time great pitchers, will attend the Old Timers function. A recent addition to Baseball's Hall of Fame, Bender is a longtime favorite in this area.

For many years he hunted in this county and took part in board shooting at the Fegleysville hotel during his playing days and shortly after he retired.

Al Marquet, who has been lining up speakers for the banquet, said that Roy Mack, executive vice president, is trying to arrange for another member of the A's organization to attend the Old Timers affair.

IRA THOMAS, scout for the A's will be the feature speaker. Marquet said Bobby Shantz and his father will attend if the tiny hurler returns from Europe in time. Shantz will make a public appearance four overseas.

Herbert "Pop" Myers has announced another meeting of the Old Timers committees will be held at Borough Hall tomorrow night at 7:30 o'clock.

He has invited everyone who has joined the Old Timers, which includes almost 400 persons. Anyone at all interested in the banquet is welcome to be present at the meeting.

Myers requests that all committeemen attend and give reports on their activities.

Ken Fisher Named No. 1

Five Bat 1,000 in Football Contest

How close can you get? Five entrants in the past week's Mercury Football Forecasters contest hit the nail right on the head by calling 10 out of 10 games correctly.

So the contest judges put their heads together and came up with a plan of distributing six tickets to the Pottstown High-West Chester High football game among five winners. Instead of the usual procedure of giving the champion four tickets and the runner-up two, one of the co-champs will get two and the other four, one apiece.

Ken Fisher, 856 Feist avenue, a winner in the contest four years ago, was named top man this week because of the near-misses on several of the scores he picked. Last night he agreed to settle for two ducks.

He came closest to the Penn-California final with a 35-0 choice and had the point spread almost on the nose in several other games.

JACK YUROS, who was close with the Navy game, calling it 21-7. Joseph Ondo, Ralph J. Schollenberger, of Boyertown, and Kathleen M. Schutz, also called 10 winners correctly. Each will receive one ticket to the Pottstown game. Miss Schutz called the point difference between Navy and Cornell, making it 20-0.

All winners can pick up their tickets at The Mercury office. It seemed that everyone's crystal ball was in good working order the past week. Out of a total of 82 entries in the contest, over half had eight or more correct, with 23 fans picking nine winners and another 23 calling eight correctly.

TEXAS RUINED the chances of nine of the 23 who had nine right, while three others lost out by pinning their hopes on Pennsylvania. One fan gave Notre Dame quite a surprise. The Irish rested the

to a 13-1 tie by Conshohocken.

Here are the standings:

| | W | L |
|--------------|---|---|
| Bridgeport | 3 | 0 |
| Downingtown | 1 | 0 |
| West Chester | 1 | 1 |
| Pottstown | 0 | 0 |
| Berwyn | 0 | 1 |
| Coatesville | 0 | 1 |
| Phoenixville | 0 | 2 |

Besides the Pottstown-Phoenixville game, the only other league action is Downingtown at West Chester.

Not since 1946 has a Pottstown High team defeated the Phantoms. In 1947 and again last year the Trojans tied the charges of coach John Hubicki but a victory has eluded them since the Dave Detar-Deacon Reinhardt era.

Coach Heeb Meyers should have his club at full strength for this crucial test. He fully realizes that no matter how bad a Phoenixville team may seem by its record, it always manages to play its best ball against Pottstown.

MacSHIREY is back in harness after giving his coaches a scare by sticking his hand under a Norristown players' cleat last Thursday night. Although his hand was at first thought broken, X-rays have disclosed no major injury and he will be at his regular outside linebacking post next Saturday.

The Trojans have also picked up some added defensive strength with the return of Al Bodulus and Tony Giangiacomo. The two boys were made eligible for the first time this season on Saturday. They have trained diligently with the team all Fall and know their assignments.

Diagiaco is a center line-backer and will see service in that post against Phoenix. It is a big opportunity for the youngster who sat out all of last season because of scholastic trouble, and then again this year had to miss the first four games. He seldom missed a practice during that time and is raring to go.

Bodulus has displayed much more ability on defense than he did last year. His open field tackling will be a big boost to the squad that is in dire need of good tacklers. Al, who saw considerable service as a Sophomore, will fill in as a halfback on offense.

Meyers again stressed defense in yesterday's drills. Almost half the session was spent on tackling. An improvement in this fundamental of football could boost the Trojans' stock 100 percent.

Instead of the usual two days of scrimmage and one afternoon of light drills before the Thursday night game, Meyers has the entire week to prepare for the Phantoms.

The actual scores of the past week's games were:

California 49, Penn 0.
Pitt 14, Nebraska 6.

Ted Kerschner Leads Area Scorers

The team that couldn't score a point the past year has supplied this area with the top point producer as the football season nears the halfway mark.

Schenksville's Ted Kerschner crossed the goal line six times last week to springboard into the scoring lead with 36 points. Five of his touchdowns came against Perkiomen school junior varsity. It was the second game on the Bluebirds' five-game schedule.

Kerschner added another touchdown on Saturday as the Schenksville team downed Upper Dublin, 13-12. Pottstown sports fans will be able to watch Ted in action on Thursday night when his team plays at North Coventry.

Only two points behind Kerschner is Upper Perkiomen's Bob Smith. The stocky right halfback has scored five TDs and dropped-kicked four extra points. He added only one point to his total this past weekend as his Indians downed Muhlenberg Township, 13-7.

FRAN McMANUS had a big afternoon at Reading on Saturday as he scored three touchdowns to boost his total for Collegeville to 30 points. Earlier he scored the only six-pointer as his team beat Norco, and had another one against Jenkintown.

In fourth place among the high school scorers is Boyertown's talented end, Jim Heydt. His three tallies and a pair of extra points gives him 20 points as eight Bears

Joey Klein Beats Rocky Casillo On Split Decision

BROOKLYN, N. Y., Oct. 12 (AP)—Joey Klein, New York, won a 10-round split decision over Rocky Casillo, Chicago tonight at the Eastern Parkway arena. Both weighed 147.

Judge Joe Agnello scored it 7-2 in favor of Klein and Judge Nat Cooper had it 6-4 for Klein. Referee Mark Conn ruled the fight 5-5 and gave each fighter six points calling the fight a draw.

Casillo, an 8½-15 favorite at the "House of Uppers" in his first New York appearance, started off strong with a rushing attack. Klein staggered the Chicago welterweight in the third with a right hand to the jaw. Klein had Casillo's nose bleeding from the third round to the end of the fight.

PETE WOJIE TALKS WITH DRESSEN; SIGNS BROOKLYN CONTRACT

By BOB HOYER

Pete Wojie, a wide-shouldered guy with a crooked smile, came back to Stowe Sunday with a Brooklyn Dodger contract in his pocket.

For the solid, stocky former citizen of Stowe, the 1954 contract represents his first real break in a career of disappointments.

Wojie had a talk with Dodger Skipper Chuck Dressen last week and the little manager, still suffering from his annual Fall attack of Stengelitis, told the big guy from Stowe, "We can use you next year. Hope you will make the grade."

Wojie is the pitcher who laughed at Jim Greengrass, huge Cincinnati power outfielder, who murdered National league pitching for 20 home runs and more than 90 runs batted in this past season.

WHEN WOJIE pitched for Fort Worth he struck out the giant outfielder four times in one game. Walt Dropp, towering home run menace of the Detroit Tigers and

handy more mustard than 12 Preacher Roers.

Pete has had St. Paul and Montreal contracts in the past.

Wojie has always expressed a desire to pitch for the New York Yankees in the World Series. Now maybe he'll get a chance to pitch against them.

He might do better than Monk Meyer.

All in the Family

Dodgers Equal Mark

In compiling 60 wins against 17 losses at Ebbets Field in 1953, the Dodgers equaled the home game record set by the Cardinals in 1942.

HIS BEST pitch always has been a ripping fast ball. If Wojie makes the grade the Dodgers will have another Kirby Higbe, a cocky, colorful right-

De Witt Named Temporary Head Of New Orioles

BALTIMORE, Oct. 12 (AP)—Bill DeWitt, one time owner and more recently vice-president of the defunct St. Louis Browns, came here and dug in today as general manager of the new Baltimore Orioles—temporarily at least.

Would he take the post on a permanent basis? "Under the proper conditions and circumstances," he said. "So far no one has asked me."

Since DeWitt also was manager of the Browns' farm system, there was speculation his main purpose in being here was to master-mind some deals involving the farm clubs before all minor league players are frozen in place Friday. The freeze stays on until the annual minor league convention in December.

DeWitt predicted there will be something in the works almost daily.

"It will concern bringing up men from our farm clubs and moving others around," he said. "We don't have any deals on the fire with major league clubs at the moment, although there are some in prospect. You never can tell when you may make a deal."

Besides the Browns farm clubs, the Baltimore group which bought out the St. Louis American league franchise also has on its hands the old Baltimore Orioles of the International league.

DeWitt went into a huddle with Clyde W. Morris, Baltimore lawyer prominent in the syndicate which bought the Browns; Jack Dunn, president of the International league Orioles and a vice president in the new setup; Herb Armstrong, general manager of the Orioles under Dunn; and Rudie Schaffer, general manager of the Browns.

Clarence W. Miles, wealthy attorney who headed the syndicate which brought the major league club here, was not in on today's pow-wow. He entered Johns Hopkins hospital tonight for what his doctor

The Bowler's Line

Plenty of high games were bowled the past week in Pottstown leagues but two in particular stood out above the rest. Lois Adams hit a 220 game in the Girls Rookie league, and Ed Wentzel set a season mark in the Tuesday-Wednesday night league at the Owls with a 269 game.

Miss Adams, doing her rolling on the Arrow lanes, also tabbed high triple with 547. Team honors in the ladies loop were split as Shamrocks had high single, 766, and J. B. Hartenstein high triple 2174.

The top game rolled in the Woman's Classic league at Arrow was Mary McCord's 182. Sara Griswold has a 173 game and Bessie Brendlinger, whose 494 series was high, had scores of 169, 172, 153. Miss McCord's 485, and Elvira Bush's 473 were the next best triples. The Rockettes with games of 692, 741, 692 compiled best team triple, 2125, and their second game was high single.

First prizes for the night in the Firestone Girls league went to Barbara Groover, Marianne Bush and Rolletteries. Miss Groover scored a 166 game, Miss Bush took triple honors with 424, and Rolletteries gained team money with 629 and 1680.

In mixed league competition at the Arrow lanes, Glenn Quarry with 222 and 582, and Evelyn Linderman with 171 and 435 dominated the Sunday night competition. High team single went to Beets, 777, and team triple was garnered by Radishes, 2172.

Verna Hadley's 168 was the best women's single in the St. Al's Social club Mixed league, and Ted Gubb led the men with 210. Miss Hadley also captured the triple with 410 and Gene Finn won the men's prize with 563. Seminoles took both team awards with 730 and 2016.

RETURNING NOW to Ed Wentzel's 269 game and the other money games in the Owls' leagues. Although Wentzel's record game was 25 pins better than the second place high, Marvin Maurey's 244 game, Ed had to settle for second place in the triple department as Mary's 620 series edged him out by seven pins. The Crows had the only team single over 1000 that was reported by the various leagues the past week. Even with a 1014 single, the Crows could not match a 2715 triple compiled by the Grouse quintet.

Ray Erb had a blistering 244 single in the Owls' Monday loop, and Ed Schmucker scored a 602 triple. The Cowbirds, 922, and Slickers, 2568, split team money.

At Maria Assunta alleys, the Bethlehem Steel league leaders were Tommy Bondola, 226 and 585, and Bars, 847 and 2447. The Bars currently lead the loop with a 10-2 mark, and high average man is Earl Hetrick with a 182 norm. He helped his record last Thursday with a 208 game.

Joe Surma narrowly missed a 600 series as he fell five pins shy with 595 for high triple in the Monday night circuit at West End Fire company alleys. Jim Pollock gained single honors with 217. Masks tallied high single, 844, and the league-leading Hooks, now 13-3, won high triple with 2648. Surma

described as a rest and general check-up.

DeWitt's name is naturally high on the list because his contract as farm director of the Browns still has three years to run. There is a stipulation in the fine print, however, which says he need not leave his home in St. Louis.

The Death of Miss Boyer

POTTSTOWN is a good town because it had
wonderful teachers such as M. Irene
"Dolly" Boyer.

Over the blackboards in the many rooms
she taught over a period of 47 years, she
wrote:

"My best today must be better tomorrow."

It made an indelible impression on the
thousands of Pottstonians she taught. Many
of the pupils she taught went on to national
fame, in medicine, in music, in the business
world. Her girls became famous, too. But
she only spoke of "my boys."

All of her "boys" were successes. She
had the same words of praise for those who
made the headlines as she had for those who
just lived out their lives.

"There wasn't a failure among my boys,"
she proudly declared in an interview a few
years ago. "Every one was a success in his
own way."

That's why Pottstown had so many good
men. They followed Dolly Boyer's example.

Miss Boyer died early yesterday morning.
During her 86 years, or at least a majority
of them, she lived that copybook theme she
"made up myself."

"My best today must be better tomorrow."

She strived for perfection daily, although
she was almost a perfect woman. She not
only set a wonderful example for all her
friends and pupils, but she lived a God-fearing
life. She was the acme of consideration,
of love for her fellow man.

She loved people. Although she was bed-
ridden for years, she never displayed any
outward signs of defeat.

"I'll be out of this bed and walking around
in a short time," she told a Mercury news-
man when she was hopelessly crippled and
84 years old. She had infinite faith that God
would heal her.

But she admitted she was human and
cried sometimes.

"When the night is dark and I'm alone I
sometimes weep," she confessed to this re-
porter. "But I never would let any visitors
see a tear on my cheek!"

She always was dressed up for her many
"boys" who came to see her, who cheered
her up with little gifts. She wore a ribbon in
her hair, a gold wrist watch, rings on her
fingers. She said:

"I love people. I love my church. And I
love the King's Daughters."

The King's Daughters were a group that,
among other good things, founded the Potts-
town hospital. She wasn't a charter member
of this group, but she was one of the oldest
members in point of service. The King's
Daughters was organized in June of 1888.
She didn't get into it until September.

Once she pledged the Lord she'd work
three times as hard for him if He'd grant
her a small favor. Evidently the favor was
granted. For she worked diligently for her
group.

Miss Boyer's death will bring tears to
many a Pottstown eye. She was loved by the
thousands she taught, for she was kind, con-
siderate and exemplary. She may have been
the originator of the class trip in Pottstown
schools. Annually she took her flock to Phila-
delphia.

She had a consuming interest in the
church. She'd be quick to ask her acquaint-
ances "What church do you belong to?" She
was interested in politics, in fact, interested
in everything in this community. She had a
little habit of sending inspirational clippings
to local persons. She'd write many, long let-
ters to bolster the down-in-heart, the weary.

She was one of the most colorful of Potts-
town's teachers and civic workers. She will
be sadly missed by the whole community.

Under Old Jupiter

ONE neighbor says it to another across the
backyard hedge.

One bus rider remarks it to his seatmate.
The deliveryman says it to the housewife.
"Isn't this a beautiful day? It could stay
this way the rest of the year so far as I'm
concerned."

We agree enthusiastically, with only one
reservation.

Let every day be like this—but between
the hours of 2 a. m. and 4 a. m. for the
next three weeks let there be slow steady
rains which soak into the ground without
causing so much as a cubic inch of erosion.

We chose the hours between 2 and 4 for
these lifesaving rains because, so statistics
show, they will interfere least with the fullest
enjoyment of the calendar's enchantment
called October.

Anybody have a better idea?

Raps 'Buck Passing'

To the Editor: I don't know which
made me sicker, the stinking smoke
from that dump fire the other day or the
efforts of borough officials to duck the
blame for it.

These men know they're taking on re-
sponsibility when they take a public job.
Why aren't they men enough to shoulder
it?

They bumble along doing as little as
possible, thinking that's the way to keep
out of trouble.

The only time they make a move is
when a majority of the people complains
about something. Then they fix things
up the easiest and most temporary way
and take bows for their accomplishments.

I guess that's their idea of "majority
rule."

Let's have less bickering in borough
hall and more action on the growing
smoke nuisance.

Let's not wait until we all develop TB
from breathing this stinking smoke.

To the Editor: My kitchen, my dining

bins during the dump fire.

Pottstown is supposed to be a clean
industrial town. They brag about their
record for cleanliness.

But you can't prove it by me. They
permit a fire on that stinking, rotten
heap right under our noses.

The borough dump positively isn't fit.
It's an incubator for rodents, and you
know the relation of rodents to disease.

We have soot from our smoke stacks.

their insisting on having the right to edu-
cate their own children as they believe
they should be, is bringing up a question,
the decision on which means much to the
liberty and welfare of the American people.

No matter which decision the Appel-
late court makes, it should go to the
Supreme court so we can know just how
far the Government has gone in estab-
lishing a complete monopoly in educa-
tion.

Those interested in education want
to know whether the parents or the
Government should have the final
say as to what children are being
taught in tax-supported schools on
ethical and political questions.

They want to know whether the
Government is to be the servant or mas-
ter of the citizens. If the Government
has the final say as to how the youth is
to be educated, it certainly becomes the
master or tyrant.

EVEN IF THE state grants the right
of parents to send their children to pri-
vate schools, should the state have the
final say under state compulsory attend-
ance laws as to whether these schools
qualify? If they do, then the parents
have lost control of the education of their
children.

Opponents of tax-supported or coer-
cive schools contend that such schools
cannot teach successfully the Golden
Rule because they violate it. They are
convinced that a school based on coer-
cion cannot teach successfully belief in
getting what one wants in a voluntary
way, as must be done if one is to obey
the Golden Rule and the Coveting com-
mandment.

In order to test whether or not
tax-supported schools violate these
moral commandments, let believers
in them try to answer these ques-
tions:

1. Would it be a violation of the
Golden Rule for one individual, say John
Smith, to set up a school and coerce
another individual, say Bob Jones, either
to pay a fee for Smith's school or leave
town?

2. If it is a violation of the Golden
Rule for John Smith to coerce Bob Jones
to help pay for Smith's school or leave
town, wouldn't it be a violation of the
Golden Rule for one group, say Group A,
to set up a school and coerce another
group, say Group B, to either help pay
to support Group A's school or leave
town?

3. In question 2, Group A could be a
majority or it could be a minority. If it
is a violation of the Golden Rule for a
minority to coerce the majority either
to pay a fee or leave town, why isn't it a
violation of the Golden Rule for a ma-
jority to coerce a minority to either pay a
fee or leave town?

THOSE WHO BELIEVE that it is just
as important to have education free from
any government domination as it is to
have a free press, free speech and free
religious worship contend that if the
above questions cannot be answered
without evasion or a contradiction, then
coercive schools violate these moral
laws.

Correct the Situation

Maybe we should blame all on our
councilmen.

But I can tell you one thing. A lot of
people in Pottstown are getting sick and
tired of these fires and they sooner or
later will demand action.

I had a short wash out on the line last
week when that stinking mess rolled over
the borough. You don't have to have a
very sharp imagination to guess what
happened.

I had a first floor window in the living
room open.

Again, you don't have to stretch your
thinner very much to appreciate the dis-
taste which accompanied my daughter's
piano lesson.

From what I've been reading in the
paper all the borough officials are buck
passers. I haven't lived in Pottstown all
my life. And I'm glad I haven't.

If the handling of the dump menace is
anything like the official handling of
other borough functions, which I'm less
aware of, then it's a wonder, indeed, that
Pottstown has progressed as far as it
has.

You might say we're a pretty decent
community despite our apathy in local
government circles.

ROCKY WITHOUT CONTENDER IN NBA RATINGS

WASHINGTON, Oct. 12 (P)—The National Boxing association made it official today: There isn't a heavyweight fighter in Rocky Marciano's class.

For the first time since Joe Louis was in his heyday, the NBA left a big blank in the "logical contender" slot among the heavyweights.

The NBA's Fall ratings gave the same vote of confidence to Jimmy Carter, the world light-weight champion. No logical contender was reported in sight in that division.

Roland LaStarza, who was right behind Marciano in the Summer ratings, slumped to third place among the heavyweight division's outstanding boxers as a result of his TKO loss to the champion last month.

Moving ahead of LaStarza were Dan-Bucceroni of Philadelphia and former champion Ezzard Charles of Cincinnati. Nino Valdez of Cuba got a fourth place rating among the outstanding boxers.

THE NBA issued ultimatums to two champions to defend their titles or risk losing their crowns. These warnings went to Archie Moore, the light-heavyweight champ, and Percy Bassett, who holds the interim featherweight title while titlist Sandy Saddler is in the Army.

Bassett found himself in the strange position of being a champion and ranked fourth in his own division. Rated ahead of him were Saddler, Willie Pep, the former titlist, and Red Top Davis.

Moore was told to fight Harold Johnson or else. Fred J. Saddy, chairman of the NBA ratings board, put it this way:

The NBA was directly responsible for Moore getting the title match which gave him the championship. Now we want him to defend it against our sole logical contender."

The most cluttered division was the middleweight, where the title has been vacant since the retirement of Sugar Ray Robinson. The 1-2 logical contenders, Randy Turpin and Carl (Bobo) Olson, fight for the championship on Oct. 21.

But right behind them are six fighters rated outstanding boxers. The ratings:

HEAVYWEIGHT — Champion, Rocky Marciano, Massachusetts; logical contender, none available; outstanding boxers, Dan-Bucceroni, Pennsylvania; Ezzard Charles, Ohio; Roland LaStarza, New York; Nino Valdez, Cuba.

LIGHT-HEAVYWEIGHT — Champion, Archie Moore, Missouri; logical contender, Harold Johnson, Pennsylvania; outstanding boxers, Joe Maxim, Ohio; Volande Pompey, British West Indies; Jim Slade, New York.

MIDDLEWEIGHT — Title vacant; logical contenders, Randy Turpin, England and Carl Olson, Hawaii; outstanding boxers, Paddy Young, New York; Joe Ciambra, New York; Charles Hunter, France; Rocky Castellani, Pennsylvania; Holly Mims, Washington; Willie Troy, Washington.

WELTERWEIGHT — Champion, Kid Gavilan, Cuba; logical contenders, Johnny Bratton, Illinois; Carmen Basilio, New York; Gil Turner, Pennsylvania; Johnny Saxton, New York.

LIGHTWEIGHT — Champion, Jimmy Carter, New York; logical contender, none available; outstanding boxers, Wallace Smith, Ohio; Johnny Gonzalez, California; Orlando Zulueta, Cuba.

FEATHERWEIGHT — Champion, Sandy Saddler, New York (in Army); logical contenders, Willie Pep, Connecticut; Red Top Davis, New York; Percy Bassett, Pennsylvania (interim champion); outstanding boxers, Ray Penechon, France; Louis Perez, New York; Roy Ankarah, Africa.

BANTAMWEIGHT — Champion, Jimmy Carruthers, Australia; logical contenders, Robert Oliver, Perth, Australia; Billy Peacock, Pennsylvania; Pappy Gault, South Carolina.

FLYWEIGHT — Champion, Yoshiko Shirai, Japan; logical contenders, Leo Espinosa, Philippines and Jack Tull, South Africa; outstanding boxers, Tanny Campo, Philippines; Terry Allen, England; Louis Skena, France.

Fewer Passes Being Thrown
NEW YORK, Oct. 12 (P)—Is college football turning from the pass-happy, wide open vogue of the two-platoon era to the conservative, crunching game of the old days?

Statistics released today by the National Collegiate Athletic association showed that the once mighty forward pass is losing popularity under the new limited substitution rules.

Asa Bushnell, commissioner of the Eastern Collegiate Athletic conference, gave out the statistics at the weekly meeting of the New York Football Writers. The figures also revealed that games under the one-platoon system are played about six minutes faster than under the two-platoon rules.

BUSHNELL said a check of 1175 major college games in 1932, when the two platoon rule was in effect—showed an average of 36.7 passes per game.

So far this year, with something like 400 games accounted for in the first four weeks of the season, the average number of passes has been 28.9 per game—a drop of eight passes for each contest.

Figures compiled on eastern games alone showed the average time last year was two hours, 29.8 minutes whereas, under the limited substitution rule, the average game time has been 2:23.5, a difference of almost six minutes.

COMEBACK of Earl Sande, the one-time king of the turf, recalls other glamorous figures who ruled the athletic world in the "Golden Age of Sport" during the 1920s and early 1930s. Included in this group were Johnny Weissmuller, famed swimmer who turned to the movies; Bobby Jones, the golfer who now is retired; the "Ghost of the Gridiron," Red Grange, now in radio and business; Jack Dempsey, heavyweight champion who still referees

and has a New York restaurant; the late Babe Ruth, home run king of all time in baseball; the late Bill Tilden, world's greatest tennis player of his day; Willie Hoppe, the "boy wonder" of billiards who only recently retired; Charley Paddock and Paavo Nurmi, great men of the track, and Helen Wills Moody, the famed international tennis star. Most of these glamorous figures attempted comebacks but none at such a late stage of a career as did Sande.

SANDE RUNS 4TH IN 1ST

NEW YORK, Oct. 12 (P)—Earl Sande, making a riding comeback at the age of 54, finished fourth on the favored Triple in the first race at Jamaica today.

The six-furlong event was won by Fighting Wise, with Eric Guerin aboard, in 1:14, with Abe Saltzman's Royal Rebel second, nearly a length back.

Royal Rebel was a neck ahead of Ten Goal. Sande's mount was another length and a half in the rear.

The holiday crowd gave Sande a big cheer when he came on the track aboard the Pennsylvania Farm's Triple, which had been backed down to odds-on favorite.

It was the sixth mount without a winner for the "handy guy" who began his comeback campaign a little more than a week ago.

Major Leagues Combine to Set Home Run Mark

NEW YORK, Oct. 12 (P)—The 1933 season was the most productive one for home runs in major league baseball history.

Both circuits accounted for a total of 2076 homers, eclipsing the previous combined high of 2073 set in 1930. The National league bettered its own record by blasting 1197 home runs—97 more than the old mark also established three seasons ago. The American league had 879, but fell short of its all-time mark of 973.

Actually, there were 375 more home runs hit during 1933 than there were last season, with every major league team, except the Boston Red Sox and the Chicago White Sox, showing an increase.

Figures compiled by the Associated Press show that the Dodgers led both leagues with 208 homers while the Cleveland Indians paced the American with 160. The Washington Senators, playing their home games in spacious Griffith stadium, had the fewest, only 69. Still, the Nats hit more than they did in '32, when they had an even 50 homers.

Irish Increase Lead in AP Poll, Spartans Edge Terps for 2d

NEW YORK, Oct. 12 (P)—Upsets took a severe toll of the nation's ranking college football teams last weekend. But mighty Notre Dame, which figured the Oct. 10 open date as the only cinch on its schedule, remained on top of the list.

Notre Dame's Irish benefited in a rather odd way from that gap in the schedule. They polled ten fewer votes for first place from the sports writers and broadcasters participating

in the third weekly Associated Press ranking poll of the 1933 season, but they came up with a larger point total.

Only 74 of the 131 voters this week picked Notre Dame first. But there were enough votes for other spots in the first ten to reach a total of 1226 points on the usual 10-9-8 etc. basis. A week ago there were 84 first place votes for Notre Dame and 1190 points.

Meanwhile Ohio State, one of the leading contenders, was the victim of a stunning upset at the hands of under-rated Illinois 41-20 and Michigan State teetered on the verge of another before beating Texas Christian 26-19.

AS A RESULT, Michigan State's Spartans were barely able to hold onto second place in the rankings, edging out Maryland by 16 points, and Ohio State tumbled from third place to a tie for 17th. Maryland moved into third place after an impressive 40-13 victory over Georgia, its fourth straight.

Maryland drew more first place votes than Michigan State, 21-14, but the final count gave the Spartans 977 points to Maryland's 961. UCLA, which blanked Wisconsin 13-0 Friday night, jumped from sixth place to fourth and Georgia Tech, 27-13 winner over Tulane, from tenth to sixth.

MICHIGAN held fifth; Duke and Baylor each moved up a notch to seventh and eighth, respectively. Two newcomers to the first ten were Illinois and West Virginia.

Illinois literally came from nowhere on the strength of its triumph over Ohio State. A week ago the Illini received only 13 points in the balloting after having been tied by Nebraska and then beating Stanford. This week they polled 284 points.

Southern California, ranked seventh last week, was dropped to 13th after being held to a 13-13 tie by Washington.

"The Yanks have an excellent chance of winning again in 1934," he said soberly to reporters at the airport.

Then, with barely a pause, he added: "We might make it seven in a row."

23 School Teams Maintain Perfect Records This Year

HARRISBURG, Oct. 12 (P)—With less than half the schoolboy football season in the record books, five champions of the six major circuits in the State have been defeated or tied in league play.

The fifth weekend of the campaign saw Hershey, South Penn titlist and favored to repeat, stopped by Chambersburg, 0-0. Only Corry, one of last year's better clubs, and a good bet to repeat in the section II race, has been able to bowl over all its league opponents.

The Beavers chalked up win number five of the year, including two in the league, to give them 13 consecutive victories since early 1932. Dubois, victor in nine last season and five more this year, is the only major team that can beat that record. Both Corry and DuBois are among 23 major eleven still maintaining perfect marks against all competition.

Aliquippa and Ebensburg have been definitely eliminated from the WPIAL Class AA and Western Conference competition, the Quips with one loss, Ebensburg with four. Old Forge, although still leading the northern division of the East Penn league, has a long road ahead following a loss to Scranton Tech.

LANCASTER lost its first Central Penn try and can still mathematically get to the top but the chances are slim with two league members still in the undefeated, untied ranks.

For the second week in a row only one of the big three independent clubs succeeded in winning. Steelton deadlocked Allentown 6-6, to ruin an all winning record. Pottsville damped Easton and Bethlehem escaped breaking a 34-year-old mark of never losing three straight games by the margin of one touchdown against Milton Hershey.

Biggest surprise of the weekend was recorded by a Larksville eleven that hadn't won in four starts. Larksville proved a thorn in the side of mighty Swoyersville for the second straight year, dumping the Sailors, 13-0. Last year Larksville tied a Swoyersville team that didn't lose at all. It was the first Wyoming Valley defeat for Swoyersville in years.

Reading took over the Central Penn top position by edging Williamsport for its third win but the big game saw York slip past Lebanon, 18-14, in a battle of two all winners.

J. C. Caroline Being Compared To Big Ten's All-Time Greats

CHICAGO, Oct. 12 (P)—The inevitable happened today. Football watchers began comparing J. C. Caroline, Sophomore, Illinois, with Red Grange.

Caroline was destined to be streamlined from the start, when he was given initials instead of a first name.

And after a terrific prep football career at a Columbia, S. C. high school, he made his most tremendous ground gaining feat of all after graduation.

He traveled from Columbia to Champaign, Ill.

Caroline, a 184-pound, six-foot Negro, says he chose Illinois because his collegiate hero used to be Buddy Young, the Illini speedster of five years ago.

Another story is that a minor baseball league manager in South Carolina, a good friend of Illini coach Ray Eliot, steered him to Champaign.

Eliot merely says: "Let's say he came to Illinois because it is a great institution of learning."

Be as it may, Caroline really has arrived!

IN THREE GAMES, "The Blur" has speeded 467 yards in 60 times with the ball for an average of nearly 8 yards per trip. His longest runs have been for 73, 45 and 64 yards. The climax came Saturday when the quick-starting, elusive halfback—whose feature is a sharp change of pace—streaked through Ohio State for 192 yards as the Illini won by a whopping 41-20 score.

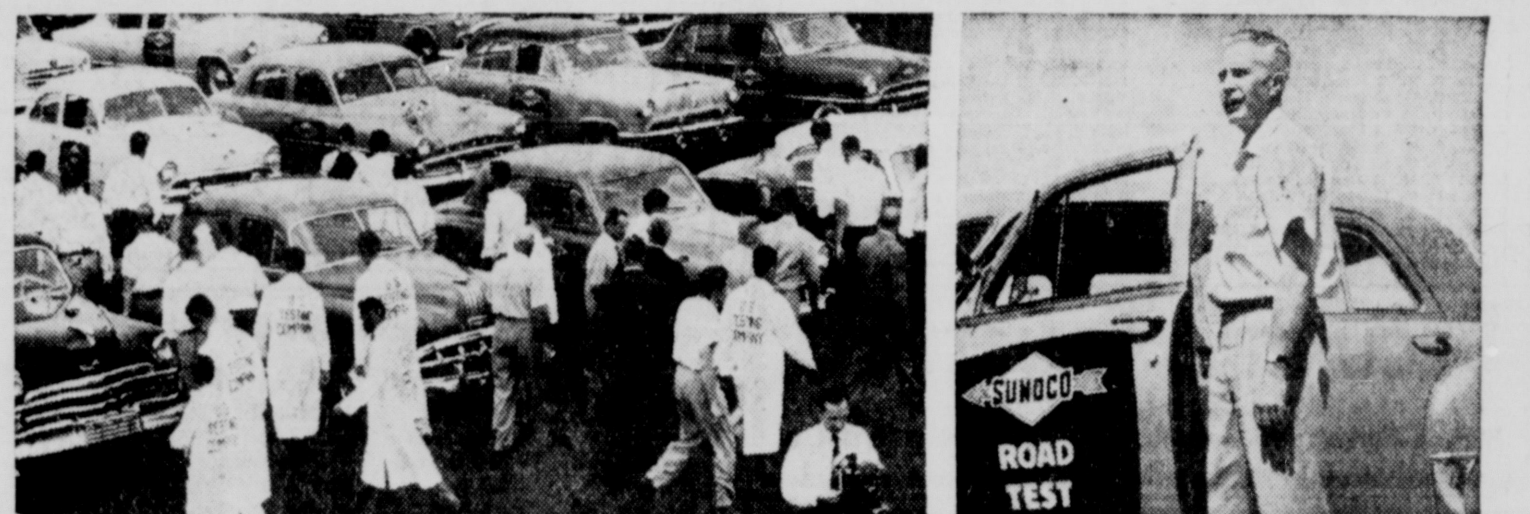

At his current pace, Caroline will pile up 1201 yards in nine games this season. Grange, in his 1923 Sophomore year with Illinois, ran for 1260 in six games.

Grange also scored 12 touchdowns in his first season. Caroline so far has darted for three.

Experts agree that off his showing in three games, Caroline is the best ball carrier since then Johnny Karras who in 1949 set a Big Ten rushing record of 732 yards in seven conference games. That mark was smashed by Wisconsin's Alan Ameche in 1951 with 774. Caroline's goal this season.

In three years, Grange rushed for 3637 yards and scored 31 touchdowns. Michigan's Tommy Harmon, a dozen years ago, carried the ball for 2134 yards in his collegiate career, averaging 5.3, and broke Grange's touchdown record with 33.

BOTH OF THESE all-time Midwest greats also picked up additional yardage by passing, 643 for Grange and 1399 for Harmon.

UNITED STATES TESTING COMPANY supervised entire test, proved that Blue Sunoco, at regular gas price, gave more miles per dollar. The 25 new and used cars tested were: Chevrolet (2), Ford (2), Plymouth (2), Buick (2), Pontiac, Oldsmobile, Dodge, Mercury, Nash, Studebaker, Chrysler (2), DeSoto, Cadillac (2), Packard, Hudson, Lincoln, Willys, Kaiser, Henry J.

TEST DRIVERS were employees of U. S. Testing Company. No driver knew brand names of gasolines being tested. Gasolines were bought directly from filling stations. Cars were driven at touring speeds.

"PICK-UP" TESTS revealed that High-Test Blue Sunoco matched the 15 gasolines which cost up to 3¢ more per gallon.

AFTER DAY'S RUN, U. S. Testing Company technician carefully checks gasoline remaining in tank. Blue Sunoco's amazing showing against 15 premium-priced brands is credited to Sunoco's one-grade, highest-quality policy. Make your own 10-gallon test and see for yourself the difference High-Test Blue Sunoco makes in miles per gallon. Ask your dealer what brands were tested.

Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

—From Gordon Istenes Collection.

Here's how the northwest corner of King and Penn streets looked before 1917, when Bell Telephone company put up the building that is standing there today. This house was that of Fred Rohland, veteran Pottstown bartender who died the past January. Trolley tracks then ran along King street.

Try and Stop Me

By BENNETT CERF

INTERESTING TYPO in—of all places—the ultra-dignified London Times: "It is supposed to use the fund to purchase new benches for St. James's Park as the present ones are in a very dilapidated state."

A German in the Western Zone of Berlin, suspecting that letters to his son in Warsaw were being read by Communist operatives, wrote in one: "I'm enclosing herewith a hair which will fall out no doubt if some censor opens the envelope." The son replied, "Stop your foolish worries. The hair was still there when your letter arrived." The German Westerner had all the information he wanted. He hadn't put a hair in the original letter.

"Richard, wake up!" wailed a bride of one year. "I hear burglars in the kitchen; they sound like they're eating my pies!" "So what?" yawned the husband. "As long as they don't die in the house!"

3 UF GROUPS GET SET FOR CAMPAIGN START

Hold Last - Minute Preparatory Meetings

Three United Fund committees held last minute meetings yesterday as the launching-date of the 1953 campaign drew nearer. The kickoff dinner will be next Monday at 6:30 p. m. at the YMCA. Meeting yesterday were the advance gift committee, the food and textile and general sections of the industrial division, and the residential division. The advance gift committee met at 12:30 p. m. at the Shuler house. Charles Wiley, chairman, presided and reported that some progress was being made in reaching the quota of \$90,000, \$15,000 more than the past year's goal. A final report on the committee's solicitations will be made at the kickoff banquet next Monday. Campaign chairman Howard Bartholomew was present at this committee meeting.

THE FOOD and textile and general sections of the industrial division met at 4 p. m. at the Firestone cafeteria. More than 20 plant managers, labor representatives and other key campaign figures attended. Robert Jeffries, chairman of the industrial division, stressed that each plant will run its own individual campaign. He stressed "budgeted giving" via the payroll deduction plan to enable the employee to give with as little trouble as possible. The standard contribution for food and textile workers was set at \$6 per employee while the standard figure for the general section was set at \$10 per employee. This division's quota has been set at \$21,000, an increase of \$7000 over the past year's.

MRS. MELVYN Ferre and Mrs. Sam Keiser, co-chairmen, presided at the meeting of the residential division at the Salvation Army headquarters last night at 8 o'clock. More than 100 team captains and workers are involved in this division. The ward captains were announced as follows: West Ward, Mrs. Robert Zarger; Second Ward, Mrs. George Weber; Third and Fourth, Louise Raymond; Fifth, Mrs. Mary Steele; Sixth, Mrs. Melvyn Umberger; Seventh, Mrs. William DeSot; Eighth, Mrs. Paul Gross; Ninth, Mrs. Hugh Craig; Tenth, Mrs. Louis Shoemaker.

The workers were briefed on their jobs and it was brought out that only those homes will be solicited where previous donations have not been made through the payroll plan. The residential division's quota is \$13,650, an increase of \$2673 over the past year's.

BOY KILLED IN SHOOTING
PITTSBURGH, Oct. 12 (AP)—A .22 caliber rifle slug killed 7-year-old Gary Callen today as he played in the upstairs of his home with a step-brother, Randy Frantz, 14. County detectives said the shooting was accidental.

form a jointure with Pottstown. "Some people think that a merger will destroy the individuality of the townships involved," Miss Matthews wrote. "I don't think it will. Although the school directors will meet together, that will not interfere with the other internal affairs of the townships."

MISS MATTHEWS pointed out that a joint high school could be a better-equipped one, providing more in the way of commercial and vocational training, and extra-curricular activity such as music, than could separate, smaller high schools. On the other side of the picture, she wrote, "The problem of transportation would be the chief disadvantage — especially for the students. For some, it would mean that they must leave home earlier and get home later."

"That might not be too inconvenient during school hours, but it would be difficult for students attending any evening activities at the school."

Highlights from the other winning essays were: FOR, Mrs. Pengelly: "The Pottsgroves rely on Pottstown for their main shopping district. It is only natural for them to go there for an education."

FOR, Mrs. Titanich: "Township school boards should consider facts and figures, not local pride and prejudice. Higher education is not a matter of locality but of a higher degree of understanding and co-operation for the greater good." AGAINST, Mrs. Lysinger: "It is agreed that the Pottstown schools are overcrowded and that the great population increase within the borough indicates that within a very few years, borough residents will need for themselves all their existing educational facilities."

AGAINST, Mrs. Strohl: "The students from Upper and Lower Pottsgrove already attend Pottstown High, and West Pottsgrove has a nice High School. I don't see any point in disrupting the students from Stowe. What is to become of the fairly new High school building in West Pottsgrove?"

Man 'Satisfactory' After 30-Foot Fall At Firestone Plant

A 22-year-old man fell an estimated 30 feet yesterday morning at the Firestone Tire and Rubber company plant, while working on the power plant project being done there by an outside contractor. Thomas Rhodes, Norristown, was taken by Good Will ambulance to Memorial hospital, where he was admitted with an ankle injury that may be a fracture, as well as back and head injuries and shock. His condition was listed as "satisfactory."

X-rays were made to determine if there were any fractures. "He was darn lucky," said a spokesman for the contracting firm of Day and Zimmermann incorporated, Philadelphia.

RHODES had been helping bricklayers on a patented metal scaffolding on an outside wall of the boiler house. What apparently happened, the spokesman said, was that he leaned back against a railing, and the railing broke.

The 22-year-old landed on the ground. Fellow-workmen covered him up but didn't move him, lest they aggravate his injuries. They called the ambulance.

The spokesman made the 30-foot distance estimate.

Kaiser Will Resume Henry J Production

DETROIT, Oct. 12 (AP)—Kaiser Motors corporation announced today it will resume production of Henry J passenger cars Oct. 26. Kaiser's big Willow Run plant here, where automobiles and Air Force cargo planes used to come off parallel assembly lines, has been shut down since June 29. The company's plane contracts were canceled by the Government. Kaiser did not say when it would resume production of its larger Kaiser model cars. The first employees will be called back Oct. 19, Kaiser said, but the number who will be back on the job a week later was not disclosed. There were about 4500 workers in the company's automotive division at the time of the shutdown.

streets being paved on the one-third, two-thirds plan there should be a big excess in the highway budget alone. It seems all other departments are remaining within their budgets.

Knause asserted, "I believe you realize Mr. Kohler the one-third, two-thirds plan has nothing to do with the money we'll have left, if any, in the highway budget."

Kohler asked Borough Manager Horace B. Gulden if there wouldn't be an excess in the highway budget. Gulden said, "I'll run pretty close."

REIFSNYDER asserted, "It's virtually impossible at this time to tell about taxes for next year." Kohler angrily snapped, "Well I should think we would have some indication by now whether taxes can be lowered as promised."

Knause closed the brief exchange, "No one would rather see a reduction than I would."

COUNCIL passed for first reading a sign ordinance, requested by Building Inspector Arthur S. Kepner and modeled after similar ordinances in Reading and Allentown.

Copies of the extensive ordinance will be presented to all councilmen before the next meeting for their study.

Federal Treasury Officer Will Address Kiwanians

A director of one of the United States Treasury's divisions will be guest speaker at the meeting of the Pottstown Kiwanis club tonight. The speaker will be J. Edward Bloesinger, State director of the savings division of the US Treasury.

The meeting will be held at the Senior High school cafeteria at 6:15 o'clock.

William H. Reifsnnyder, Sixth ward president of council, leaned toward Borough Manager Horace B. Gulden and said politely, "Mr. Gulden, you'll see that the chairman of police committee is notified and a meeting is scheduled in the next week."

Only a few motorists were arrested on drunken driving charges in recent years.

Burgess Griffith's \$1000 plan could mean as much as \$100 per examination, at the rate of ten sobriety tests per year.

In some years less than ten drivers were charged with drunken driving in the borough.

Home Rule Association Will Meet in Altoona

ALTOONA, Oct. 12 (AP)—The annual meeting of the Pennsylvania Home Rule association will be held in Altoona Oct. 21-22. A highlight of the program will be a "meet the press" session, during which a panel of seven newspapers editors and radio commentators will quiz President Thomas S. Stephenson on the Home Rule program. Robert W. Boyer, editor of the Altoona Tribune, will be a member of the panel.

The Home Rule program, Stephenson said, "would promote the greatest state and local road improvement program in Pennsylvania's history."

Boys' Work Program Of Optimists, YMCA Will Open Tonight

The Pottstown Optimist club, in conjunction with the YMCA, will open its annual Winter Boys' Work program tonight.

Registration for all boys who want to take part in the program will start at 7 o'clock tonight at the YMCA. To be eligible boys must be between the ages of eight and 15.

The program consists of a group of Junior Optimists clubs, which meet on Tuesdays from now until next May.

The clubs include woodshop, stamp collecting, photography, oratorical, crafts, and sports.

The past year, more than 100 youths took part in the classes.

TEACHING the various groups this year will be: woodshop, Thomas Hodge, Clyde Wary, Ivan Bortner; stamps, Richard Moore; photography, Gerald Fegley, Leonard Fegley, and Ray Meyers; oratorical, Ivan Bortner, Daniel Koons, the Rev. John Smoker; crafts, Dr. Walter Schell, Randolph Stoltzfus; sports, Peter Iltis; harmonica, Duncan Hunsberger.

Each group is run like a club, with its own officers, dues, rules, etc. Besides the instruction they receive in the field for which they register, the youngsters also learn how organizations run, as well as parliamentary procedure.

In charge of the whole program is Harold Eschbach, Optimist first vice-president in charge of boys work. Charles Fegley of the YMCA is that agency's man in charge.

Besides the parents, there survive these brothers and sisters: Donald, Richard, Joan and Henry Jr., all at home; also the maternal grandparents, Mr. and Mrs. Howard DeLong, Fourth avenue, Royersford.

Services will be held from the Schwenk funeral home, 124 West Philadelphia avenue, Boyertown, on Thursday at 2 p. m. The Rev. Wilmer C. Mantz, pastor of the Pennsylvania Reformed church, will officiate.

Interment will be made in the Pennsylvania Reformed cemetery.

FIRE COMPANY 2 TO ASK GIFTS

Donations Will Be Used To Purchase Better Equipment

The Upper Pottsgrove Fire company will solicit donations from the township's residents in the near future for the purpose of securing more and better equipment.

President Harold J. Rubright Jr. said last night that the company's first concern is making sure members know how to operate the apparatus on hand. No date has been set for the solicitation.

Discussion on the operation of fire-fighting apparatus highlighted a fire company meeting last night. Fourteen members attended and eight new members were accepted by the company. Ten names were proposed for membership in the group.

Rubright said the company also discussed the probability of the township adding a siren to the roof of the fire company building.

He said the company was promised this siren some time ago, and that members hope to get it soon.

The company also will get its truck ready for full service, Rubright said, as the company is planning a general improvement.

Board Candidates Talk Before Meeting Of Taxpayers' League

Two candidates for the Vincents Consolidated school board position to be voted upon in next month's election spoke informally last night before a meeting of the East Vincent Taxpayers' league.

Sixty-five persons attended the meeting, held in the Ridge fire house. Speakers were Paul Detwiler and Mrs. Vernon Styer, candidates for a board vacancy created by the decision of President Franklin Mower not to run again.

Both candidates stressed that their appearance was merely for the purpose of "getting better acquainted."

The league was formed about two years ago to hold down the cost of the consolidated school, on which construction then was about ready to start.

The school now is almost completed and an open house will be held in the near future, pending the date of final completion.

MEMBERS LAST NIGHT discussed the importance of a good Parent-Teacher association. They also talked over the zoning situation, using booklets mailed from Harrisburg for background.

A nominating committee was appointed for the naming of officers for election in January. Members are:

President Walter Clevestine, James Hewitt, Everett Wilson, Verna High and Mrs. Earl Weber.

Besides his parents he is survived by a sister, Sharon, at home; his paternal grandmother, Mrs. Mary Polischek, West High street, Stowe; and Mrs. Joseph Drulis, Homerville, Pa.

Private funeral services will be conducted at the convenience of the family from the Fleischmann Funeral home, 726 High street.

Interment will be in St. Aloysius new cemetery.

Services for ADAM D. GEISINGER, 455 HIGH STREET, were held yesterday afternoon at 2 o'clock from the Wilson funeral home, 711 North Franklin street.

The Rev. George A. Lineker, rector of Christ Episcopal church, officiated.

Interment was made in Pottstown East End cemetery.

Bearers were Adam W. Geisinger, Henry Geisinger, Bernard Kopicki and Harry Wilson.

Moose Conducts Service For National Director

Pottstown Loyal Order of Moose Lodge 369 last night held a memorial service for Malcolm R. Giles, director general of the National lodge, who died Sept. 29 near his home in Mooseheart, Ill.

Secretary George Rhoads gave a report on a district Moose meeting held Sunday in Lehighton. Plans were discussed for a district meeting in Pottstown Nov. 8.

The current membership campaign also was discussed.

About 20 members attended the meeting, which was presided over by Gov. Harry J. Wells.

Pumper, Ambulance Race To Norco Brush Blaze

Philadelphia Steam Fire Engine company's pumper answered a brief brush fire call near Laurel Locks turkey farm in North County township yesterday afternoon at 1:15 o'clock.

Edward Schetz, who drove the pumper, was aided by Robert Roth, who drove a Good Will ambulance there, North Coventry Police Chief Daniel W. Guldin directed the vehicles there over the winding roads.

Harry Hoffman, Pottstown RD 2, said he was burning brush along the road when a gust of wind sent it out of control, and he called firemen as a precaution.

SENTENCE DEFERRED

SCRANTON, Oct. 12 (AP)—Gilbert M. Cauley, 40, former assistant cashier of the Third National Bank and Trust company, pleaded guilty today to a charge of embezzling \$174,000 in bank funds and sentence was deferred indefinitely by US District Judge John W. Murphy.

Another in the series of beautiful homes that make Pottstown warm

—Mercury Staff Photo
Mr. and Mrs. Robert Fry moved into this home of theirs at 353 West Chestnut street only the past January but already they've done a lot of

work on it.

The house, part of Pottsgrove manor, was built by F. A. Collins. The Frys have planted two maple trees and intend to have another go at

the lawn, which the past summer's weird weather hurt.

They've also put a fence up in the back, repainted the kitchen, repainted the hall and insulated the attic.

Eventually, they plan to have two bedrooms in the unfinished attic and make a downstairs bedroom into a den. Fry is an inspector for Doehler-Jarvis division.

County Agents Hold Business Sessions, Plan Tour Today

Montgomery and other Pennsylvania counties were well represented yesterday at the first business session of the 38th annual convention of the National Association of County Agricultural Agents in Philadelphia, according to County Agent R. G. Waltz.

Waltz and Marion R. Deppen, assistant county agent, were delegates from Montgomery county. Attending also from this county was Mrs. Waltz. From Berks county were County Agent James F. Haldeman, former assistant agent in Montgomery and Harry Shaffer, assistant agent.

County Agent Waltz said plans were completed for the tour by bus arranged for all agents and guests today through Valley Forge, into Lancaster county, and returning through Chester county.

Waltz and J. D. Hutchison, Luzerne agent, of Wilkes-Barre, are in charge. Enroute they will see some of Montgomery's agriculture. Pennsylvania county agents will be stationed on each of the 30 buses to call attention to points of interest along the route.

CHARLES WILEY, president of the board of directors of Memorial hospital, turns over the first spadeful of dirt yesterday as work on the new hospital wing got under way. At left is Paul Sidley, chairman of the building committee, and at right, Albert Pollick, hospital administrator. The addition will cost \$143,687.

M. IRENE BOYER —

ceive that many pieces of mail.

Miss Boyer was a great letter-writer herself, even after she passed her 88th birthday the past April 12. A reply to one of her letters that she valued highly came from Mrs. Dwight D. Eisenhower the past winter.

The elderly school teacher had sent her best wishes to the new President and First Lady, accompanying them with some of the down-to-earth religious philosophy of which she was fond. Mrs. Eisenhower responded with a personally signed note.

WHILE MISS Boyer's name, in the minds of many other Pottstown residents, is linked most strongly to the King's Daughters and its successful fund-raising drive of the late 1880's to give the borough its first hospital, she also set near-records for teaching service in Pottstown.

She was a public school teacher from 1887 to 1934.

"There wasn't a failure among my boys," she remarked afterward. "Everyone was a success in his own way."

In addition to her school teaching, she also was well known as a Sunday school teacher. The past Sept. 26, the Rev. Maurice E. Hoover, pastor of Searles Memorial Methodist church, presented her with a booklet for the Sunday school for completion of 57 years as a Sunday school teacher.

(Her career began before Searles was built, at the old Fifth Street Methodist church, out of which the Searles church grew.)

Miss Boyer also was teacher of the Berean Bible class for 41 years and held many offices in Searles church. In recent years, she was an honorary member of the official board of Searles church.

BORN IN Pottstown in 1867, she lived in only two houses during the first 83 years of her life—at 255 Chestnut street, then at 227 Beech street.

Illness kept her from being graduated from Pottstown High school before she was 20 years old. After she was graduated, she

began teaching almost immediately, in a two-room school at Fourth and State streets.

In the next 47 years, she taught in several Pottstown schools, but Washington school was the one she remembered best.

She retired in 1934, feeling a way should be made for younger teachers. She continued her church and King's Daughters activities until September of 1950, when she collapsed from weakness of the spine and began her long siege in bed.

Early in this siege, physicians told her she never would be able to walk again.

"But I'm going to fool my doctor," she said as long as a year after she was told this "I'm going to walk."

ALTHOUGH Miss Boyer was possibly the best known of the first members of the King's Daughters, she was not a charter member.

She joined the organization three months after it was founded.

She more than made up for her late-coming by her zeal in helping lead the fund-raising drive for the hospital. To build the hospital, the King's Daughters had to match the offer of \$25,000 from a wealthy Philadelphia.

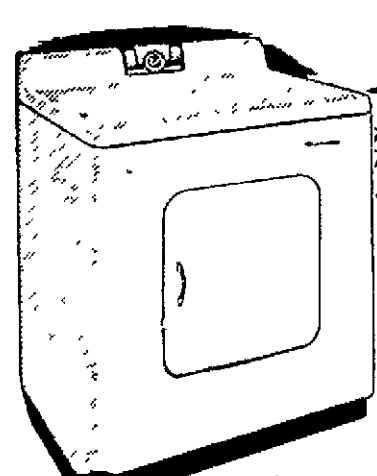

The relatively small society raised the money—a huge sum in those days—with a series of fairs, festivals and solicitations.

Miss Boyer's closest survivors are a nephew and several cousins. Services will be held Thursday at 2 p. m. in Searles Memorial Methodist church. Officiating will be the Rev. Hoover and the Rev. Maurice F. Montgomery, former pastor, now pastor of Tremont Methodist church. Interment will be made in Mt. Zion cemetery.

Ground Is Broken, Job Starts on New Hospital Addition

Ground was broken yesterday afternoon for the start of the construction of a new wing for Memorial hospital.

Turning over the first spadeful in formal ceremonies was Charles Wiley, president of the board of directors.

Work on the project already has started, Albert Pollick, administrator, said last night.

Pollick explained that formal ground-breaking ceremonies were not held because "we didn't want to delay the workers any. We want to take advantage of all the fine weather we can."

The wing will cost a total of \$143,687.

THE NEW structure will house eight rooms, each containing two beds, and an isolation suite of two rooms, holding one bed each.

The structure will be a one-story affair and is being so designed that it is capable of supporting two additional floors.

The architect for the job is George Scott, Eastern Engineering company, Reading, and the Burke Construction company, Reading, will be the general contractor.

Lawrence Hart and Son of Pottstown was awarded the plumbing and drainage contract; heating and ventilation will be done by John W. Yoder; electrical work by the H and R company, Pottstown.

The hospital board's original estimate of the cost of the project was \$125,000. That figure was boosted later, however, when the board decided to have the new south wing air-conditioned.

read alert a week ago. The fire company sent its engines to Mont Clare and Oaks during the alert, he added.

Twenty members attended last night's meeting and approved the installation of seven storm windows in the fire building. The work already has been completed.

Two new members were accepted.

HOT CHASE —

(Continued From Page One)

Coventryville and his left knee bruised as he fell to the ground by Welch's car, Conway said.

He said that Welch stopped but when Freese got up and limped around, the driver of the car turned off his lights and sped away toward Knaughtown.

Bishop was sitting in his own car nearby and decided to give chase, the officer explained.

Bishop told Conway that he lost control of his car when a hind tire blew out on a curve a half-mile east of Knaughtown.

Residents of the area called the Good Will ambulance and Bishop was taken to the hospital by driver William Tosto.

At the hospital, attendants said 12 stitches were taken in Bishop's right leg, two in his right ankle and three in his left hand. His condition was "good" late last night—but X-rays of the leg will be taken today.

While Conway was investigating the accident, Welch returned to the scene and was questioned by him.

Conway said that Welch admitted hitting Freese and was taken into custody for failing to stop and render assistance to the bicyclist.

Conway took Welch to W. S. Symons, South Coventry justice of the peace, where bail was fixed at \$500 for appearance at a hearing this morning.

When Welch was unable to furnish bail, he was lodged in the Pottstown jail overnight.

Broken Fuse, Stray Tools — Where's the Fire?

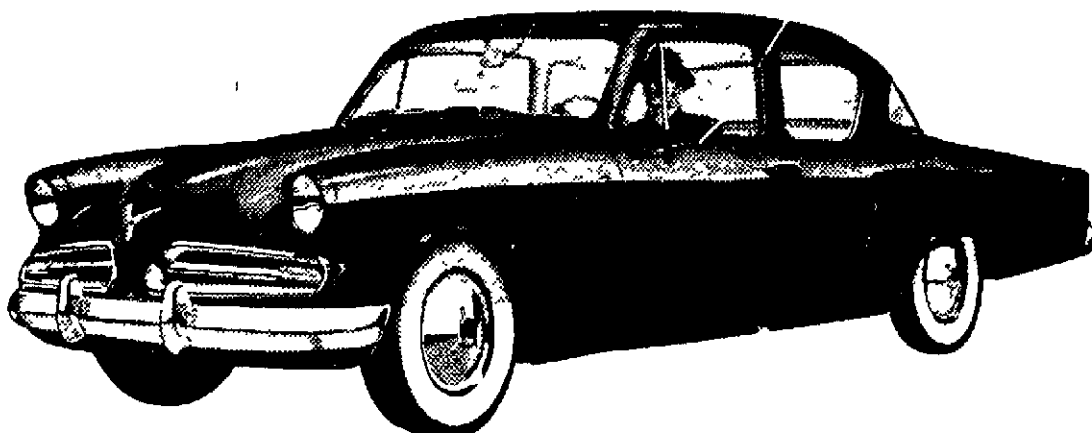

A broken fuse, then a short circuit that developed from the fuse trouble, caused stray toolings of the borough fire horn atop borough hall yesterday, it was reported by police and Edward Borowy, general maintenance man.

The horn sounded at 8:28 a. m. and at 1:05 and 3:05 p. m. the last two toolings being of long enough duration to start the usual flow of 'phone calls to borough hall, "Where's the fire?"

YMCA TEAMS CONGRATULATED ON 'FINE WORK'

Record Set in Drive For Members, Funds

Pottstown YMCA membership drive teams last night were congratulated for their "fine work in bringing in more members and money than ever before, despite the handicap of having fewer workers."

The occasion was the closing of a month-long campaign, during which time 837 members were registered and \$21,228 collected. Both figures are record campaign highs for the YMCA.

Thirty-five persons attended a dinner-meeting in the YMCA, at which time Charles S. Nagle, YMCA president, congratulated the teams and added:

"It is an achievement to be proud of, and the board of directors is deeply grateful. It was especially inspiring to see so many of our oldtimers working with undiminished spirit during the campaign."

THE PAST year, 793 members and \$20,192 were registered by the membership teams. Prior to this year, the most members signed in one campaign was the 815 in 1950. The most money previously collected was during the year.

A six-team membership contest was held, with each team representing a railroad Engineers, or captains, were

Richard Ludwick and Thomas Storm 2d, Benjamin Longaker and David Mauger, Thomas McCaslin 3d and John McCaslin, Harold Glenney and Harry Lord, Robert P. Smith and Paul Feight.

Tickets to University of Pennsylvania football games were given to members who brought in most new members.

J. R. Sotter, general chairman, presided at the meeting. Dinner was served by the YMCA Women's auxiliary, under the direction of Mrs. Linwood Decker.

Rittenbaugh Is Sentenced to Two Years In Jail on 3 Charges Made by Army

A 19-year-old soldier, who broke out of the prison ward in Valley Forge Army hospital, then barricaded himself in the attic of his Pottstown RD 2 house, has been sentenced to two years in prison. This was reported yesterday by the Second Army Public Information office at Ft. Meade, Md., where he was sentenced following a court-martial the past week.

His barricading attempt the past Aug. 14 ended in failure when a score of military, State and local police finally drove him out with tear gas after he had held them off for nearly two hours with a rifle.

He had been in the hospital's prison ward on AWOL charges.

AT THE court martial, a charge of desertion was dropped, but he was convicted on three other charges, being AWOL, escaping confinement and resisting arrest.

In addition to the prison term, he was sentenced to forfeit all his pay and allowances and to receive a dishonorable discharge.

Until his case is reviewed by the Second Army judge advocate general, the place where he will serve the term will not be chosen.

The youth had been picked up on the desertion charge the past July 14 after he said he had, accidentally shot himself in the foot with a rifle at his home.

When he was taken to Pottstown hospital, authorities there notified North Coventry Police Chief Daniel W. Guldin, who recalled that Rittenbaugh was sought by the Army.

Before a cricket fight in China, the contestants are weighed in by their handlers and classified as heavy, middle or lightweights.

Seven Girls Honored At Church Service

Seven girls of the chapel choir of Royersford Grace Lutheran congregation were honored for faithful service on Sunday morning. The young folks were commended by the Rev. Paul J. Henry, pastor, for their service to the church and to the Lord. Each one was presented with a pin with the word "choir" under a gold cross set in a blue field.

The girls began their work while in the Tenth grade of the High school and became eligible for membership in the senior choir of the church. Those honored were Dorothy and Marie Fischer, Jane Heiser, Donna Herbst, Georgia Kishbaugh, Sandra Schadt and Patricia Toepel.

Christian Service Society Will Meet

CLASS ELECTS CLUB OFFICERS

Groups Given Projects On Study of Planets

By JOHN BROWN
During the first week of school Fifth grade class elected club officers. They were:

Suzanne O'Keefe, president; Patricia Cisk, vice president; Walter Swavely, secretary; Gail Becker, treasurer.

Each Friday a class meeting is held and a program carried out. At the present the class is working on a Halloween party.

One of the other projects on which the class is working is a study of the age of the earth. Several different groups are carrying out selected projects. One group is selecting various types of rocks and are finding their scientific name, another group is classifying them into basic types. Still another group is studying the sun and our planet.

The class also has painted two murals, one depicting an Autumn field, and one which presents the earth at the time of the dinosaurs.

IN SCIENCE CLASS they are studying magnetism and each has made a magnet. They also have performed several experiments with magnets.

Second Grade Class Completes 1st Month In Norco School

By NANCY ANN SPOTTS
Mrs. Stauffer's Second grade has just completed the first month of school for this year.

It was a very happy month because everything was strange and new. As a result, the children were all interested.

They have been reviewing some First grade reading material in order to be better prepared for our Second grade readers.

They also have a new number book this year which they like very much.

The children also have a lot of fun playing word games. They have just learned a new game called "Wreck Train." The children all try to be "express trains" and not "wreck trains." The wreck trains are the ones who do not recognize the words as we play the game.

THE FOLLOWING children had birthdays since school began: Donald Brover, Susan Banus, Kathryn Miller, Kay Phillips, Susan Kline, Thomas Leinbach.

October will be a very joyful month because besides our regular work, we bring or make Halloween decorations for our room. This is in preparation for a Halloween party.

Teacher's Nephew Shows Color Film Of Journey to Mexico City and Cuba

By MARY RUTH HAHN
The Sixth grade of Mrs. Anna Hahn's room had a pleasant surprise when her nephew, Jacob Malenke, visited the room. Malenke, recently returned from a trip around the world and showed his colored moving pictures to the class.

As the grade is in the midst of a unit on Mexico, he took the group on a film trip down the Pan American highway to Mexico City and then via airplane to Yucatan and Cuba, explaining points of interest along the way.

The complete process of making rope from the henequin plant on the Yucatan Peninsula was shown. Samples of the rope in various stages were examined by the boys and girls. A multi-colored serape, carved knife, a lace mantilla and other exhibits of the Mexican handicrafts were shown.

The other Sixth grade, taught by Mrs. Moyer, was invited to hear the travelogue.

GARY KERCHNER, who has been in the Pottstown hospital for the past three weeks is much improved. He reports that the many "get well wishes" have helped and are appreciated.

Stephen Torak was elected class president. James Stauffer and Caroline Moses were appointed

Science Is Studied By Busy Pupils

By JULIA I. BENTZ

The pupils are busily engaged in doing perspective lessons. Their new subject this year, science, is one that has proved very interesting to all of them.

They particularly are fond of reading and performing the experiments pertaining to the subject.

History and geography to them are likewise new and entertaining. We are located in a new room this year, which was formerly the health room and now converted into a very attractive classroom.

The room is beautifully decorated with drawings of Fall leaves finished in all the Fall colors and also finger paintings of the scenes of trees and landscapes. The interesting lessons and attractive room lends a cheery spirit to all.

Settlement of Nation Discussed by Pupils

By ELIZABETH ANN CLARK

The Fourth grade class, taught by Mrs. Reis, has been busily collecting things that come from the different states in our country. They have been reading and talking about our country's discovery and settlement.

This week they all enjoyed seeing a movie which told the story of the first settlers in America. Now they know what kind of people helped to build the wonderful land of America that we all know today.

Second Grade Begins Halloween Decorating

By BARBARA BUCKWALTER

The Second grade has been studying about Autumn and the changes Autumn makes in our environment. The pupils have been bringing in specimens about which we have been talking.

The children are now beginning to get excited about Halloween and so we have begun decorating our room with pumpkins, cats and bats.

WONDER BREAD

Made With Even Better Quality Protein Flour To Give You A Better Loaf Of Bread

Surveys Show 1 Out Of 2 Children Fail To Get The Recommended Amounts Of Food-Energy For Normal Weight And Growth Gains.

In Just 7 Days Start Your Child Growing Again With Wonder Bread!

The Bread That Helps Build Strong Bodies 8 Ways!

Note How Wonder Bread Compares With Meat, Milk, Fish And Eggs—See Chart Children Go For Wonder Bread Because Doubly Fresh

An average boy of 10 should gain about 6 pounds in one year. Which is at the rate of 1/2 pound per month; or less than 2 ounces each week.

But any time your child fails to gain puts her or him that far behind.

Why Lack of Food-Energy Causes Weight and Growth Loss Carbohydrate and fat supply food-energy. Protein supplies the "building blocks" of growth.

Now Nature cannot use carbohydrate and fat alone for growth, but it can use protein for energy. Thus, when your child fails to get enough carbohydrate and fat food-energy, Nature uses the protein for food-energy instead of growth.

The result: Your child's growth is stunted.

Wonder Bread Helps Your Child Grow Bigger and Stronger 8 Ways

A well-balanced diet calls for meat, milk, eggs, fruit and both yellow and green-loaded vegetables. And carbohydrate food for energy. Like Wonder Bread.

Because not only does Wonder Bread supply food-energy but protein. Study the chart and see how Wonder Bread helps build bigger and stronger bodies 8 ways.

To encourage your child to eat a well-balanced diet and 8 slices of Wonder Bread each day, show him or her this ad. Because it shows how any boy or girl can grow bigger and stronger 8 ways—which is what they want to excel in their favorite sports.

Measure your child in the doorway. Make a pencil mark now. Then in 3 months and 6 months—watch the mark shoot up!

O'Connor, Kuzmeh Are 'Taking It Easy,' Preparing for Duty

Pottstown area's two ex-prisoners-of-war have been taking it easy since they've been back home.

Capt. Joseph O'Connor, Pottstown RD 4, and Lt. Frank Kuzmeh, Gilbertsville, have been using their days to rest, meet old friends, and renew acquaintances.

Capt. O'Connor had to spend about a week in and out of Valley Forge Army hospital for various tests and checkups but he completed his last one over the weekend and was pronounced fit as a fiddle.

Now he's starting 30 days convalescent leave.

Lt. Kuzmeh decided to "hit the road" the past week.

Accompanied by his brother Chester, who flew down from Alaska when his younger brother reached the United States, the lieutenant is driving down to Florida to visit a sister, Mary.

After a few days with her, the two brothers will drive to Austin, Tex., to visit another sister, Sophie. Then the two will return to the Congo road home of their parents, Mr. and Mrs. John Kuzmeh.

When the two officers report back for duty, in about a month, they'll have their choice of assignments, reward for the 1700 days they spent in Korean prison camps.

Capt. O'Connor was captured in the Fall of 1950 and Kuzmeh was shot down a year later.

42 Local Residents Will Dine With Ike At Hershey Tonight

The final tally shows that 42 tickets to President Eisenhower's \$100-a-plate birthday party in Hershey tonight have been sold in Pottstown.

Many of the Pottstonians taking in the huge Republican rally will ride the special Reading company train, scheduled to leave Pottstown at 3:38 p. m.

Among those who bought tickets were William O'Donnell, William Pollock, William M. Hiestler, Thomas McCaslin, Gordon Astheimer, Floyd Sisto, Robert Jeffries, William Boden, C. Edmund Wells, Whitney Kerchner, Harry Hershey and William Baolton.

Another 50 Pottstonians will be on hand for the big event, however, since the Pottstown band has been chosen to provide music for the gala occasion.

Serving on the local ticket committee are William Boden, C. Edmund Wells and Whitney Kerchner.

Army Pays \$30,000 For AWOL Private

FORT CAMPBELL, Ky., Oct. 12 (AP)—Pvt. Glen Mowdy, upon whom the Army says it has spent more than \$30,000, was confined in the stockade here today.

Mowdy arrived under guard from Portland, Ore.

The soldier disappeared from Fort Campbell Aug. 7 and was believed drowned. A battalion of soldiers, aided by aircraft, searched for his body around Kentucky lake.

Army spokesmen estimated the "rescue" operations cost about \$30,000.

But Mowdy wasn't in the lake. He turned up in Oklahoma City, posing, the Army said, as an orphaned football star in search of a team. Several coaches were interested until they found out he was an AWOL soldier.

The Army sent two guards to Oklahoma City to return Mowdy to Fort Campbell, but he eluded them by jumping train at Oak Grove, Ark. Then he went to Portland to visit his mother. She turned him in.

Fort Campbell authorities said his trial date has not been set. They added he owes the Government \$807.06—the cost of returning him to camp.

Wilmerding Man Heads Electrical Workers

EMPORIUM, Oct. 12 (AP)—The president-elect of unaffiliated United Electrical Workers, District 6, is Dan Marguriet, of Wilmerding.

He succeeds Stanley J. Loney, whom he defeated in the annual election here yesterday.

Also elected on the slate headed by Marguriet were Paul Clark, of Derry, vice president, and John Nelson of Erie, secretary-treasurer.

POTTSTOWN Airplane Owners and Pilots and Civil Air Patrol members beam with anticipation in this picture taken as they arrived at Dover Air Force base, Dover, Del. on Sunday morning. The two local groups joined forces for the breakfast flight to Dover, where they watched Air Force sabre jet fighters per-

form. They also toured the hangars and shops at the field. They were the first civilian flight to visit the field, the commanding officer told them. Over 50 pilots and friends took part in the flight, traveling in 17 planes. Except for light haze, the flying was ideal, they reported.

DUMP FIRE —

(Continued From Page One)

I guess you all know why we're here. We firemen feel we have done our part in controlling fire at the dump.

"We feel the dump is not being properly managed. We believe there should be a reliable man there to watch the dump. It's now gotten to the point where we can't get firemen to go down there.

"We paid firemen must go, but what can four firemen do in a spreading fire like that?"

Roth reported, "In the past 15 months, firemen have made 15 trips to the dump and spent 85 hours fighting fires there. Our company alone has made ten calls.

"We know dumps catch on fire. But most of the time those fires are not necessary. Our fellows are pretty fed up with the situation.

"If you've ever been there when the dump's on fire you'd know why men get sick. You have to brush the cockroaches off your sleeves and battle the rats.

"The odor is about as bad as anything you've ever smelled. After a couple hours there you come back to the fire hall with your clothes stinking and you're sick.

"He (Woodley) made a statement that he would furnish six men to fight the dump fire, but that's a complete lie.

"I walked over to Woodley and asked him to put his bulldozer to work. That's the only way you could control this. He said nothing. In the heat of the argument he accused firemen of being guys who'd take food out of little children's mouths.

"I claim the dump is not properly maintained. After we use a pump 200 hours it must be overhauled and an overhaul job is worth \$1000. I don't see why we should pay for the negligence of someone else."

RALPH L. WEIS, Fifth ward chairman of fire committee, demanded angrily, "Wasn't there an agreement between the borough and Woodley last Summer. Didn't we agree to install pipes there and provide a pump for Woodley to fight fires?"

Borough Manager Horace B. Gulden asserted, "That was about July. The health and sanitation committee decided a pump and some pipe should be provided. If there's any negligence on that, it's mine. I've been here 15 months and when I came here there was a fire on the dump, but I don't remember firemen making 15 calls there."

Roth asserted, "If you want the dates and times I can produce them tomorrow."

Paul P. Kohler, Second ward, said, "I think this is a matter which should be thrashed over by the health and sanitation and fire committees and I think it should be done within a week."

J. Wayne Knause, Seventh ward, said, "When I was contacted last week by the Bethlehem Steel company office on the dump fire, I took it on myself to call Mr. Lindauer before the condition there was very bad. I asked him to send the firemen down there. As to the

cost I told him that would be decided later.

"I think all members of the sanitation committee should go down there. I'm not criticizing the way the dump has been handled because I don't know enough about that.

"But I think we should put our own house in order and get the proper equipment down there, and then if there's any trouble we will know who to pin the blame on."

JOHN S. Frain, Fifth ward chairman of health and sanitation committee, asserted angrily, "I believe that was the recommendation a long time ago.

"When we make a decision on these things I believe the borough manager should carry out the decision."

William B. Twaddell, Fourth ward, asked, "Didn't we have a pump there not so very long ago?"

Gulden said, "Yes, there was a pump there. It was removed when they were working on the secondary sewage disposal plant. I've tried to get it repaired, but it won't work.

"If council wants to let me go ahead with the project I estimate it will cost approximately \$500 to get a pump to handle the job."

GUSTAV H. Schade Jr., Ninth ward, asked that council act immediately on the purchase of a pump to avoid delay in correcting the condition of the dump.

On the motion of Stanley Zawaski, Fourth ward, council voted unanimously to purchase the pump. Reifsnnyder then pleaded with all committee members and responsible officials to attend the meeting next Tuesday.

Knause asked the health and sanitation committee to give "thought and consideration" to an incinerator system to get rid of borough trash and garbage.

W. Mark Henricks, Tenth ward, asserted, "I would like to agree with Mr. Knause. Some time ago I made that suggestion and no one would listen to me."

Zawaski threw some light and probably some water on the incinerator suggestion when he estimated cost of an incinerator for the borough would be "a half million dollars."

Twaddell then suggested some thought be given to separation of trash and garbage. He explained, "I understand a number of boroughs are hauling their garbage collections that way."

The Fourth ward councilman complained garbage at 455½ South street hasn't been collected for the past two months.

Cattle Judging Scheduled By Area FFA Groups

Future Farmers of America from North Coventry, Royersford and Warwick High schools will take part in judging trials of the milking short-horn herd of cattle at Rock Run farm, Pottstown RD 2, on Thursday at 12:30 p. m.

On hand will be John Sparkman, field man for the American Milking Short-Horn association. Herd owner is Miles Davidson.

TWADDELL VOTED —

(Continued From Page One)

tacted by Strange before council convened. There was no committee meeting during the past month.

Reifsnnyder said, "I think, Mr. Twaddell, it would be better to see the head of police committee first."

Twaddell, with evident surprise, said, "I don't see why I have to report to the committee. What about it, Mr. Solicitor?"

Solicitor C. Edmund Wells, asserted, "Anyone can bring up an amendment on the floor of council."

Gustav H. Schade Jr., Ninth ward, asked Twaddell the reason for his request of the increase.

The tall Fourth ward councilman, explained, "This man's time is taken up considerably by the job. He saves the borough \$750 each year by his work. He had to go to school two years to qualify for the job."

Knause added, "However justified the cause may be I think it first should have been submitted to the committee."

WILBERT O'Dell, Eighth ward, said, "On the surface it seems to be a commendable suggestion. I think in order for it to get the proper support it should go to the committee."

Reifsnnyder said, "If there's no further comment then we'll have voice vote."

Paul P. Kohler, Second ward, demanded a roll call vote.

The amendment was defeated 10 to 6.

Warren Endy, Second ward, qualified his "no" vote with the explanation, "I'm in favor of the increase, but it should go to the committee first."

C. Raymond Eppehimer, Seventh ward, voted "no" and then said, "I think it should go through the committee first."

John S. Frain, Fifth ward, voted "no" and added, "It must go to the committee as far as I'm concerned."

Charles S. Grubb, Ninth ward, gave the first "yes" vote.

W. Mark Henricks, Tenth ward, explained, "I'm not voting. What's the use?"

Twaddell at this point belligerently interrupted the roll call. He snapped, "I've sat in this council for almost eight years. I have never heard of an amendment

going back to the committee."

When Secretary William S. Shaeffer resumed roll call Edward H. Hunnicutt, Eighth ward, voted "no" and explained, "I don't think this is the proper policy."

Ernest Hurter, Sixth ward, voted "no" for the "same reason."

Knause voted "no" with a similar explanation.

Kohler added after his "yes" vote, "I think all the gentlemen who voted 'no' narrowly are not interested in the real essence of the amendment. They're worried about a matter of procedure where a principle is involved."

Lawler, Twaddell and Zawaski voted "yes" with no comment. O'Dell, Reifsnnyder, Paul I. Romig, West ward; Schade voted "no" with no explanation.

KOHLER moved the amendment be referred to police committee for additional study.

Zawaski asked Knause, chairman of finance committee, to demand a reduction of street lighting costs in the Fourth ward from the Philadelphia Electric company.

He charged lights are "very poor" in the ward.

Schade asked for a survey of all lights in the borough to determine present and future needs.

The lighting problem was referred to the highway-sewer committee.

Hurter referred the "deplorable and hazardous" condition of south Keim street to the highway committee.

Borough Manager Horace B. Gulden reported 85 percent of curbing on North State as completed. He has asked the State highway department when promised work on the street will get underway.

He has not received a reply.

Romig, chairman of building

committee, requested an exception to the building code so Pottsgrove manor can build a wooden shingle roof on the tenant house of the historic property.

The request was made to replace the roof in its original form. Under borough law wooden shingles are not legal.

Gulden reported a notice had been sent to Samuel Porter, owner of Loomcraft Frocks incorporated, Penn and Third streets, on the firm's violation of the borough smoke ordinance.

EPPEHIMER reported on the water committee session at which a contract for a new 500,000-gallon water tank was awarded to the Chicago Bridge and Iron company, on a low bid of \$97,630.

Council approved an ordinance to vacate a portion of North Washington street across Junior High school property.

The Good Will Fire company was exempted from real estate tax on a 30-foot strip adjacent to their High street property.

A resolution calling for no parking on Queen street from Moser road to Sunset drive, two-hour parking on the east side of Moser road, from High to Queen streets was unanimously approved.

Members approved the paving of North Franklin street from East to Wilson streets, a 473-foot project.

Schaeffer reported \$10.19 in "gas" receipts from Manager John J. Basco of Pottstown Municipal airport. Kohler requested the report.

Endy said, "He doesn't sell much 'gas,' does he?"

Archery Hunter Bags Two-Point Buck On Opening Day

A member of a Pottstown area sportsmen's club knocked down a two-point buck 20 minutes after the season on deer opened yesterday for bow and arrow hunters.

The archer, Daniel A. Paciello, Ambler, is a member of the Perkiomen Valley Sportsmen's club, Collegeville.

He killed the 120-pound deer near Hills Grove, Sullivan county, at 7:20 a. m.

Paciello was one of more than 8000 bow and arrow hunters who took to the woods yesterday on opening day of the two-week-long season.

TWO OTHERS from the same club who live in Pottstown didn't fare so well, however. They're a husband and wife team, too.

Mr. and Mrs. William Taglieber (she's Ruth) hunted the Pruss Hill area yesterday but didn't catch a glimpse of the antlered animal.

Taglieber, who's a veteran at shooting the deer with a rifle, only started shooting with the feathered shafts the past January.

His wife took up the age-old sport at the same time.

Not discouraged, the local couple plan to go out several more times this week for a chance at a shot.

Meeting Put Off By Flagg Union

There will be no meeting of Flagg Local 2326, USW-CIO today, the regular meeting date.

A union official explained last night, "We haven't had a meeting since July. We were told then by the membership not to call another meeting until we could come back with a better offer. We haven't gotten an improved offer and that's why there have been no meetings in August and September."

Eight-hundred workers went on strike at the sprawling plant this past Aug. 1.

Despite three meetings between company and union officials and a representative of the State conciliation service, the strike has continued.
